PART 1 PERCEPTUAL DEVELOPMENT

Introduction *Alan Slater* 3

1. Development of Basic Visual Functions 7
Janette Atkinson and Oliver Braddick
 - Introduction 7
 - Pick-up of Basic Visual Information 8
 - Development of Selectively Sensitive Visual Channels 12
 - Indicators of Visual Cortical Function 18
 - Development of Binocularity 20
 - Oculomotor and Attentional Control 21
 - Plasticity and Abnormal Visual Development 24
 - Some Unanswered Questions 29
 - Glossary 32
 - References 36
2. Visual Memory and Perception in Early Infancy 43
Alan Slater
 - Introduction 43
 - The New-born Baby's Window on the World 44

CONTENTS

Preparedness for Visual Perception	45
Visual Activity and Memory at Birth	47
Neural Mechanisms Underlying Early Visual Capacities	50
Locus of Habituation in the New-born	50
Persistence of Visual Memory	51
Orientation Selectivity	52
Perception of Form	53
Static or Dynamic Stimuli?	57
Perception of Visual Space	58
Movement Perception	59
The Visual Constancies	60
Perception of Faces	64
Conclusions	67
References	69

3. Events and Encounters in Infant Perception 73

George Butterworth

Introduction	73
Dynamic Approaches to Perception	73
Events in Infant Perception	74
Biological Motion	76
Intersensory Events	78
Encounters in Infant Perception	79
Conclusions	81
References	82

4. The Perceptual World of the New-born Child 85

Tom Bower

Introduction	85
The Sonic Guide	86
New-born Reaching	89
New-born Imitation	90
Perception of "Pure" Human Movement	91
Conclusions	94
References	95

PART 2 COGNITIVE DEVELOPMENT

Introduction *Gavin Bremner* 99

5. Object Permanence in Infancy 103

Paul Harris

Introduction	103
The Object Hidden by a Screen	106
Search under a Cloth	112

Conclusions	119	
References	120	
6. Development of Spatial Awareness in Infancy	123	
<i>Gavin Bremner</i>		
Introduction: Piaget, Objects, and Space	123	
Position Coding and Spatial Orientation	124	
Active Movement, Postural Control, and Spatial Orientation	132	
Conclusion: A Model of Spatial Development	137	
References	140	
7. Development of Problem-solving in Infancy	143	
<i>Peter Willatts</i>		
Problem-solving Behaviour	143	
Problem-solving Strategies	145	
Piaget's Theory	148	
Problems with Piaget's Theory	153	
Developmental Influences on Problem-Solving	168	
Conclusions	175	
References	177	
PART 3 SOCIAL INTERACTION, EARLY LANGUAGE, AND EMOTION		
Introduction	<i>Gavin Bremner and Alan Slater</i>	185
8. Early Social Development	189	
<i>Rudolph Schaffer</i>		
Introduction	189	
Some Conceptual Guidelines	190	
Social Pre-adaptation	192	
The Changing Nature of Social Interaction	194	
Attachment	200	
The Respective Roles of Infant and Parent	206	
References	208	
9. Early Language Development	211	
<i>Martyn Barrett</i>		
Introduction	211	
The First Words of the Infant	212	
Linguistic Developments during the Period of Single-word Speech	217	
Lexical Development in the Single-word Period	218	
Pragmatic Development in the Single-word Period	226	
The Transition to Two-word Speech	230	

Conclusions	238
References	238

10. The Social Structuring of Infant Cognition 243
Andrew Lock, Valerie Service, Alfredo Brito, and Penelope Chandler

Introduction	243
A Social Constructivist Approach to Development	244
A Little History	248
Developing a Social Perspective on Language Development	251
The Interactive Foundations of Imitation and Analysis	254
Interaction and the Development of Language and Cognition	258
Discussion	265
References	271

11. Linking Emotion and Thinking in Infant Development: A Psychoanalytic Perspective 273
Cathy Urwin

Introduction	273
Psychoanalysis and Thinking: Freud	275
Melanie Kline and Infant Development	277
Two Case Studies	284
Discussion	293
References	298
