Preface	xi
Chapter 1 Intellectual and Moral Development	1
Jean Piaget's Theories	1
<i>The Sensorimotor Stage</i>	3
<i>The Pre-Operational Stage</i>	4
<i>The Concrete Operational Stage</i>	5
<i>The Formal Operational Stage</i>	5
<i>Some Reservations about Piaget's Theories</i>	5
Piaget's and Kohlberg's Theories of Social and Moral Development	7
<i>The Child's Ideas about Rules</i>	8
<i>How the Child Decides What is Right and What is Wrong</i>	9
<i>The Child's Ideas about Punishment and Justice</i>	10
<i>Kohlberg's Theory of Moral Development</i>	11
<i>Evidence For and Against Piaget's and Kohlberg's Theories</i>	13
ARE THERE STAGES IN MORAL DEVELOPMENT?	13
ARE MORAL THINKING AND MORAL DEVELOPMENT THE SAME THING?	14
Summary	15
Further Reading	16
Chapter 2 Developmental Scales and IQ Tests	17
<i>A Case Study</i>	18
<i>Types of Question Found in the WISC Performance Scale</i>	19
Problems with IQ Tests	22
Developmental Scales	24
<i>Conclusions</i>	25
Summary	26
Further Reading	27

Chapter 3 The Development of Language and Communication in Children	28
<i>Phonemes, Morphemes, Words and Sentences</i>	29
Stages in Language Development	30
<i>The Effects of Deprivation on Language Development</i>	33
<i>First Words</i>	34
<i>First Sentences</i>	35
<i>Learning to Read and Write</i>	38
Language – Innate or Learned?	38
Summary	41
Further Reading	42
Chapter 4 The Growth of Attachment	43
Conditioning Explanations of Attachment	43
<i>Critical Period for Attachment</i>	44
<i>The Growth of Attachment in Humans</i>	45
Maternal Deprivation	50
<i>Conclusions</i>	56
The Child's Relationship with Father, Siblings and Peers	60
Summary	61
Further Reading	62
Chapter 5 Behaviourist and Social Learning Theories of Development	63
Classical Conditioning	64
Classical Conditioning and Human Development	67
Operant Conditioning	70
<i>Schedules of Reinforcement</i>	72
<i>Successive Approximation or Behaviour-Shaping</i>	74
<i>Extinction, Generalization and Discrimination in Operant Conditioning</i>	75
<i>Positive and Negative Reinforcement</i>	76
<i>Secondary Reinforcement</i>	76
BEHAVIOUR THERAPY – A CASE STUDY	78
Social Learning Theories	79
<i>Some Studies of Imitation</i>	81
<i>Sex Role</i>	83
<i>Aggressive Behaviour</i>	85
<i>The View that Behaviour Depends upon the Situation</i>	87
<i>Conclusion</i>	88

Summary	89
Further Reading	90
Chapter 6 Freud's Theory	91
Identification	94
Criticisms of Freud's Theory	96
Little Hans – an Example of a Case Study	97
Play Therapy	98
Summary	99
Further Reading	100
Chapter 7 Sex Differences in Behaviour	101
Constitutional Factors	101
Social Factors	103
Cultural Factors	106
Theories of Sex Typing	107
Summary	109
Further Reading	109
Chapter 8 The Development and Expression of Aggression	110
What is Aggression?	110
Biological Theories of Aggression – Freud's Theory	111
Biological Theories of Aggression – the Ethologists' Theory	112
The Frustration-Aggression Hypothesis	112
The Brain and Aggression	113
Aggression – the Social Learning Hypothesis	113
<i>Age-Related Factors and Aggression</i>	114
The Influence of Mass Media on Socialization	115
<i>The Mass Media and Aggression</i>	116
Summary	119
Further Reading	119
Chapter 9 Play	120
Does Play Have a Purpose?	121
<i>Freud's Ideas Regarding Play</i>	123
<i>The Theory of Jean Piaget</i>	124
Different Types of Play	126
Play in Pre-School Groups	133
Pre-School Play and its Relation to Learning	138
Summary	141
Further Reading	142

Chapter 10 The School as a Social and Cultural Environment	143
<i>Culture and Multicultural Education</i>	145
The Effects of Schools and Playgroups	146
<i>The Effects of Leadership</i>	148
<i>Child-Child Relationships</i>	149
Children's Friendships	150
Cognitive Theories of Social Relationships	150
<i>Children's Ideas about Friendship</i>	152
Summary	154
Further Reading	155
Chapter 11 Discovery Learning versus Programmed Learning	156
Discovery Learning	157
Programmed Learning	157
Which Method Works Best?	159
Summary	160
Further Reading	161
Chapter 12 The Nature/Nurture Debate on Intelligence	162
The Nature/Nurture Problem	162
The Contribution of Nature and Nurture to Intellectual Development	164
<i>Family Studies</i>	166
<i>Twin Studies</i>	167
<i>Adoption and Fostering Studies</i>	170
Race and IQ	171
Environment and Intelligence	173
Summary	175
Further Reading	175
Chapter 13 The Nature/Nurture Debate on Perception	177
<i>Introduction</i>	177
The Nature/Nurture Debate on Perception	178
<i>Deprivation Studies</i>	184
<i>Distortion or Readjustment Studies</i>	187
<i>Cross-Cultural Studies</i>	188
<i>Conclusions</i>	189
Summary	190
Further Reading	191

Chapter 14 Psychology Practicals	192
The Experimental Method	193
<i>Formula for an Experiment</i>	193
Experimental Design	195
<i>Advantages and Disadvantages of the Designs</i>	196
Populations and Samples	197
Cross-Sectional, Longitudinal and Cross-Cultural Studies	198
Experiments – a General Planning Sequence	200
Observational Methods	201
<i>Observational Studies – a General Planning Sequence</i>	203
Asking Questions	204
Is it Right? The Question of Ethics	205
Presenting Your Results	206
<i>Table of Results</i>	207
<i>Graphs and Charts</i>	210
<i>Frequency Distribution Curves</i>	210
<i>Correlation</i>	213
Summary	215
Further Reading	215
References	217
Useful Organisations	226
Index	229
