Published Literature Reviews Pertaining to Sibling Bereavement	24

Children's Understanding of Death **29**

Developing a Concept of Death	30
Developing a Concept of Death by Cognitive Level	31
Developing a Concept of Death as Subconcepts	32

The Role of Children's Experiences in Developing a Concept of Death	35
Understanding Siblings' Concept of Death	35
Sibling Responses at the Time of Death	39
Telling the News to Siblings	41
Remember the CHILD	42

Sibling Responses to a Child's Death	47
---	-----------

Common Reactions of Grieving Siblings	50
Identifying Children in Trouble	72

Individual Variables Affecting Sibling Bereavement Responses	77
---	-----------

Physical Characteristics	78
Coping Style	82
Social-Emotional Characteristics	83
Experience with Loss and Death	91

Situational Variables Affecting Sibling Bereavement Responses	95
--	-----------

Cause of Death	95
Time Elapsed Since the Death	104
Involvement in Illness and Death-Related Events	106
Involving Siblings in a Child's Illness	116
Involving Siblings During the Dying Process	119
Involving Siblings in the Funeral	120

Environmental Variables Affecting Sibling Bereavement Responses	123
--	------------

Sibling Relationship	124
Family Environment	134
Implications for Caregivers	146

Family Functioning: Impact on Siblings 149

Levels of Functioning	149
Helping Siblings Feel Special	160
Sharing Meanings within Families	165
Implications for Caregivers	169

Long-Term Effects of Sibling Bereavement in Childhood 171

Sibling Responses	172
Maintaining Connections	187

Putting Sibling Bereavement into Perspective 195

A Paradigm Model of Sibling Bereavement	196
Implications for Caregiving Adults	204
Shadows in the Sun	216

Appendix 1. Summaries of Anecdotal and Scholarly Articles in the Literature 221

Appendix 2. Summaries of Research Reports in the Literature 227
