List of illustrations	vii
Notes on contributors	x
Preface	xiii
1 Introduction: the study of grandparenthood Peter K. Smith	1
Part 1 Grandparental roles	
2 Dimensions of the grandparent role in Finland Helena Hurme	19
3 The importance of grandparenthood during the life cycle in Germany Elisabeth J. Sticker	32
4 The role of grandparents in the development of grandchildren as perceived by adolescents and young adults in Poland Maria Tyszkowa	50
5 Grandparent-grandchild relationships amongst US ethnic groups Emmy E. Werner	68
Part 2 The effects of grandparenting	
6 Grandfathers, teen mothers and children under two Norma Radin, Daphna Oyserman and Rita Benn	85
7 Transmission of parenting across generations A.A. Vermulst, A.J.L.L. de Brock and R.A.H. van Zutphen	100

8 The significance of grandparents for the formation of family relations	123
Isto Ruoppila	

Part 3 Theoretical perspectives

9 Grandchildren's images of their grandparents: a psychodynamic perspective	143
Piergiorgio Battistelli and Alessandra Farneti	
10 An evolutionary perspective on grandparent–grandchild relationships	157
Martin Sherer Smith	
11 Cooperation and conflict in three-generation families	177
Maria Leek and Peter K. Smith	
Name index	195
Subject index	200

Illustrations

Figures

1.1	Cover from <i>Grandma, Felix, and Mustapha Biscuit</i>	5
1.2	Cover from <i>My Grandma Has Black Hair</i>	5
4.1	Joint activities with grandparents	58
7.1	A model of parental functioning	104
7.2	An intergenerational model of parental functioning	106
7.3	An intragenerational model of parental functioning for grandmothers	111
7.4	An intragenerational model of parental functioning for mothers	111
7.5	An intergenerational model of maternal functioning	114
8.1	Frequency of contact with children for women and men in different age groups of the elderly having living children	126
8.2	Frequency of contact with grandchildren for women and men in different age groups of the elderly having living grandchildren	126
8.3	Frequency of contact with great-grandchildren for women and men in different age groups of the elderly having living great-grandchildren	127
8.4	Significance of grandparenthood for women and men in different age groups of the elderly having living grandchildren	127
9.1	Which of your grandparents were (are) you particularly attached to?	151
9.2	Image of grandparents for children of different ages; mean values over four adjective pairs	153
10.1	Certain and uncertain generational links among three generations	159

Tables

2.1	Factors affecting dimensions of the grandparent role	20
2.2	Agreement with statements concerning grandmotherhood	27
3.1	Methods and main aspects of eight German studies on grandparent-grandchild relationships	35
3.2	Frequency of contacts with grandparents for grandchildren of different age groups	37
3.3	Emotional closeness of the grandparent-grandchild relationship	38
3.4	Meaning of the grandchildren in the life of the grandparents	39
3.5	Meaning of the grandparents in the life of the grandchildren	39
3.6	Functions of the grandparents for the grandchildren	40
3.7	Grandparental styles	42
3.8	Amount of parental influence on the grandparent-grandchild relationship	44
4.1	Number of grandparents mentioned in 138 compositions	53
4.2	Frequency of contacts with 137 living grandparents	54
4.3	Emotional tone of utterances concerning 194 living and dead grandparents	56
6.1	Demographic data about the sample	88
6.2	Regressions with a significant beta weight for the grand-father variable	93
7.1	Correlation matrix of the variables from the grandmothers' model and from the mothers' model	110
7.2	Correlation matrix of the variables from the grandmothers' model with the variables from the mothers' model	113
7.3	Differences between grandmothers and mothers	116
8.1	Correlations between the ratings concerning the orientation family atmosphere given independently by the grandparents and their children	131
8.2	Correlations between the ratings concerning child-rearing given independently by the grandparents and their children	131
8.3	Correlations between the interaction in the orientation family and the quality of the pair relation in the young family	132
8.4	Interaction in the orientation family of the young mother and pregnancy planning and that of earlier pregnancies	133
8.5	Interaction in the husband's and the wife's orientation family and the wife's competence and feelings of motherhood	134
8.6	Father's time used for child and wife's feelings of family atmosphere	135

10.1 Means, standard deviations and grandmother/grandfather comparisons for all variables	163
10.2 Correlations among grandparenting variables	163
10.3 Means, standard deviations, grandmother/grandfather and uterine/agnatic comparisons: unilineal grandparents	164
10.4 Means, standard deviations, grandmother/grandfather and uterine/agnatic comparisons: bilineal grandparents	166
10.5 Grandparent sub-groups: average time with grandchildren	167
10.6 Significance levels for sub-group comparisons	168
11.1 Hierarchical nature of variables	180
11.2 Mean values of help and disagreement variables for grandparents to children, grandchildren, in-laws and friends	183
11.3 Mean values of help and disagreement variables for four types of grandparents	184
11.4 Correlates of help and conflict: grandparents to children	185
11.5 Correlates of help and conflict: grandparents to grandchildren	185
11.6 Regression analyses: grandparents to children	191
11.7 Regression analyses: grandparents to grandchildren	192
