<i>List of contributors</i>	page ix
<i>Foreword</i>	xi
DAVID L. MAGNUSSON	
<i>Preface</i>	xiii
PAUL B. BALTES AND MARGRET M. BALTES	
1 <i>Psychological perspectives on successful aging: The model of selective optimization with compensation</i>	1
PAUL B. BALTES AND MARGRET M. BALTES	
Introduction	1
A precursor: Cicero's <i>De Senectute</i>	2
The concept of successful aging	3
The problem of indicators	4
A framework of propositions	7
Strategies for successful aging	19
Summary and outlook	26
Note	27
References	27
2 <i>Medical perspectives upon successful aging</i>	35
JAMES F. FRIES	
Introduction: The minimum morbidity model and the compression of morbidity	35
Recent evidence for the hypothesis	37
On the immortalists	44
The medical model versus the minimum morbidity model	45
Policy implications and conclusions	46
Note	46
References	46

3	<i>Successful aging in a post-retired society</i>	50
	DAVID L. FEATHERMAN, JACQUI SMITH, AND JAMES G. PETERSON	
	Successful aging: A transactional view from the social sciences	50
	Successful aging as adaptive competence	53
	From well-structured to ill-structured challenges: Ontogeny and developmental tasks	55
	Adaptive competence for successful aging: The mind at work	61
	The post-retired society and the role of planning in its successful aging	77
	Successful aging is individuals' learning to plan and society's planning to learn	82
	Notes	84
	References	87
4	<i>The optimization of cognitive functioning in old age: Predictions based on cohort-sequential and longitudinal data</i>	94
	K. WARNER SCHAIK	
	Introduction	94
	Description of the data base	96
	Patterns of decline from late middle age into old age	98
	Variables that mediate maintenance of cognitive functioning	104
	Summary and conclusions	114
	Notes	115
	References	116
5	<i>The optimization of episodic remembering in old age</i>	118
	LARS BÄCKMAN, TIMO MÄNTYLÄ, AND AGNETA HERLITZ	
	Introduction	118
	Memory optimization in normal aging	121
	Age-related differences in utilization of contextual and cognitive support for remembering	133
	Memory optimization in Alzheimer's disease	137
	The issue of ecological relevance	143
	Utilization of compensatory task conditions versus self-initiated compensation	144
	Summary	146
	Note	151
	References	152

6	<i>Peak performance and age: An examination of peak performance in sports</i>	164
	K. ANDERS ERICSSON	
	Introduction	164
	The study of peak performance and age	165
	Age and peak performance in sports	167
	Physiological components of peak performance in sports	182
	Conclusion	190
	Note	193
	References	193
7	<i>Personal control over development and quality of life perspectives in adulthood</i>	197
	JOCHEN BRANDTSTÄDTER AND BERNHARD BALTES-GÖTZ	
	Introduction	197
	Research approach	199
	Development-related control beliefs: Cross-sequential findings	203
	Control beliefs and subjective quality of personal development	207
	Accommodative modes of coping and control	212
	Evidence for an age-related shift in strategies of coping and control	213
	Summary and discussion	217
	Notes	221
	References	222
8	<i>Successful mastery of bereavement and widowhood: A life-course perspective</i>	225
	CAMILLE B. WORTMAN AND ROXANE COHEN SILVER	
	Introduction	225
	Theories of grief and loss	227
	Prevailing views of the grieving process	229
	Empirical studies on successful mastery of bereavement: A reevaluation of prevailing views	233
	Extending current conceptions of the grieving process	242
	Ongoing research efforts	250
	Future research directions	256
	Concluding comments	258
	Notes	259
	References	260

9	<i>The Bonn Longitudinal Study of Aging: Coping, life adjustment, and life satisfaction</i>	265
	GEORG RUDINGER AND HANS THOMAE	
	The Bonn Longitudinal Study of Aging	265
	Successful aging and life satisfaction	269
	Life satisfaction in different domains: Empirical results from the BOLSA	276
	Concluding remarks	291
	Notes	292
	References	292
10	<i>Risk and protective factors in the transition to young adulthood</i>	296
	BARBARA MAUGHAN AND LORNA CHAMPION	
	Introduction	296
	Some studies examining process issues in the transition to adult life	301
	Issues: Current findings and future directions	310
	Concluding remarks	326
	References	326
11	<i>Avoiding negative life outcomes: Evidence from a forty-five year study</i>	332
	GEORGE E. VAILLANT	
	Introduction	332
	Methods and results	334
	Discontinuities	348
	Case history	350
	Discussion and conclusion	353
	Note	355
	References	355
12	<i>Developmental behavioral genetics and successful aging</i>	359
	NANCY L. PEDERSEN AND JENNIFER R. HARRIS	
	Introduction	359
	Some considerations in behavioral genetic studies of successful aging	363
	Developmental behavioral genetic evidence	368
	Conclusion	375
	Summary	376
	Note	377
	References	377
	<i>Name index</i>	381
	<i>Subject index</i>	391
