

*part 1* Marketing Research and the Research Process 1

- 1 Marketing Research: It's Everywhere! 2
- 2 Alternative Approaches to Marketing Intelligence 18
- 3 The Research Process and Problem Formulation 29
- Cases for Part 1 48

*part 2* Determine Research Design 57

- 4 Research Design, Exploratory Research, and Qualitative Data 58
- 5 Descriptive Research 84
- 6 Causal Designs 99
- Cases for Part 2 127

*part 3* Design Data-Collection Methods and Forms 141

- 7 Data Collection: Secondary Data 142  
*Appendix 7: Secondary Data 173*
- 8 Data Collection: Primary Data 177
- 9 Questionnaires and Data-Collection Forms 204
- 10 Attitude Measurement 232  
*Appendix 10: Psychological Measurement 251*
- Cases for Part 3 263

*part 4* Sample Design for Data Collection and Sample Size 281

- 11 Sampling Procedures 282
- 12 Determining Sample Size 312
- 13 Field Procedures for Collecting the Data 328
- Cases for Part 4 344

*part 5* Data Analysis and Interpretation 349

- 14 Preprocessing the Data, and Doing Cross-Tabs 350  
*Appendix 14: Chi-Square and Related Indices for Cross-Tabs 378*
- 15 Data Analysis—Basic Questions 390  
*Appendix 15: Quick Stats Review 402*
- 16 Are My Groups the Same or Different? 413  
*Appendix 16: Analysis of Variance 428*
- 17 Are These Variables Related? 441  
*Appendix 17: Conjoint Analysis 463*
- 18 Multivariate Data Analysis 477  
*Appendix 18: More Multivariate Statistical Techniques 537*
- Cases for Part 5 544

*part 6* The Research Report 557

- 19 The Research Report 558
- Epilogue 573
- Appendix A: Cumulative Probabilities for the Standard Normal Distribution 576*
- Appendix B: Critical Values of  $\chi^2$  577*
- Appendix C: Critical Values of  $t$  579*
- Appendix D: Percentage Points of the  $F$  Distribution.  $\alpha = .05$  580*
- Glossary 584
- Subject Index 594
- Author Index 602

*part 1*    **Marketing Research and the Research Process 1**

---

- 1    **MARKETING RESEARCH: IT'S EVERYWHERE! 2**
  - Role of Marketing Research 3
  - Who Does Marketing Research? 7
  - Organization of Marketing Research 11
  - Employment Opportunities in Marketing Research 13
  - Summary 15
  - Questions 16
  - Applications and Problems 16
  
- 2    **ALTERNATIVE APPROACHES TO MARKETING INTELLIGENCE 18**
  - Marketing Information Systems and Decision Support Systems 19
  - Components of MISs and DSSs 20
  - Using the Data, Model, and Interface 24
  - Comparing Marketing Information Technologies and Marketing Research Projects 24
  - Data Mining 25
  - Summary 28
  - Questions 28
  - Applications and Problems 28
  
- 3    **THE RESEARCH PROCESS AND PROBLEM FORMULATION 29**
  - Marketing Research—Sequence of Steps 29
  - Problem Formulation 34
  - The Decision Maker and the Environment 35
  - Translating Decision Problem to Research Problem 37
  - The Research Proposal 38
  - Is Marketing Research Justified? 42
  - Choosing and Using a Research Supplier 44
  - Summary 46
  - Questions 46
  - Applications and Problems 46
  - Cases for Part 1
    - Case 1.1    Big Brothers of Fairfax County 48
    - Case 1.2    Using Loyalty Data at Flowers 4U 48
    - Case 1.3    E-Food and the Online Grocery Competition (A) 49
    - Case 1.4    Choosing a Brand Name 50
    - Case 1.5    Moving Consumers from Awareness to Loyalty 51
    - Case 1.6    Qualitative Data from Open-Ended Survey Items: A Service Quality Example 52
    - Case 1.7    Extending a Travel Brand 54

*part 2*    **Determine Research Design 57**

---

- 4    **RESEARCH DESIGN, EXPLORATORY RESEARCH, AND QUALITATIVE DATA 58**
  - Plan of Action 58
  - Types of Research Design 58

- Exploratory Research 60
- Relationship Between Exploratory Research and Qualitative Data 61
- Some Basic Types of Exploratory Research 61
- Standard Qualitative Marketing Research Methods 63
- Summary 81
- Questions 81
- Applications and Problems 82
- 5 DESCRIPTIVE RESEARCH 84
  - When to Use Descriptive Research 84
  - Longitudinal Analysis 86
  - Cross-Sectional Analysis 93
  - Summary 96
  - Questions 96
  - Applications and Problems 96
- 6 CAUSAL DESIGNS 99
  - Concept of Causality 99
  - Role of the Evidence 103
  - Laboratory and Field Experiments 105
  - Internal and External Validity 107
  - Experimental Design 107
  - Specific Designs 111
  - Experimentation in Marketing Research 119
  - Problems of Experimentation 119
  - Types of Test Markets 120
  - Summary 123
  - Questions 124
  - Applications and Problems 124
  - Cases for Part 2
    - Case 2.1 Riverside County Humane Society (A) 127
    - Case 2.2 HotStuff Computer Software (A) 127
    - Case 2.3 Advertising Agency's Databank 129
    - Case 2.4 Bakhill Foods 130
    - Case 2.5 Internet Advertising and Your Brain (A) 132
    - Case 2.6 Customer Relationship Management 133
    - Case 2.7 Ethnography in Practice: The Case of ESPN Zone, Chicago 135
    - Case 2.8 Brand Association Maps 138

### *part 3* Design Data-Collection Methods and Forms 141

- 7 DATA COLLECTION: SECONDARY DATA 142
  - Using Secondary Data 142
  - Types of Secondary Data 148
  - Standardized Marketing Information Services 156
  - Summary 171
  - Questions 171
  - Applications and Problems 171
  - Appendix: Secondary Data 173

- 8 DATA COLLECTION: PRIMARY DATA 177
  - Types of Primary Data 177
  - Basic Means of Obtaining Primary Data 186
  - Communication Methods 188
  - Questionnaires Classified by Method of Administration 191
  - Structured vs. Unstructured and Disguised vs. Undisguised Observation 201
  - Summary 202
  - Questions 202
  - Applications and Problems 202
  
- 9 QUESTIONNAIRES AND DATA-COLLECTION FORMS 204
  - Questionnaire Design 204
  - Observational Forms 224
  - Summary 228
  - Questions 229
  - Applications and Problems 229
  
- 10 ATTITUDE MEASUREMENT 232
  - Scales of Measurement 233
  - Scaling of Psychological Attributes 235
  - Which Scale to Use 247
  - Summary 248
  - Questions 248
  - Applications and Problems 248
  - Appendix: Psychological Measurement 251
  - Variations in Measured Scores 253
  - Classification and Assessment of Error 254
  - Direct Assessment of Validity 256
  - Indirect Assessment Through Reliability 258
  - Summary 260
  - Questions 261
  - Applications and Problems 261
  - Cases for Part 3
    - Case 3.1 E-Food and the Online Grocery Competition (B) 263
    - Case 3.2 Premium Pizza Inc. 264
    - Case 3.3 CTM Productions (A) 268
    - Case 3.4 Comparing Ads Against a Databank 270
    - Case 3.5 Measuring Magazines 271
    - Case 3.6 Secondary Data on Health from CDC 273
    - Case 3.7 Critiquing Questionnaires 274

## *part 4* Sample Design for Data Collection and Sample Size 281

- 11 SAMPLING PROCEDURES 282
  - Required Steps 283
  - Types of Sampling Plans 285
  - Nonprobability Samples 286
  - Probability Samples 287
  - Summary 308
  - Questions 309
  - Applications and Problems 309

- 12 DETERMINING SAMPLE SIZE 312  
 Basic Considerations 312  
 Sample Size Determination When Estimating Means 313  
 Sample Size Determination When Estimating Proportions 319  
 Population Size and Sample Size 321  
 Other Probability Sampling Plans 321  
 Using Anticipated Cross Tabs to Determine Sample Size 322  
 Summary 325  
 Questions 325  
 Applications and Problems 325
- 13 FIELD PROCEDURES FOR COLLECTING THE DATA 328  
 Impact of Nonsampling Errors 328  
 Types of Nonsampling Errors 329  
 Total Error Is Key 340  
 Summary 341  
 Questions 342  
 Applications and Problems 342  
 Cases for Part 4  
 Case 4.1 Riverside County Humane Society (B) 344  
 Case 4.2 Sampling Lead-Users for New Products 344  
 Case 4.3 Sampling from Your Loyalty  
 Database 345  
 Case 4.4 International Differences in the  
 Cost of Data 345  
 Case 4.5 Online Samples 346  
 Case 4.6 Sampling Gambling 347

## *part 5* Data Analysis and Interpretation 349

---

- 14 PREPROCESSING THE DATA, AND DOING CROSS-TABS 350  
 Editing 350  
 Coding 351  
 Tabulation 352  
 Goodness-of-Fit Chi-Square Test on One Variable 359  
 Kolmogorov-Smirnov Test 362  
 Contingent Relationships in Cross-Tabs 364  
 Presenting Tabular Data 374  
 Summary 375  
 Questions 375  
 Applications and Problems 376  
 Appendix: Chi-Square and Related Indices for Cross-Tabs 378  
 Hypotheses and Statistics to Test Them 378  
 Log Linear Models 382  
 Nonparametric Measures of Association 385  
 Summary 388  
 Questions 388  
 Applications and Problems 388

- 15 DATA ANALYSIS—BASIC QUESTIONS 390  
Choice of Analysis Technique: An Example 390  
Basic Considerations 393  
Overview of Statistical Procedures 399  
Summary 400  
Questions 401  
Applications and Problems 401  
Appendix: Quick Stats Review 402  
Null Hypothesis 402  
Types of Errors 404  
Procedure 405  
Power 407  
Summary 412  
Questions 412  
Applications and Problems 412
- 16 ARE MY GROUPS THE SAME OR DIFFERENT? 413  
Hypotheses about One Mean 413  
Hypotheses about Two Means 416  
Hypotheses about Two Proportions 423  
Summary 426  
Questions 426  
Applications and Problems 426  
Appendix: Analysis of Variance 428  
Randomized Blocks 432  
Summary 438  
Questions 438  
Applications and Problems 439
- 17 ARE THESE VARIABLES RELATED? 441  
Simple Regression and Correlation Analysis 441  
Simple Regression 442  
Correlation Coefficient 451  
Multiple-Regression Analysis 454  
Summary 460  
Questions 460  
Applications and Problems 460  
Appendix: Conjoint Analysis 463  
Variable Transformations 463  
Dummy Variables 464  
Conjoint Analysis 465  
Summary 475  
Questions 475  
Applications and Problems 475
- 18 MULTIVARIATE DATA ANALYSIS 477  
Discriminant Analysis 477  
Factor Analysis 491  
Cluster Analysis 506  
Multidimensional Scaling and Perceptual Mapping 524  
Summary 533  
Questions 533  
Applications and Problems 533  
Appendix: More Multivariate Statistical Techniques 537  
Correspondence Analysis 537

Structural Equations Models	539
Neural Networks	540
Social Networks	541
Cases for Part 5	
Case 5.1	CTM Productions (B) 544
Case 5.2	E-Food and the Online Grocery Competition (C) 544
Case 5.3	Internet Advertising and Your Brain (B) 545
Case 5.4	A Picture Is Worth a Megabyte of Words: Census Data and Trends in Lifestyle Purchases 546
Case 5.5	CountryCable: Customer Satisfaction Survey Data 547
Case 5.6	Teeth-Whitening Conjoint Study 549
Case 5.7	Sports Marketing and Television Programming 549
Case 5.8	Repositioning a Brand 552
Case 5.9	Conjoint–Brand & Pricing 553
Case 5.10	Segmentation Study 554

## *part 6*    **The Research Report 557**

---

19	<b>THE RESEARCH REPORT 558</b>
	Criteria of Research Reports 558
	The Oral Report 563
	Graphic Presentation of the Results 566
	Summary 571
	Questions 571
	Applications and Problems 572
	<b>Epilogue 573</b>
	<b>Appendix A: Cumulative Probabilities for the Standard Normal Distribution 576</b>
	<b>Appendix B: Critical Values of <math>\chi^2</math> 577</b>
	<b>Appendix C: Critical Values of <math>t</math> 579</b>
	<b>Appendix D: Percentage Points of the <math>F</math> Distribution, <math>\alpha = .05</math> 580</b>
	GLOSSARY 584
