Life-Span Perspectives in Social Science Research

David L. Featherman

I. Introduction to the Life-Span Orientation	1
II. New Approaches in Research That Reflect a Life-Span Orientation	15
III. Public Policy and the Life-Span Approach	42
References	49

Temporal Selection and Factor Invariance in the Study of Development and Change

John R. Nesselrode

I. Introduction	60
II. Factor Invariance and the Study of Change and Development	61
III. The Nature of Selection and Selection Effects	65
IV. Selection Concepts and Change Representations	70
V. Discussion and Conclusions	78
VI. Summary	83
References	84

Memory Development throughout the Life Span: The Role of Processing Rate

Timothy A. Salthouse and Robert Kail

I. Introduction	90
II. Illustration of Possible Effects of Processing Rate on Memory Processes	92

III. Developmental Data	94
IV. Predictions from the Processing-Rate Hypothesis	102
V. Criticisms and Limitations	106
VI. Possible Causes of Differences in Response Speed	107
VII. Conclusions	112
References	113

Growing into Human Maturity: Toward a Metasubjective Theory of Adulthood Stages

Juan Pascual-Leone

I. Introduction	118
II. A Rough-and-Ready Sketch of the Theory of Constructive Operators	121
III. Toward a Metasubjective Theory of Adulthood Stages	126
IV. Concluding Remarks	148
References	150

Adult Thinking in Developmental Perspective

Deanna Kuhn, Nancy Pennington, and Bonnie Leadbeater

I. Introduction	158
II. Toward an Ecology of Cognition in Adulthood	158
III. The Present Work in the Context of Cognitive Developmental and Life-Span Developmental Psychology	163
IV. Research Design	166
V. Causal Inference	168
VI. Cognitive Relativism	175
VII. Juror Reasoning	181
VIII. Conclusion	191
References	193

Temperament and Adaptation across Life: Theoretical and Empirical Issues

Jacqueline V. Lerner and Richard M. Lerner

I. Introduction	198
II. On the State of the Temperament Literature	200
III. The "Goodness-of-Fit" Model	206
IV. The Relevance of the Life-Span Perspective	211

V.	Empirical Support for the Goodness-of-Fit Model	214
VI.	Enhancing Goodness of Fit	222
VII.	Summary	226
	References	228

Can I Control It? The Pursuit of Veridical Answers across the Life Span

John R. Weisz

I.	Introduction	234
II.	Veridicality and the Psychology-of-Control Literature	236
III.	How to Make an Accurate Judgment about Control	239
IV.	Development of Contingency Judgment	242
V.	Development of Competence Judgment	261
VI.	Development and the Integration of Contingency and Competence Judgments	282
VII.	Issues and Implications	286
VIII.	Summary	290
	References	292

Continuity in Social Development: A Comparative Perspective on Individual Difference Prediction

Robert B. Cairns and Kathryn E. Hood

I.	Introduction	302
II.	Toward a Developmental Theory of Social Continuity	305
III.	Comparative Investigations of Social Continuity	313
IV.	Some New Comparative Findings on Social Continuity	324
V.	Concepts of Early Social Experience Reevaluated	345
VI.	Relations to Human Life-Span Studies	349
VII.	A Concluding Comment	352
	References	353

Industrialization and Coresidence: A Life-Course Approach

David I. Kertzer and Andrea Schiaffino

I.	Introduction	360
II.	Relationships between Macrolevel and Microlevel Processes	362
III.	From Family Cycle to the Life Course	364

IV. Industrialization and Coresidence	370
V. A Research Agenda	375
VI. Conclusions	385
VII. Summary	387
References	388
