<i>Introduction</i>	xiii

PART I. PHYLOGENETIC AND CULTURAL RITUALIZATION

1 Functions of rituals

1.1 <i>Irenäus Eibl-Eibesfeldt</i>	
Ritual and ritualization from a biological perspective	3
1.2 <i>Thomas Luckmann</i>	
Personal identity as an evolutionary and historical problem	56
Comments on papers by Eibl-Eibesfeldt and Luckmann	<i>Rom Harré</i> 75
Reply to Harré's comments	<i>Irenäus Eibl-Eibesfeldt</i> 81
Reply to Harré's comments	<i>Thomas Luckmann</i> 83
References	86

2 Property and territoriality

2.1 <i>Irwin Altman</i>	
Privacy as an interpersonal boundary process	95
2.2 <i>Maurice Godelier</i>	
Territory and property in primitive society	133

Comments on papers by Altman and Godelier	<i>Lionel Tiger</i>	156
References		163

3 Non-verbal and verbal rituals in interaction

3.1	<i>Paul Ekman</i>	
	About brows: emotional and conversational signals	169
3.2	<i>Erving Goffman</i>	
	Response cries	203
Comments on papers by Ekman and Goffman	<i>Jürgen Habermas</i>	241
Reply to Habermas' comments	<i>Paul Ekman</i>	245
References		246

PART II. ORGANIZATION OF SOCIAL BEHAVIOUR

4 Functional aspects of aggression, fear and attachment

4.1	<i>Paul Leyhausen</i>	
	Aggression, fear and attachment: complexities and interdependencies	253
4.2	<i>Roger D. Masters</i>	
	Beyond reductionism: five basic concepts in human ethology	265
Comments on papers by Leyhausen and Masters	<i>Derek Freeman</i>	285
Reply to Freeman's comments	<i>Roger D. Masters</i>	293
References		296

5 Neurobiological and psychological mechanisms of aggressive behavior

5.1	<i>J. P. Flynn, D. Smith, K. Coleman and C. A. Opsahl</i>	
	Anatomical pathways for attack behavior in cats	301
5.2	<i>Albert Bandura</i>	
	Psychological mechanisms of aggression	316
Comments on papers by Flynn <i>et al.</i> and Bandura	<i>Vernon Reynolds</i>	357

Reply to Reynolds' comments	<i>J. P. Flynn</i>	364
Reply to Reynolds' comments	<i>Albert Bandura</i>	366
References		372

6 Intra- and intergroup relationships in primates

6.1	<i>Hans Kummer</i>	
	On the value of social relationships to nonhuman primates: a heuristic scheme	381
6.2	<i>Henri Tajfel</i>	
	Human intergroup conflict: useful and less useful forms of analysis	396
	Comments on papers by Kummer and Tajfel	<i>Mario von Cranach</i> 423
	Reply to von Cranach's comments	<i>Hans Kummer</i> 428
	References	430

PART III. ONTOGENY OF PRIMATE BEHAVIOUR

7 Development of social interaction

7.1	<i>William A. Mason</i>	
	Maternal attributes and primate cognitive development	437
7.2	<i>Hanuš Papoušek and Mechthild Papoušek</i>	
	Early ontogeny of human social interaction: its biological roots and social dimensions	456
	Comments on papers by Mason and the Papoušeks	<i>Harriet L. Rheingold</i> 479
	References	487

8 Cognitive development

8.1	<i>William R. Charlesworth</i>	
	Ethology: understanding the other half of intelligence	491

8.2	<i>Colwyn Trevarthen</i>	
	Instincts for human understanding and for cultural cooperation: their development in infancy	530
	Comments on papers by Charlesworth and Trevarthen	<i>Dalbir Bindra</i> 572
	Reply to Bindra's comments	<i>William R. Charlesworth</i> 578
	Reply to Bindra's comments	<i>Colwyn Trevarthen</i> 581
	References	586
9	Consequences of early experience	
9.1	<i>Eric A. Salzen</i>	
	Social attachment and a sense of security	595
9.2	<i>Judy Dunn</i>	
	Understanding human development: limitations and possibilities in an ethological approach	623
	Comments on papers by Salzen and Dunn	<i>Robert A. Hinde</i> 642
	Reply to Hinde's comments	<i>Eric A. Salzen</i> 647
	Reply to Hinde's comments	<i>Judy Dunn</i> 649
	References	652
10	Ontogeny of auditory perception	
10.1	<i>Peter Marler</i>	
	Development of auditory perception in relation to vocal behavior	663
10.2	<i>A. M. Liberman</i>	
	An ethological approach to language through the study of speech perception	682
	Comments on papers by Marler and Liberman	<i>D. Ploog</i> 705
	References	711

11 Language development*11.1 David McNeill*

Language origins 715

11.2 Klaus Foppa

Language acquisition: a human ethological problem? 729

Comments on papers by McNeill and Foppa *Willem J. M. Levelt* 739Reply to Levelt's comments *David McNeill* 745
