<b>Foreword</b> .....	<b>xiii</b>
<b>Series Preface</b> .....	<b>xv</b>
<b>1. Introduction</b> .....	<b>1</b>
<i>Diane McGuinness</i>	
<b>2. Sensory Functioning</b> .....	<b>5</b>
<i>Mary Anne Baker</i>	
Audition .....	6
Pure-tone threshold .....	6
Other aspects of audition .....	10
Vision .....	11
Chemical Senses .....	13
Taste .....	13
Smell .....	17
Skin Senses .....	18
Temperature .....	18
Touch .....	20
Pain .....	22
Summary and Conclusions .....	26
Acknowledgements .....	28
References .....	28
<b>3. Cognition, Learning, and Memory</b> .....	<b>37</b>
<i>Nancy S. Anderson</i>	
Introduction .....	37
Research Problems .....	39

Theoretical issues . . . . .	39
Methodological carefulness . . . . .	40
Spatial Abilities . . . . .	41
Experience . . . . .	44
Lateralization . . . . .	45
Mathematical Skills . . . . .	46
Learning and Memory . . . . .	46
Individual differences . . . . .	47
Motor Skills . . . . .	48
Cognitive Style . . . . .	49
Summary and Commentary . . . . .	50
Conclusions . . . . .	51
References . . . . .	52
4. <b>Cyclical Variations</b> . . . . .	<b>55</b>
<i>Doreen Asso</i>	
Introduction . . . . .	55
Circadian Rhythms . . . . .	56
Oscillators and rhythms . . . . .	56
Oscillators and performance . . . . .	57
Performance, temperature, and arousal . . . . .	58
Sex differences in circadian variations . . . . .	60
Summary . . . . .	65
Menstrual Cycle . . . . .	66
Temperature . . . . .	67
Nervous system activity and performance . . . . .	68
Theoretical approaches . . . . .	70
Comparisons with men . . . . .	72
Summary . . . . .	75
Conclusions . . . . .	76
References . . . . .	77
5. <b>Environmental Stress</b> . . . . .	<b>81</b>
<i>Thomas C. Greene and Paul A. Bell</i>	
Introduction . . . . .	81
Conceptualizations of Stress . . . . .	82
Endocrine Activity . . . . .	83
Responses to Specific Stressors . . . . .	84
Temperature . . . . .	85
Noise stress . . . . .	90
Restriction of physical space . . . . .	95
Conclusions . . . . .	101
References . . . . .	101

<b>6. Response Differences</b> .....	<b>107</b>
<i>Miriam Gayle Wardle, Mark Richard Gloss and David S. Gloss III</i>	
Structural Factors .....	108
Physiological Factors .....	109
Strength .....	109
Oxygen Transport .....	109
Fat Distribution .....	110
Maximum Aerobic Power .....	110
Cardiac Output, Stroke Volume and Heart Rate .....	111
Respiration and Blood Pressure .....	112
Pregnancy and the Effects of Exercise .....	112
Work .....	112
Intensity .....	112
Duration .....	114
Anaerobic Factors .....	114
Recovery from Exercise .....	115
Effects of Physical Fitness Training .....	115
Specific Strengths .....	116
Conclusions .....	116
Acknowledgements .....	118
References .....	118
<b>7. Anthropometric Factors</b> .....	<b>121</b>
<i>Lynn Percival and Kathleen Quinkert</i>	
Introduction .....	121
Human Variation and Design Standards .....	123
Population, mean, and percentile .....	123
Design criteria .....	124
Data Limitations and Application .....	125
Anthropometric Factors .....	126
Body dimensions .....	126
Functional reach .....	131
Strength .....	134
Flexibility .....	137
Summary and Conclusions .....	138
Acknowledgements .....	138
References .....	139
<b>8. Social Cognition and Social Context in the Construction of Sex Differences</b> .....	<b>142</b>
<i>Kevin Durkin</i>	
Introduction .....	142
Sex Differences in Personality .....	143

Professional investigations . . . . .	143
Lay beliefs . . . . .	146
From implicit personality theory to sex role stereotypes . . . . .	147
Individual and social stereotypes . . . . .	148
From social stereotypes to social expectations . . . . .	150
The devaluation of female performance . . . . .	150
Explaining Performance . . . . .	153
Attribution theory and differences in performance . . . . .	153
Empirical investigations . . . . .	155
Inconsistency among studies . . . . .	156
Performance attributions and task context . . . . .	158
Attributions and social comparison . . . . .	158
Attributions and subjective task value . . . . .	161
Social reality, goals, and performance . . . . .	162
Conclusions . . . . .	165
Acknowledgements . . . . .	165
References . . . . .	166
<b>9. Applied Settings . . . . .</b>	<b>171</b>
<i>June Redgrove</i>	
Introduction . . . . .	171
Employment Patterns . . . . .	172
Apparent inferiority . . . . .	175
Research problems . . . . .	175
Job Requirements . . . . .	177
Size and strength . . . . .	179
Performance . . . . .	181
Interpretation of Differences in Performance . . . . .	182
Pre-menstrual tension . . . . .	182
Attitudes . . . . .	183
Conclusions . . . . .	184
References . . . . .	184
<b>10. Conclusions . . . . .</b>	<b>187</b>
<b>Author Index . . . . .</b>	<b>191</b>
<b>Subject Index . . . . .</b>	<b>199</b>
