

CONTENTS

PREFACE	xi
1 INTRODUCTION	3
Nature of Social Interaction	4
Personality, Social, and Cultural Systems	5
Plan of the Book	8
2 LEARNING TO BE HUMAN	11
Elementary Social Learning	13
Learning from Models	18
Learning Social Roles	24
3 COGNITIVE AND MORAL CONTROLS	33
Effects of Deprivation and Isolation	35
Development of Affectional Systems	38

Development of Moral Controls	41
moral stage theories social learning mechanisms and moral controls childrearing practices and moral development	
4 SOCIAL MOTIVATION	53
Acquired Drives	54
Aggression	56
the social context of aggression direct learning of aggression	
Achievement Motivation	62
sex differences in achievement motivation childhood antecedents of the motivation to achieve situational determinants	
5 DESCRIBING AND TYPING PEOPLE	73
The Development of Person Concepts	74
differentiation of the individual person	
The Social Stereotype	76
identification of a person category consensus on attributed traits categorical treatment of persons changes in stereotypes processes in stereotyping truth or falsity of stereotypes	
Organizational Processes in Person Descriptions	82
impression formation based on inferences multidimensional analysis	
6 IMPRESSION FORMATION AND INTERACTION	87
The Observer in Person Evaluation	88
differences in observer judgments differences in observer characteristics	
Forming Impressions from Nonverbal Information	91
structural nonverbal information kinetic nonverbal information nonverbal elements in the communication process	
Person Evaluations in Ongoing Interaction	100
effects of the observer's behavior impression management responsibility and locus of cause	
7 LIKING, FRIENDSHIP, AND LOVE	107
Exchange Theory	108
Similarity and Attraction	110

Effects of Similarity on Exchange Transactions	114
Exchange Theory, Friendship, and Love	117
formative stages changes in costs and rewards changes in comparison level	
8 SOCIAL POWER AND MANIPULATIVE STRATEGIES	131
Determinants of Social Power	132
resources dependencies alternatives types of social power referent power expert power legitimate power	
Dynamics of Social Power	138
consequences of high but equal power: balanced relations resisting influence of the more powerful party	
Manipulating Power: Strategy and Tactics	141
invoking norms debt management as a counterstrategy threats and promises negotiation and games of strategy	
9 SOCIAL INFLUENCE AND RESISTANCE TO CHANGE	153
Behaving Contrary to Attitude	154
the induced-compliance paradigm advocating a contrary position reinterpretations of dissonance theory	
Groups as Agents of Change	164
people-changing groups	
Resistance to Change	167
selective exposure building defensive counterarguments use of fear appeals groups as agents for resistance to change	
10 HUMAN GROUPS	179
Sociometry and Group Structure	181
exchange theory and sociometric choice properties of sociometric structures	
The Status Structure	189
determinants of status comparison processes and status stability in the status structure change in the status structure distinctions between status and affect structures	
11 SOCIAL NORMS AND CONFORMITY	201
Norms and Norm Formation	202
forces toward norm formation	

A Theory of Normative Behavior	208
behavior and attitudes for which norms emerge conformity in different groups distribution of conformity in the group	
Conformity to Norms of Social Responsibility	220
defining the situation the norm of reciprocity norms and harming another person	
Norms and Deviance in Society	227
deviant behavior and lack of fit between means and values	
12 LEADERSHIP, GROUP PRODUCTIVITY, AND SATISFACTION	231
Role Differentiation	233
task and social-emotional specialization	
Group Structure and Leadership	237
leadership, authority, and the normative structure	
Group Productivity	240
groupthink group structure and the task situation individual versus group risk-taking	
Leadership and Task Performance	248
leadership and satisfaction leadership and productivity	
The Problem-solving Process	252
member satisfaction satisfaction and productivity	
13 HUMANS AS ROLE PLAYERS	259
Nature of Social Roles	260
position or role category; role player or actor role expectations; social role role behaviors	
The Social System	264
relations among social roles social roles in ongoing interaction	
Social Norms and Roles	267
properties of normative expectations	
Social Roles and Social Interaction	270
situational demands personality and role skills intruding roles role negotiation	
Social Role as an Integrating Concept	275
14 ROLE STRAIN AND ITS RESOLUTION	277
Social System and Role Strain	277
clarity and consensus in role expectation mechanisms for increasing consensus conflicting and competing expectations actors in several roles reduction of conflicting role	

expectations discontinuities in status passage system organization and role strain	
Personality and Role Strain	292
individual attributes attitudes and needs individual processes individual determinants of choice resolution a theory of role-conflict resolution	
Culture and Role Strain	297
15 PERSONALITY AND SITUATION	301
Individual versus Situational Determinants of Behavior	301
behavior as individual disposition behavior as a function of the situation dispositional and situational factors in moral behavior individual-in-situation	
Nature of the Self Concept	307
social nature of the self	
Resisting Change in Self and Behavior	311
an interpersonal theory of the self maintaining self, behavior, and social environment stabilizing effects of the social structure	
Changes in Self and Individual Behavior	320
life-cycle changes changes in group structures	
16 CRIME, DEVIANCE, AND IDENTITY	327
What Is a Social Problem?	327
Labeling Deviant Behavior	331
social power and the labeling of deviant behavior status and deviant labels specialists in labeling behavior labeling and mental illness	
Crime as Deviant Behavior	336
self and identity	
The Initial Labeling Process	338
distribution of crime in our society initial deviant acts	
Persistence of Criminal Behavior	350
consequences of initial deviant labels learning the deviant role	
GLOSSARY	357
BIBLIOGRAPHY	367
INDEXES	381
