1. **The Two Social Psychologies 1**  
What Is Social Psychology? Sociological Social Psychology: *Definition. Level of Analysis. Methodology. Theoretical Perspectives.* Psychological Social Psychology: *Definition. Level of Analysis. Methodology. Theoretical Perspectives.* Why a Synthesis of Social Psychologies? Symbolic Interactionism and Attribution Theory: Similarities. The Robbers Cave Experiment: An Integrated Strategy: *Group Formation. Intergroup Conflict. Intergroup Cooperation.* The Two Social Psychologies and This Book.
2. **Theories of Social Psychology 19**  
Symbolic Interactionism: *Premises of Symbolic Interactionism. Use of Symbols in Symbolic Interactionism. The Self. The Two Schools of Symbolic Interactionism. The Dramaturgical School: An Outgrowth of Symbolic Interactionism.* Role Theory: *Role Expectations. Types of Roles. Multiple Roles.* Exchange Theory: *The Propositions of Exchange Theory. Power and Exchange. The Norm of Reciprocity. Distributive Justice. Equity. Outcome Matrices.* Social Learning Theory: *Types of Learning. The Regulation of Behavior.*
3. **Methods in Social Psychology 47**  
Magic and Science: A Comparison: *Magic. Science.* Empirical Methods: *Laboratory Experiments. Field Experiments. Field Studies. Surveys. Unstructured Interviews. Participant Observation.* Ethics in Social Psychology: *Confidentiality and Privacy. Deception. Psychological Harm.*
4. **The Self 69**  
What Is the Self? *Definition of the Self. The Changing Self. The Development of the Self: Freud's View. The Role of Others in the Development of the Self. One's Own Role in the Development of the Self. Self-Presentation: Impression Management. Ingratiation. Self-Monitoring. Situated Identities.* Access to the Self: *Self-Awareness. Self-Disclosure.*
5. **Socialization 93**  
Theories of Socialization: *Macrosocial Approaches. Microsocial Approaches.* Socialization through the Life Cycle: *Adult Socialization. Erikson's Ego Stage Theory. Socialization in Later Life. Socialization into Total Institutions.*
6. **Sex Roles 115**  
Sex-Role Stereotypes. Sex Differences: *Intellectual Abilities. Personality Traits.* Explanations for Sex Differences: *Biological Explanations. Environmental Explanations: Theory. Environmental Explanations: Mechanisms.* Consequences of Sex-Role Stereotyping: *The Labor Force. Negative Beliefs about Women. Unhappiness, Illness, and Depression. Costs to Men.* Sex-Role Stereotypes: An Evolutionary Perspective. *Human Sexuality: The Stereotype of Sex Differences in Human Sexuality. Sex Differences in Human Sexuality. Explanations for Sex Differences in Human Sexuality.*
7. **Conformity 141**  
Conformity in Groups: *Types and Functions of Groups. Pressures toward Conformity. Types of Conformity: Compliance. Identification. Internalization.* When Will Conformity Occur? *Characteristics of Groups. Characteristics of Individuals. Obedience to Authority. Reacting against Conformity Pressures.*
8. **Deviance 163**  
Deviance as Problematic Behavior: *Goal-Means Gap Theory. Differential Association Theory. A Self Theory of Deviance. Labeling Theory: The Labeling Theory Perspective on Delinquency. Self-Fulfilling Prophecy. Blaming the Victim. The Labeling Theory Perspective on Mental Illness. Mental Illness as Witchcraft.* The Dramaturgical School: *The Dramaturgical Perspective on Mental Illness. Ethnomethodology.*
9. **Person Perception 185**  
Impression Formation. Establishing and Negotiating Identities. Correspondent Inference Theory. Actor-Observer Differences in Attributions. Cognitive Information Processing and Person Perception: *Attention. Encoding. Retrieval.*

**10. Attitudes and Attitude Change 213**

The Definition of Attitudes. The Functions of Attitudes. Attitude-Behavior Consistency. Attitude Change Induced by Persuasive Communications: *Type of Communicator. Type of Communication. Type of Audience: Involvement in the Issue.* Attitude Change Based on Cognitive Factors: *Cognitive Dissonance Theory. Self-Perception Theory.*

**11. Attraction 239**

Why We Like Others: *Similarity. Proximity. Familiarity. Competence. Physical Attractiveness. Balance Theory. Rewards and Punishments Associated with Others.* The Relationship of Liking and Romantic Loving. Love-Oriented Mate Selection. Why We Love Others: *The Misattribution of Arousal. Playing Hard to Get. Physical Attractiveness. Similarity. Complementarity. Value Similarity and Need Complementarity. The Social Setting. Exchange Theories.*

**12. Prosocial Behavior 263**

Sociobiology: *Biological Evolution. Social Evolution.* Bystander Intervention. Helper by Situation by Recipient Approach: *The Helper. The Situation. The Recipient.*

**13. Antisocial Behavior 287**

Biological Roots of Aggression: *Arguments for the Biological Origins of Aggression. Arguments against the Ethological Position.* Aggressor by Situation by Victim Model: *The Aggressor. The Situation. The Target.*

**14. Groups 315**

Types of Groups: *Primary Groups. Reference Groups. Formal Task Groups, Informal Groups, and Aggregates.* Group Structure: *Power Structures. Communication Structures. Interpersonal Attraction Structures.* Group Performance: *Additive Tasks. Disjunctive Tasks. Conjunctive Tasks. Complementary Tasks. Social Facilitation.* Group Dynamics: *Group Cohesion. Group Polarization. Minority Influence. Leadership: Leadership*

*Traits. Behavioral Style. Leadership Strategies and Situations.*

**15. Intergroup Relations 345**

The Historical Approach to Intergroup Relations: *Internal Colonialism. Assimilation and Acculturation. Institutional Racism. Cognitive Processes That Contribute to Prejudice and Stereotyping: Categorization. Perceptual Assimilation and Contrast. The Principle of Least Effort. The Norm of In-Group/Out-Group Bias. The Ultimate Attribution Error. Ethnocentrism. Ambivalent Attitudes and Polarized Responses.* Reducing Prejudice and Stereotyping: *The Contact Hypothesis. Reducing Intergroup Ignorance. Other Techniques.*

**16. Collective Behavior 369**

What Is Collective Behavior? Interactions Characterizing Collective Behavior: *Milling. Collective Excitement. Social Contagion. Forms of Interaction: An Example.* Types of Collective Behavior. Mass Behavior: *Mass Communication. Types of Mass Behavior. Crowds: LeBon's Crowd Psychology. Deindividuation. Convergence Theory. Emergent Norm Theory.* Social Movements: *Value-Added Theory. Relative Deprivation. Resource Mobilization Theories.*

**17. Recent Applications of Social Psychology 391**

Social Psychology and the Criminal Justice System: *Eyewitness Testimony. Judicial Instructions. Environmental Psychology: Proxemics. Territoriality. Crowding.* Behavioral Medicine: *Psychosomatic and Somatopsychic Medicine. Preventing and Treating CHD.* Energy Conservation: *The Problem Defined. Resistance to Conservation. Energy Conservation Programs. Implementing Energy Conservation Programs.*
