

# Table of Contents

<b>List of Figures .....</b>	<b>6</b>
<b>List of Tables.....</b>	<b>7</b>
<b>List of Abbreviations.....</b>	<b>9</b>
<b>Preface BfN .....</b>	<b>13</b>
<b>Foreword.....</b>	<b>15</b>
<b>1 Introduction.....</b>	<b>17</b>
1.1 Background.....	17
1.2 Objectives and structure of the report.....	19
<b>2 Methodology .....</b>	<b>20</b>
<b>3 Political Background.....</b>	<b>22</b>
3.1 The Convention on Biological Diversity (CBD).....	22
3.1.1 Secretariat and Convention bodies.....	22
3.1.2 Financial mechanism.....	24
3.1.3 Thematic programmes and cross-cutting issues.....	25
3.2 Forest biodiversity in the run-up to COP9.....	26
3.2.1 In-depth review of the Programme of Work on Forest Biodiversity.....	27
3.2.2 Negotiation process for forest protected area networks.....	28
3.2.3 Appraisal of the negotiation outcomes.....	32
<b>4 Setting Priorities in Global Forest Conservation .....</b>	<b>33</b>
4.1 Introduction.....	33
4.2 Global approaches and criteria for setting conservation priorities.....	34
4.2.1 Proactive and reactive approaches.....	34
4.2.2 Ecological criteria.....	36
4.2.3 Socio-economic criteria.....	42
4.2.4 Where do the global approaches locate priority forests?.....	43

- 4.3 CBD guidelines on important areas for forest conservation ..... 45
  - 4.3.1 Suitability of existing approaches for specifying the CBD guidelines . 47
- 4.4 Progress towards the 10% target for forest protection..... 49
  - 4.4.1 Methodology ..... 50
    - 4.4.1.1 Global forest cover and forest types ..... 50
    - 4.4.1.2 WWF ecoregions framework ..... 52
    - 4.4.1.3 Protected areas ..... 52
    - 4.4.1.4 Global gap analysis for forests and protected areas ..... 53
  - 4.4.2 Results and discussion ..... 54
    - 4.4.2.1 The updated Global Forest Map and forest types ..... 54
    - 4.4.2.2 The WWF ecoregions framework as a surrogate for forest types..... 56
    - 4.4.2.3 Protection of global forest cover and forest types..... 59
    - 4.4.2.4 Forest protection in WWF realms and ecoregions..... 60
    - 4.4.2.5 Forest protection in global biodiversity priority areas ..... 63
- 4.5 Proposal for action under the CBD..... 66
  - 4.5.1 Identification of forests in need of immediate protection (FINIP) ..... 66
  - 4.5.2 Selection of new forest protected areas within FINIP ..... 68
  - 4.5.3 Framework for tracking progress towards the CBD forest targets..... 69
  - 4.5.4 Utility of the generic 10% target..... 71
- 5 Options for Financing a Network of Forest Protected Areas ..... 73**
  - 5.1 Trends and needs in financing PA and FPA ..... 73
  - 5.2 Overview of financing mechanisms ..... 76
    - 5.2.1 Fund-related mechanisms ..... 78
    - 5.2.2 External financing sources..... 79
    - 5.2.3 Market-based instruments..... 81
    - 5.2.4 Generating other funding sources for conservation ..... 91
  - 5.3 Summarising evaluation of the introduced financing instruments..... 94

5.4	Proposal for action .....	100
5.4.1	A virtual marketplace for ES provided by FPA .....	102
5.4.2	A virtual partnership platform for FPA .....	106
5.4.3	A comprehensive financing strategy for FPA .....	108
<b>6</b>	<b>Implementing a Forest Protected Area Network Under the CBD.....</b>	<b>112</b>
6.1	Character and functions of the network .....	112
6.2	The learning network for forest protected areas (LeaFPAN).....	114
6.3	How to join the LeaFPAN.....	116
6.4	Participation in the financing mechanisms.....	120
6.5	A need for new institutions?.....	123
<b>7</b>	<b>Conclusion.....</b>	<b>126</b>
7.1	Research needs .....	126
7.2	Prospects and limitations of the proposed protected area network .....	128
<b>8</b>	<b>Summary .....</b>	<b>131</b>
<b>9</b>	<b>Zusammenfassung.....</b>	<b>135</b>
<b>10</b>	<b>References .....</b>	<b>141</b>
	<b>Appendix 1: Project activities and publications .....</b>	<b>157</b>
	<b>Appendix 2: Forest and protected areas – Definitions .....</b>	<b>161</b>
	<b>Appendix 3: Global approaches for conservation priority setting.....</b>	<b>164</b>
	<b>Appendix 4: IUCN protected area management category system .....</b>	<b>165</b>
	<b>Appendix 5: Regional initiatives for forests and protected areas .....</b>	<b>168</b>

## List of Figures

Fig. 1:	In-depth review process under the Convention on Biological Diversity (CBD) using the example of the expanded Programme of Work (PoW) on Forest Biodiversity. ....	28
Fig. 2:	Percentage of forest cover in each WWF ecoregion at the 10% tree cover threshold .....	57
Fig. 3:	Distribution of the percentage of protected forest area within WWF ecoregions at the IUCN management categories I-IV. ....	62
Fig. 4:	Process of identifying and demarcating new forest protected areas (FPA)..	66
Fig. 5:	Classification of financing mechanisms (adapted from EMERTON et al. 2006)..	77
Fig. 6:	Sources, actors, measures and objectives of the Costa Rican system of payments for ecosystem services (Pagos por Servicios Ambientales, PSA) .....	84
Fig. 7:	Market-based instruments for financing FPA.....	102
Fig. 8:	Virtual marketplace for ecosystem services (ES) provided by forest protected areas (FPA).....	103
Fig. 9:	Virtual partnership platform for forest protected areas (FPA).....	107
Fig. 10:	Proposed financing strategy for a global forest protected areas network ...	109
Fig. 11:	Functioning of LeaFPAN – The learning network for forest protected areas (FPA).....	117

## List of Tables

Tab. 1:	View of the CBD Alliance on the negotiation process after the first week of COP9 (taken from ECO 2008b).....	31
Tab. 2:	Approaches for the selection of priority areas for conservation based on ecological criteria (modified BROOKS et al. 2006), cf. Appendix 3 for related NGO and research institutes.....	35
Tab. 3:	Measures of vulnerability (V) as defined by the approaches listed in Tab. 2.....	37
Tab. 4:	Biological targets used by the approaches listed in Tab. 2.....	38
Tab. 5:	Measures of irreplaceability (I) as defined by the approaches listed in Tab. 2.....	39
Tab. 6:	Measures of representativeness as defined by the approaches listed in Tab. 2.....	40
Tab. 7:	Examples for intergovernmental agreements concerning global conservation targets and protected areas.....	41
Tab. 8:	Management and protection requirements for areas identified as global conservation priorities by NGO (cf. Tab. 2) and intergovernmental agreements (cf. Tab. 7).....	43
Tab. 9:	CBD guidelines for the selection of important areas for biodiversity conservation).....	46
Tab. 10:	Suitable approaches for specifying the CBD guidelines for the selection of forest in need of immediate protection (FINIP).....	48
Tab. 11:	Datasets used in global land cover classification.....	51
Tab. 12:	Extent of global forest area at the 10% tree cover threshold (MODIS05 VCF) in the updated Global Forest Map (GFM);.....	55
Tab. 13:	Utility of the updated Global Forest Map and the WWF ecoregion framework as tools for assessing progress towards the CBD 10% target for forest protection.....	58
Tab. 14:	Area of global forest types in the updated Global Forest Map (GFM) and percentage protected under the IUCN management categories I-IV and I-VI. ....	60
Tab. 15:	Forest area (> 10% tree cover) within WWF realms and percentage protected under the IUCN management categories I-IV and I-VI.....	61
Tab. 16:	Forest area (> 10% tree cover) within Conservation International Biodiversity Hotspots and the percentage protected under the IUCN management categories I-IV and I-VI.....	64

Tab. 17: Forest area (> 10% tree cover) within Conservation International High Biodiversity Wilderness Areas and the percentage protected under the IUCN management categories I-IV and I-VI. ....	65
Tab. 18: Chances and risks associated with debt-for-nature-swaps.....	80
Tab. 19: Evaluation of the significance and potential of external FPA funding sources .....	95
Tab. 20: Further criteria for financing FPA by implementing external funding sources .....	96
Tab. 21: Evaluation of the significance and potential of MBI for FPA .....	97
Tab. 22: Further criteria for financing FPA by implementing MBI .....	98
Tab. 23: Evaluation of significance and potential of other funding sources for FPA.....	99
Tab. 24: Further criteria for financing FPA by implementing other funding sources .....	100
Tab. 25: Admission requirements and potential attractiveness for three different network options: Basic, prestigious and learning network .....	114
Tab. 26: Requirements for FPA admission to the global learning network for FPA (LeaFPAN) .....	119
