Introduction

Albert J. Glass

I. <i>World War I</i>	xiv
II. <i>Between WW I and WW II</i>	xv
III. <i>World War II</i>	xv
IV. <i>The Korean War</i>	xxii
V. <i>Viet Nam</i>	xxiii
VI. <i>Biochemical Responses in Combat</i>	xxvii
VII. <i>Summary</i>	xxix
<i>References</i>	xxx

1. Army Psychiatry in Viet Nam

William S. Allerton

I. <i>Introduction</i>	2
II. <i>Historical Background</i>	2
III. <i>Psychiatric Programs in the Republic of Viet Nam</i> <i>Prior to August 1965</i>	5
IV. <i>Psychiatric Organization in Viet Nam, 1965-1968</i>	6
V. <i>Problems in Psychological Adjustment in Viet Nam</i>	9
VI. <i>Treatment Methods</i>	10
VII. <i>Statistical Trends</i>	14
VIII. <i>Evaluation of Statistical Trends</i>	15
IX. <i>Summary</i>	16
<i>References</i>	17

2. Patterns of Psychiatric Attrition and of Behavior in a Combat Zone

Gary L. Tischler

I. Introduction	19
II. The Present Study	24
III. Concluding Remarks	41
References	43

3. Psychiatry in the Army of The Republic of Viet Nam

Nguyen Duy San

I. Introduction	45
II. Sociocultural Background	47
III. Historical Background	55
IV. Present Psychiatric Organization in the ARVN	56
V. Statistical Data: NP Casualties in the ARVN during 1963-1967	58
VI. Comments and Discussion	59
VII. Conclusions	71
References	72

4. Effects of Combat Stress on Hospital Ship Psychiatric Evacuees

Robert E. Strange

I. Introduction	75
II. Functions and Facilities	76
III. Intake Statistics	76
IV. Combat as a Precipitating Stress	77
V. Combat-Precipitated Psychiatric Syndromes	78
VI. General Characteristics of Psychiatric Evacuees from Combat	87
VII. Responses during Hospitalization and Treatment	89
VIII. Treatment and Disposition	90
IX. Summary	92
References	92

5. Urinary 17-OHCS Levels in Two Combat Situations

Peter G. Bourne

I. Introduction: Endocrinology and Stress	95
II. Collection of Data	99
III. Results: Urinary 17-Hydroxycorticosteroid Excretion	102

IV. Discussion	106
References	115
6. Androgen Excretion in Stress	
Robert M. Rose	
I. Psychoendocrinology	117
II. Assessment of Androgen Activity	121
III. Methods	128
IV. Results	130
V. Discussion	140
VI. Summary	143
References	144
7. Heat Stress in Army Pilots in Viet Nam	
Robert J. T. Joy	
I. Introduction	149
II. Methods	150
III. Results	153
IV. Discussion	156
V. Summary	164
References	166
8. Background Characteristics, Attitudes, and Self-Concepts of Air Force Psychiatric Casualties from Southeast Asia	
Vincent Wallen	
I. Introduction	168
II. Related Clinical Studies	170
III. Research Methodology	172
IV. Research Considerations	173
V. Theoretical Considerations	176
VI. Methods of Data Collection	179
VII. Statistical Treatment of the Data	180
VIII. Results	181
IX. Discussion of Results	185
X. Conclusions	186
XI. Implications for Future Research	187
Appendix A: Instructions for Judgments of Personality Traits (Characteristics)	189
Appendix B: Definitions of Traits	190
Appendix C: Categorization of Traits	191

Appendix D: Q Sort Administration Instructions 193
Appendix E: Actual-Self-Ideal-Self Correlation
Coefficients and Fisher's z Equivalents for the
Psychiatric Patient Sample 194
References 195

9. A Review of Stress and Fatigue Monitoring of Naval Aviators during Aircraft Carrier Combat Operations: Blood and Urine Biochemical Studies

Frank H. Austin, Jr.

I. Introduction 197
II. Method 198
III. Results 202
IV. Discussion 209
V. Conclusions 217
References 218

10. Military Psychiatry and the Viet Nam War in Perspective

Peter G. Bourne

I. Introduction 219
II. Historical Background 221
III. Current Concepts and the Contribution of the
Viet Nam War 225
IV. Conclusions 234
References 235

Subject Index 237
