Foreword .....	v
E. K. ERIC GUNDERSON	
Acknowledgments .....	vii
Contributors .....	xiii
Introduction .....	1
ALBERT A. HARRISON, YVONNE A. CLEARWATER, AND CHRISTOPHER P. MCKAY	
Part I. Settings .....	7
1. Life in Antarctica .....	9
PATRICK E. CORNELIUS	
2. An Experiential Perspective on Conducting Social and Behavioral Research at Antarctic Research Stations .....	15
MARC LEVESQUE	
3. A Review of Antarctic Behavioral Research .....	21
ARREED F. BARABASZ	
4. Current International Human Factors Research in Antarctica ...	31
DESMOND J. LUGG	

5. The Research Program of the International Biomedical Expedition to the Antarctic (IBEA) and its Implications for Research in Outer Space .....	43
A. J. W. TAYLOR	
6. The Antarctic Experience .....	57
SIDNEY M. BLAIR	
7. Personnel Deployment Systems: Managing People in Polar and Outer Space Settings .....	65
PHILIP R. HARRIS	
8. Psychological and Sociological Aspects of Manned Spaceflight .....	81
WILLIAM K. DOUGLAS	
9. Scientists and Seamen .....	89
BEN FINNEY	
10. Three Decades of Nuclear Submarine Research: Implications for Space and Antarctic Research .....	103
BENJAMIN B. WEYBREW	
11. National Park Service Areas as Analogues for Antarctic and Space Environments .....	115
ROBERT J. VALEN AND BARRETT S. CALDWELL	
 Part II. Orientations and Perspectives .....	 123
12. Theoretical Approaches to Adaptation to Antarctica and Space .....	125
CHESTER M. PIERCE	
13. Groups in Isolation and Confinement: Environments and Experiences .....	135
PETER SUEDFELD	
14. Environmental Design Cybernetics: A Relativistic Conceptual Framework for the Design of Space Stations and Settlements ....	147
WOLFGANG F. E. PREISER	
15. Small Groups and Confined Microsocieties .....	161
JOSEPH V. BRADY AND MARY A. ANDERSON	
16. Applications of Living Systems Theory to Life in Space .....	177
JAMES GRIER MILLER	

<b>Part III. Isolation and Confinement Effects</b> .....	199
17. Effects of Isolation on States of Consciousness .....	201
ARREED F. BARABASZ	
18. Imaginative Involvement in Antarctica: Applications to Life in Space .....	209
MARIANNE BARABASZ	
19. Psychological Effects of Isolation and Confinement of a Winter-Over Group at McMurdo Station, Antarctica .....	217
DONNA C. OLIVER	
20. Winter-Over Stress: Physiological and Psychological Adaptation to an Antarctic Isolated and Confined Environment .....	229
SYBIL CARRÈRE, GARY W. EVANS, AND DANIEL STOKOLS	
21. Group Adaptation and Individual Adjustment in Antarctica: A Summary of Recent Research .....	239
LAWRENCE A. PALINKAS	
22. International Biomedical Expedition to the Antarctic: Physiological Studies in the Field .....	253
IAN F. G. HAMPTON AND RAINER GOLDSMITH	
23. The Third-Quarter Phenomenon: Do People Experience Discomfort After Stress Has Passed? .....	261
ROBERT B. BECHTEL AND AMY BERNING	
24. Communication Issues of Spaceflight .....	267
MARY M. CONNORS	
<b>Part IV. Interventions and Outcomes</b> .....	281
25. The International Biomedical Expedition to the Antarctic: Psychological Evaluations of the Field Party .....	283
JEAN RIVOLIER, GENEVIEVE CAZES, AND IAN MCCORMICK	
26. Crew Selection for an Antarctic-Based Space Simulator .....	291
JEAN RIVOLIER, CLAUDE BACHELARD, AND GENEVIEVE CAZES	
27. The Psychophysiology of Adaptation and Competence: Altered States of Consciousness During Antarctic Wintering .....	297
KIRMACH NATANI	

28. Psychological Effects of Long-Duration Space Missions and Stress Amelioration Techniques .....	305
ARLENE S. LEVINE	
29. Proxemics and Privacy: Managing the Problems of Life in Confined Environments .....	317
DOUGLAS RAYBECK	
30. Functional Esthetics to Enhance Well-Being in Isolated and Confined Settings .....	331
YVONNE A. CLEARWATER AND RICHARD G. COSS	
31. Windows: Their Importance and Functions in Confining Environments .....	349
RICHARD F. HAINES	
32. Decreasing Stress Through the Introduction of Microenvironments .....	359
PAUL N. KLAUS	
33. Keeping the Peace in Space: A Neighborhood Model for a Community-Based, Conflict-Resolution-Oriented Justice System .	363
DONALD M. SCOTT	
34. Antarctica and Outer Space: Emerging Perspectives and Perceptions .....	373
HARRY H. ALMOND, JR.	
35. Justice in the Antarctic, Space, and the Military .....	383
F. KENNETH SCHWETJE	
Conclusion: Recommendations for Future Research .....	395
ALBERT A. HARRISON, YVONNE A. CLEARWATER, AND CHRISTOPHER P. MCKAY	
Index .....	403
