I

THEORIES OF STRESS AND EMOTIONS

1 Intellectual Emotions <i>James R. Averill</i>	3
Hope As an Emotion	5
Metaphors of Hope	7
Hope As Experienced by Koreans and Americans	9
Implications for Theories of Emotion	14
Summary	15
References	16
2 Reversal Theory and the Structure of Emotional Experience <i>Michael J. Apter</i>	17
Affect and the Principle of Reversal	17
Somatic Emotions	18
Transactional Emotions	22
The Structure As a Whole	25
Functional Aspects of the Theory	27
Summary	28
References	29
3 One Person's Stress Is Another Person's Pleasure <i>Marvin Zuckerman</i>	31
Cognitive Factors in Sensation Seeking	33
Biological Bases of Differential Reactions to Stress	38
Conclusions	41
Summary	42
References	42
4 Emotions and Adaptation: An Open-Systems Perspective <i>Joop Hettema</i>	47
Three Faces of Emotions	47

	Current State of Affairs	49
	Major Dimensions of Emotion Theories: Analysis by Aspects	50
	Adaptation: Personality As an Open System	51
	Dynamic Equilibrium, Emotions, and Motivation	52
	A Comprehensive Framework	56
	The Experimental Study of Emotions	59
	Concluding Remarks	60
	Summary	61
	References	61
5	Emotion in Sports: An Action Theoretical Analysis <i>Dieter Hackfort</i>	65
	Action Theory and the Study of Emotions	65
	Control of Action by Emotions/Control of Emotions by Actions	66
	Summary	71
	References	71
 <i>II</i> <i>PERCEPTION, COGNITION, AND EMOTION</i> 		
6	Trait Anxiety and Cognition <i>Michael W. Eysenck</i>	77
	Method	78
	Results	79
	Discussion	80
	Summary	83
	References	83
7	Need Achievement Revisited: Verification of Atkinson's Original 2 × 2 Model <i>Martin V. Covington and Carol L. Omelich</i>	85
	Methods	90
	Results and Discussion	93
	General Discussion	101
	Summary	103
	References	104
8	Relationships between Maturity of Moral Judgment and State-Trait Anxiety <i>Angela M. B. Biaggio</i>	107
	Study 1	110
	Study 2	112
	Summary	115
	References	116
	Appendix	117
9	The Role of Effort in Stress and Emotion <i>Sven Svebak</i>	121
	Concepts of Effort	121
	A Phenomenological Approach	126
	Concluding Perspectives	131
	Summary	132
	References	132

III

PHYSIOLOGICAL AND BIOCHEMICAL CONCOMITANTS OF STRESS AND EMOTION

10	Decreased Impact of Stress: Biological and Developmental Factors in Psychopathy <i>Zsuzsanna Kulcsár</i>	137
	Psychopathy and the Frontal Lobe Functions	138
	Motor-Programming Frontal Systems	139
	The Input-Control Model of Pribram	142
	Posterior and Frontal Intrinsic Systems in the Pribram Model	143
	Individual Differences in the Function of Internal Versus External Control Systems	144
	Hypothesis	144
	Interactive Skills in Psychopathy	145
	Temporal Sequencing, Neostriatal Functions, and Laterality	146
	An Experimental Approach to the Function of the Motor-Programming Systems	147
	Possible Developmental Antecedents of a Deficient Supplementary Motor Area Function	150
	Summary	151
	References	152
11	Psychophysiological Characteristics of Anxiety Patients <i>Maria S. Kopp, Katalin Mihály, and István Bitter</i>	157
	Method	158
	Results	160
	Discussion	164
	Summary	165
	References	166
12	Modification of Physiological and Subjective Responses to Stress Through Heart Rate and Skin Conductance Biofeedback <i>Eszter Láng, David Shapiro, and Laurence Cobb</i>	167
	Method	168
	Results	171
	Conclusions	174
	Summary	176
	References	176
13	Postdexamethasone Serum Cortisol Level and Coping <i>Ede Frecska, Hedvig Lukács, Mihály Aráto, László Mód, Antal Alföldi, and Peter Powchik</i>	179
	Subjects and Methods	180
	Results and Comments	180
	Discussion	183
	Summary	185
	References	185
14	Do Biochemical Response Patterns Tell Us Anything about Trait Anxiety? <i>Petra Netter</i>	187
	Approaches and Systems Involved in the Study of Brain Biochemistry and Anxiety	188

	Hypotheses and Previous Results in the Study of Plasma Catecholamines and Anxiety	189
	An Experiment Investigating Relationships between Catecholamines and Trait Anxiety	193
	Summary	210
	References	210
15	Effects of Ketamine Anesthesia and Stress-Reducing Psychological Methods on Surgery Patients <i>Peter Migály, János Károvi, Tivadar Jakab, and Katalin Gaál</i>	215
	Methods	216
	Results	218
	Discussion and Conclusion	219
	Summary	222
	References	222

IV

STRESS, EMOTION, TYPE A BEHAVIOR, AND HEART DISEASE

16	Perception of Anxiety Situations in Dutch Adolescents: Sex and Age Differences and Cross-Cultural Comparisons <i>Jaap Mook and Henk M. van der Ploeg</i>	227
	Method	228
	Results	228
	Concluding Remarks	231
	Summary	231
	References	232
17	Type A Components, Stress Responses, and Enforced Time Wasting <i>John Wallace Hinton and Elke Rotheiler</i>	233
	Overview of the Concepts and Characteristics of Type A Pattern	233
	The FAB A Questionnaire for Assessing Type A Pattern	236
	The Present Study: Type A Pattern, Stress Reactions, and the Effect of Work Deprivation	238
	Concluding Comments	245
	Summary	246
	References	246
18	Type A Behavior, Self-Reference, and the Activation of Anger and Aggression <i>Dennis G. Dyck, Sandra A. Yuen, Dieter J. Schonwetter, and Michel Pierre Janisse</i>	249
	Experiment 1	250
	Experiment 2	256
	General Discussion	260
	Summary	261
	References	262
19	Anger and Anxiety in Essential Hypertension <i>Charles D. Spielberger, Rosario S. Crane, William D. Kearns, Karen L. Pellegrin, Richard L. Rickman, and Ernest H. Johnson</i>	265
	Research on Hypertension Based on Case Studies	266

Studies of Hypertension with Projective Techniques	267
Environmental and Experimentally Induced Stress, Suppressed Anger, and Family History of Hypertension	268
Studies of Hypertension with Objective Tests	271
Racial Differences in Suppressed Anger and Hypertension	276
Discussion and Conclusions	278
Summary	279
References	279

APPENDIX: BRIEF REPORTS

Optimization of the Affective State by Feedback Seeking <i>Wolfgang Battmann</i>	287
Perceived Organizational Stress and Emotions: Global Self-Esteem and Interpersonal Competence as Moderators of Negative Consequences of Stress <i>Zenon F. Borucki</i>	289
Effect of Cognitive Task Difficulty on Anxiety and Cardiovascular Reaction <i>Wanda Ciarkowska</i>	291
Emotions and Top-Level Sport <i>Erwin Hahn</i>	293
Job Stress, Emotion, and Blood Pressure <i>Volker Hodapp, Karl Neuser, and Geerd Weyer</i>	297
DOZKOP, the Czech Form of the Test Anxiety Inventory: A Preliminary Validation <i>Rita Kloudová and Miluse Havlinová</i>	299
Stress of Hospitalization <i>Erzsébet Moussong-Kovács and Erika Szádoczky</i>	303
Effect of the Association of a Visual Stimulus with an Aversive Situation on Self-Exposure to Visual Stimulation <i>Jan Matysiak</i>	305
Effects of the Emotional Meaning of Stimuli on the P300 Component of the Event-Related Brain Potential <i>Ulrich Neumann and Jochen Schellenberg</i>	307
Tolerance to Mental Load and Personality Characteristics of Handball Referees <i>Imrich Ruisel</i>	311
The Polish Form of the State-Trait Anxiety Inventory for Children <i>Tytus Sosnowski, Danuta Iwaniszczuk, and Charles D. Spielberger</i>	315
Anxiety Changes Associated with Pregnancy <i>János Tiba, György Juhász, and Marianna Várfalvi</i>	319
The Influence of Self-Awareness on Heartbeat Perception <i>J. Weisz, L. Balázs, and G. Adám</i>	321
Observation and Arrangement of Stress-Related Emotion <i>Peter F. Werre</i>	323
Perception of Stress Situations and Psychosomatic Disease <i>K. Wrzesniewski</i>	327
<i>Author Index</i>	329
<i>Subject Index</i>	335
