Foreword	xi
<i>David R. Jacobs, Jr.</i>	
Preface	xvii
<i>Marc Hillbrand and Reuben T. Spitz</i>	
1 Introduction	1
<i>Marc Hillbrand and Reuben T. Spitz</i>	
Part I Lipids: Understanding the Biobehavioral Nexus	
2 Neurogenic and Behavioral Influences on Plasma Lipids	15
<i>Ray H. Rosenman</i>	
3 Lipids, Personality, and Stress: Mechanisms and Modulators	47
<i>Catherine M. Stoney and Sheila West</i>	
Part II Lipids and Psychological Distress	
4 Anxiety Disorders and Serum Lipids	69
<i>Chris Hayward</i>	
5 Lipids and the Coronary-Prone Personality	81
<i>Lorenz J. P. van Doornen</i>	
6 Pathophysiologic Relationships and Linkage Among Triglycerides, Hypocholesterolemia, and Depression	99
<i>Charles J. Glueck, Robert Kunkel, and Murray Tieger</i>	
7 Cholesterol Lowering and Emotional Distress: Current Status and Future Directions	113
<i>Steven M. Schwartz and Mark W. Ketterer</i>	
Part III Lipids and Brain Function	
8 Molecular Mechanisms Underlying the Effects of Cholesterol on Neuronal Cell Membrane Function and Drug-Membrane Interactions	127
<i>R. Preston Mason, Robert T. Rubin, Pamela E. Mason, and Thomas N. Tulenko</i>	
9 The Cholesterol-Serotonin Hypothesis: Interrelationships Among Dietary Lipids, Central Serotonergic Activity, and Social Behavior in Monkeys	139
<i>Jay R. Kaplan, Stephen B. Manuck, M. Babette Fontenot, Matthew F. Muldoon, Carol A. Shively, and J. John Mann</i>	

10	Plasma Lipoproteins and Apolipoproteins in Individuals Convicted of Violent Crimes	167
	<i>Frank M. Corrigan, Ronald F. Gray, E. Roy Skinner, Amanda Strathdee, and David F. Horrobin</i>	
11	Schizophrenia and Membrane Lipids	179
	<i>David F. Horrobin</i>	
Part IV Diet, Lipids, and Cognitive Processes		
12	Brain Lipids and Diet	197
	<i>Maria Teresa Tacconi, Federico Calzi, and Mario Salmona</i>	
13	Dietary Fat and Cognitive Functioning	227
	<i>David Benton</i>	
Part V: Public Health Perspectives		
14	Hypocholesterolemia, Hypolipoproteinemia, and Risk of Death	247
	<i>Roy B. Verdery</i>	
15	Low Serum Total Cholesterol and Mortality From Accidents and Suicide	263
	<i>Albertine J. Schuit, Jacqueline M. Dekker, and Evert G. Schouten</i>	
16	Cholesterol Lowering, Low Cholesterol, and Noncardiovascular Disease	275
	<i>John C. LaRosa</i>	
Part VI Concluding Issues		
17	Public Health Issues and Directions for Future Research	297
	<i>Reuben T. Spitz and Marc Hillbrand</i>	
	Author Index	303
	Subject Index	329
	About the Editors	341
