Preface	vii
Introduction	ix

PART I BASIC GROUP INFLUENCE

1. Social Impact Theory and Group Influence: A Social Engineering Perspective	
<i>Bibb Latané and Steve Nida</i>	3
The Theory	5
An Application of the Theory to Stage Fright	13
Scope of the Theory	21
On the Types of Social Force Fields and the Applications of Social Impact Theory	25
Social Engineering—The Possibilities	30
References	33
2. Compresence	
<i>Robert B. Zajonc</i>	35
Chronic and Transitory Effects of Compresence	36
Social Facilitation: Theory and Data	37
The Meaning of “MERE”	41
Social Facilitation as a Form of Evaluation	
Apprehension	44
The Nature of Arousal Generated by Compresence	47

Social Facilitation and Stress 51
 Social Facilitation and Prior Experience 55
 Social Facilitation of Eating in Satiated Animals 55
 Postscript 56
 References 56

3. The Effects of Being Observed on Performance

Russell G. Geen 61

Evidence of Audience-Induced Arousal 64
 Antecedents of Audience-Induced Arousal 69
 The Nature of Evaluation Apprehension 75
 The Role of Individual Differences in Reactions
 to Audiences 82
 Conclusions 89
 References 92

4. Audience Influence

Richard J. Borden 99

Historical Perspectives 101
 Audience Arousal 103
 Individual Differences in Audience Sensitivity 108
 Childhood Antecedents of Audience Sensitivity 110
 Recent Theoretical Orientations 111
 Expectancies, Predictability, and
 Self-Presentation 117
 Active Audiences 123
 Conclusions 125
 References 127

5. An Affiliative Conflict Theory of Personal and Group Spatial Behavior

Eric S. Knowles 133

Introduction 133
 Evaluating the Assumptions for an Affiliative
 Conflict Theory 140
 An Affiliative Conflict Theory of Personal Space 151
 Approach-Avoidance Gradients in Spatial Behavior 154
 Theoretical Extensions and Applications 166
 A Field-Theoretic Reinterpretation 177
 Conclusion 180
 References 183

6. Group Contact and Self-Focused Attention	
<i>Robert A. Wicklund</i>	189
Introduction to Self-Awareness	189
The Group's Control Over Self-Awareness	193
The Influence of Self-Awareness on the Person's Relations With Others	199
What is the Self-Aware Person's End Point?	202
Summary	205
References	206
7. Deindividuation: The Absence of Self-Awareness and Self-Regulation in Group Members	
<i>Ed Diener</i>	209
Introduction	209
Research Support	211
Proposed Theory of Deindividuation	224
Deindividuation: Sought or Avoided?	233
Related Phenomena	235
Future Research	237
References	239

PART II GROUP INFLUENCE IN INTERACTIVE SETTINGS

8. Crowding	
<i>Paul B. Paulus</i>	245
Definition of Crowding	246
Research Approaches to Crowding	249
Research Findings on Crowding	251
Social Facilitation and Crowding	272
Assessment of Theories of Crowding	275
A Multidensity Model	278
Conclusions	283
References	283
9. Cooperation and Competition	
<i>Milton E. Rosenbaum</i>	291
Cooperation	292
Competition	310
Cooperation Versus Competition	313
References	329

10. Experimental Research on the Social Psychology of Bargaining and Coalition Formation	
<i>Charles E. Miller and Rick Crandall</i>	333
Bargaining	334
Coalition Formation	350
References	369
11. Reaction to Opinion Deviance in Small Groups	
<i>John M. Levine</i>	375
Plan of the Paper	377
Theoretical Perspectives	377
Empirical Investigations	392
A Model of Reaction to Opinion Deviance	419
References	425
12. Influence Processes in Decision-Making Groups: A Modeling Approach	
<i>Garold Stasser, Norbert L. Kerr, and James H. Davis</i>	431
I. Introduction	431
II. Social Influence	433
III. Group Decision-Making and Social Influence	436
IV. Initial Disparity, Mutual Influence, and the Social Combination of Member Preferences: Social Decision Schemes	442
V. The Social Transition Scheme (STS) Model	454
VI. Social Interaction Sequence Model	462
VII. Social Influence in Decision-Making Groups: A Recapitulation	473
References	474
Author Index	478
Subject Index	490
