INTRODUCTION

Ecological and Community Perspectives on Disaster Intervention	1
<i>Richard Gist and Bernard Lubin</i>	

PART ONE FOUNDATIONS FOR THE STUDY OF DISASTER	9
Editors' Introduction	

1. The Social and Community Contexts of Disaster	11
<i>Kathleen J. Tierney</i>	
2. A Classification Scheme for Disasters	40
<i>Michael R. Berren, Jose M. Santiago, Allan Beigel, and Sue A. Timmons</i>	

PART TWO TYPES OF DISASTER	59
Editors' Introduction	

3. Natural Disasters	61
<i>Robert Bolin</i>	
4. Human Responses and Treatment Needs in Airline Disasters	86
<i>James Neal Butcher and Laurie A. Dunn</i>	
5. The Nature and Effects of Technological Failures	120
<i>Evelyn J. Bromet</i>	
6. Crime, Violence, and Terrorism	140
<i>Marlene A. Young</i>	

PART THREE APPROACHES TO INTERVENTION	161
Editors' Introduction	
7. Factors Influencing Help Seeking for Mental Health Problems after Disasters	163
<i>Suzanne Yates, Danny Axsom, Leonard Bickman, and George Howe</i>	
8. Mental Health and Disaster: Preventive Approaches to Intervention	190
<i>Diane Garaventa Myers</i>	
9. Clinical Responses to Disaster: Assessment, Management, and Treatment	229
<i>Charles B. Wilkinson and Enrique Vera</i>	
10. Planning and Integrating Disaster Response	268
<i>Morty Lebedun and Karl E. Wilson</i>	
PART FOUR EMERGING ISSUES IN INTERVENTION AND INVESTIGATION	281
Editors' Introduction	
11. Legal Issues and Public Policy in the Psychology of Disasters	283
<i>Don M. Hartsough</i>	
12. Research Issues in Assessing Disaster's Effects	308
<i>Susan D. Solomon</i>	
EPILOGUE	
Implications for Research and Practice	341
<i>Richard Gist and Bernard Lubin</i>	
Author Index	345
Subject Index	351
