Introduction

Bringing Gender to the Heart of Health Policy, Practice and Research	1
<i>Ellen Kuhlmann and Ellen Annandale</i>	

Part I Gendering Healthcare and Policy 19

1. Re-visiting Gender Justice in Health and Healthcare	21
<i>Sarah Payne and Lesley Doyal</i>	
2. Gender Equality and International Health Policy Planning	36
<i>Shelly N. Abdool, Claudia García-Moreno and Avni Amin</i>	
3. Gender Equity and Health Sector Reforms in Low and Middle-income Countries	56
<i>Hilary Standing</i>	
4. Gender-sensitive Indicators for Healthcare	72
<i>Vivian Lin and Helen L'Orange</i>	
5. Gender Assessment: European Health Research Policies	91
<i>Ineke Klinge</i>	
6. Gender and the Medicalization of Healthcare	107
<i>Susan E. Bell and Anne E. Figert</i>	

Part II The Social Patterning of Health by Gender 123

7. Changing Gendered Patterns of Morbidity and Mortality	125
<i>Chloe E. Bird, Martha E. Lang and Patricia P. Rieker</i>	
8. Reproductive Regimes: Governing Gendered Bodies	142
<i>Elizabeth Ettorre and Carol Kingdon</i>	

9.	Coronary Heart Disease: Gendered Public Health Discourses <i>Elianne Riska</i>	158
10.	Gender and Mental Health <i>Joan Busfield</i>	172
11.	HIV/AIDS and Gender <i>Leah Gilbert and Terry-Ann Selikow</i>	189
Part III	Equity and Access to Healthcare	205
12.	Gender and Help-seeking: Towards Gender-comparative Studies <i>Kate Hunt, Joy Adamson and Paul Galdas</i>	207
13.	Gender Differences in Healthcare Utilization in Later Life <i>Kakoli Roy and Anoshua Chaudhuri</i>	222
14.	Men's Health and Well-being <i>Toni Schofield</i>	239
15.	The Healthcare Needs of Gay and Lesbian Patients <i>Jane Edwards</i>	256
16.	Mothers and Children: What Does Their Health Tell Us about Gender? <i>Tulsi Patel</i>	272
17.	Gender, Health, Care and Place: Living in Rural and Remote Communities <i>Ivy Lynn Bourgeault and Rebecca Sutherns</i>	287
Part IV	Gendering the Organization and Delivery of Healthcare	303
18.	The New Management of Healthcare: 'Rational' Performance and Gendered Actors <i>Jim Barry, Elisabeth Berg and John Chandler</i>	305
19.	Old Age Care Policies: Gendering Institutional Arrangements across Countries <i>Viola Burau, Hildegard Theobald and Robert H. Blank</i>	321
20.	Primary Prevention and Health Promotion: Towards Gender-sensitive Interventions <i>Petra Kolip</i>	337

21.	Gender and Maternal Healthcare	355
	<i>Jane Sandall, Cecilia Benoit, Edwin van Teijlingen, Sirpa Wrede, Eugene Declercq and Raymond De Vries</i>	
22.	Women's Health Centres: Creating Spaces and Institutional Support	371
	<i>Pat Armstrong</i>	
Part V	The Professions as Catalyst of Gender-sensitive Healthcare	387
23.	Women in the Medical Profession: International Trends	389
	<i>Elianne Riska</i>	
24.	Sex, Gender and Health: Developments in Medical Research	405
	<i>Toine Lagro-Janssen</i>	
25.	Gender Mainstreaming at the Cross-roads of Eastern-Western Healthcare	421
	<i>Ling-fang Cheng, Ellen Kuhlmann and Ellen Annandale</i>	
26.	Nursing: Globalization of a Female-gendered Profession	437
	<i>Sirpa Wrede</i>	
Conclusion		
	Gender and Healthcare: The Future	454
	<i>Ellen Annandale and Ellen Kuhlmann</i>	
<i>Index</i>		470

Figures

4.1	The health information framework	77
7.1	Constrained choice model	131
8.1	International caesarean section rates	146
8.2	Human Fertilisation and Embryology Authority (UK) register data for IVF and ICSI	150
9.1	Typology of masculinities and CHD risks constructed in scientific discourse	163
10.1	The changing boundaries of mental illness	175
20.1	Proportion of regular smokers 15 years and older in Germany	344
20.2	Death rate for cancer of the lungs, bronchial tubes and trachea in Germany	345

Tables

4.1	Practical steps for improving linkages between researchers and policy-makers	86
9.1	Ischaemic heart disease mortality by gender and country	164
10.1	One-month prevalence of selected mental disorders, USA, 1980–4	177
10.2	Prevalence rates of selected mental disorders, UK students 1993	178
14.1	Workplace injuries resulting in fatalities and lost time, international comparisons	246
15.1	Areas of focus and areas of neglect in the health of non-heterosexual women and men	258
15.2	Steps to improve healthcare for LGBTI populations	268
16.1	Child mortality rates in selected countries, 2005	273
16.2	Women and child health indicators in selected Indian states, 1998	277
19.1	Institutional configurations and trajectories of institutional change in old age care policies	332
20.1	Life expectancy at birth and potential years of life lost (PYLL) in selected countries, 2005	340
21.1	Maternity morbidity data, Canada, 2002–3; 2005–6	358
23.1	Women in the medical profession in selected OECD countries in 2006	392
23.2	Proportion (%) of women doctors in selected medical specialties in Finland, Sweden, Lithuania, the United States, and the United Kingdom	396
25.1	Composition of the medical and nursing workforce in Taiwan, 2008	426
25.2	Students of healthcare by percentage of women, 1997 and 2008	427

Boxes

2.1	Involving people living with HIV in delivery of HIV/AIDS services in Kenya	43
2.2	Health Workers for Change: Gender-sensitive interventions for health infrastructure and quality of care	45
2.3	Mainstreaming gender into the Kenya national HIV/AIDS strategic plan: Gender and HIV/AIDS Technical Subcommittee and the POLICY Project, Kenya	48
3.1	Gender impact of user charges under HSR in sub-Saharan Africa	62
3.2	Latin America: Opening up spaces for integrating gender into HSR	64
4.1	Promotion of the equitable use of eye services and reduction of eye disease and blindness in Tanzania	75
4.2	The US National Report Card on Women's Health	81
4.3	Preventing domestic violence in Australia	83
22.1	Centres of Excellence for Women's Health – what do they contribute?	376
24.1	Integration of gender into the basic medical curriculum	414
