Chapter 1	Introduction	1
	A. Ganesh-Kumar, Devesh Roy, and Ashok Gulati	
Chapter 2	Food Market Liberalization in Bangladesh: How Well Did the Government and the Markets Deliver?	21
	Nuimuddin Chowdhury, Nasir Farid, and Devesh Roy	
Chapter 3	Achieving Food Security in a Cost-Effective Way: Implications of Domestic Deregulation and Liberalized Trade in India	47
	Shikha Jha, P. V. Srinivasan, and A. Ganesh-Kumar	
Chapter 4	Liberalization and Food Security in Nepal	91
	Bishwambher Pyakuryal, Y. B. Thapa, and Devesh Roy	
Chapter 5	Impact of Domestic Agricultural Trade Liberalization and Market Reform Policies on Food Security in Pakistan	119
	Munir Ahmad, Caesar Cororaton, Abdul Qayyum, Muhammad Iqbal, and Paul Dorosh	

**Chapter 6 Impacts of Trade Liberalization and Market Reforms
on the Paddy-Rice Sector in Sri Lanka 151**

Jeevika Weerahewa

Chapter 7 Conclusion 189

A. Ganesh-Kumar, Devesh Roy, and Ashok Gulati

Contributors 201

Index 203

Tables

- 1.1 Questions addressed by the country case studies 17
- A1.1 Production, availability, and consumption of cereals in South Asia, 1961–2002 18
- 2.1 Food subsidies relative to expenditures, 1999–2004 (billions of Tk) 24
- 2.2 Milestones in agricultural and food policy transitions, 1979–2004 26
- 2.3 Broad changes in Bangladesh rice markets, 1960s–2003 29
- 2.4 Farm marketing of paddy over seasons, year through November 1990 (percent of quantity marketed) 31
- 2.5 Coarse rice and seasonality of farm rice marketing, 1990 31
- 2.6 Comparative marketing spreads of private trade and the Directorate General of Food 35
- 2.7 Rice and cereal intake by Bangladeshi households by bottom and top quintiles, 1988–2000 37
- 2.8 Simulations 1–6, higher world grain prices with liberalized trade 39
- 3.1 Chronology of government policies on foodgrains 50
- 3.2 Public procurement as a percentage of production, selected years, 1967–2006 54
- 3.3 Indian states: Prevalence of storage and trade restrictions 59
- 3.4 Surplus or deficit states in India, 1996–99 60
- 3.5 Economic growth and incidence of poverty in India, 1981–2005 66
- 3.6 Aggregate effects on quantities and prices 76
- 3.7 Efficiency gains relative to base scenario 77

- 3.8 Simulation results: Rice 78
- 3.9 Simulation results: Wheat 79
- 3.10 Changing trading partnerships with freer domestic trade 81
- 3.11 Welfare gains from base case trade restrictions eliminated and transport cost reduced 25 percent (Rs 10 million) 83
- 4.1 Poverty incidence across regions in Nepal 93
- 4.2 Farm statistics by region, 1992 94
- 4.3 Distribution of farmholdings and operational land by farm sizes, 1992 94
- 4.4 Food availability and requirement of cereals by region, 2000/01 95
- 4.5 Bound and applied tariffs on major agricultural products, August 2002 (percent) 100
- 4.6 CGE model results: Effect on output variables 102
- 4.7 Nominal income, prices, and real income change as a percentage of base income 102
- 4.8 Food distribution quota and sales by district (MT) 104
- 4.9 Marketing cost of coarse rice in Kathmandu, by agency, 1982 (NRs/MT) 109
- A4.1 Profile of South Asia, 2002 111
- A4.2 Production, availability, and consumption of cereals in South Asia (thousands of MT) 112
- 5.1 Growth rates of area, yield, and production for various foodgrains, 1959/60 to 2007/08 (percent) 120
- 5.2 Evolution of policies affecting agriculture 121
- 5.3 Bound and applied tariff rates, selected years, 1995–2005 (percent) 123
- 5.4 Government procurement of wheat as a percentage of wheat production, 1990–2008 125
- 5.5 Total federal and provincial budgeted subsidies, 1990–2003 (millions of rupees) 126
- 5.6 Production and per capita availability of cereals in Pakistan, selected years, 1961–2002 (thousands of tons) 128
- 5.7 Per capita availability of calories and shares of various sources, selected years, 1961–2002 128

- 5.8 Food balance sheet for wheat, selected years, 1961–2004 (thousands of tons) 129
- 5.9 Food balance sheet for rice, selected years, 1961–2000 (thousands of tons) 130
- 5.10 Poverty, GDP growth, and inequality, selected years, 1963–2001 131
- 5.11 Farm classification by farm size, selected years, 1960–2000 132
- 5.12 Nominal and effective protection coefficients for selected commodities, selected years, 1960–2005 134
- 5.13 Incidental costs in wheat procurement and storage, 1996–2003 (Rs/MT) 137
- 5.14 Household-level effects 141
- 5.15 Effects on the wheat grain sector 142
- 5.16 Effects on wheat milling (flour) 142
- 5.17 Effects on factor prices (percent) 142
- 5.18 Sectoral output and price effects 143
- 6.1 Rice production and imports, selected years, 1970–2008 154
- 6.2 Comparison of income from paddy farming, selected years, 1980–2001 155
- 6.3 Profitability per acre per season of paddy farming, selected years, 1980–2001 (Rs) 155
- 6.4 Poverty by sector and by province, 1995/96 156
- 6.5 Poverty by source of household income 157
- 6.6 Poverty in Sri Lanka by size of paddy landholding, 1995 157
- 6.7 Chronology of policies and programs implemented in the paddy-rice sector 159
- 6.8 Purchases under the Guaranteed Price Scheme, 1965–74 159
- 6.9 Market share of the Paddy Marketing Board, selected years, 1972–95 162
- 6.10 Per capita calorie consumption 168
- 6.11 Parameter estimates and standard errors of the almost ideal demand system model, 1979–2000 168
- 6.12 Elasticity estimates: Demand, supply, and price linkage 169

- 6.13** Validation statistics 170
- 6.14** Impacts of trade liberalization on prices, calorie intake, demand, production, and trade 170
- 6.15** Share of items in total income and total expenditure by income group, 1995/96 175
- 6.16** Share of items in total income and total expenditure by sector, 1995/96 176
- 6.17** Consumer expenditure shares, 1996/97 176
- 6.18** Average percentage share of different sources of income, rural households 177
- 6.19** Impacts of rice trade liberalization by income group (percent) 178
- 6.20** Impacts of rice trade liberalization by sector (percent) 178
- 6.21** Impacts of rice trade liberalization by province (percent) 178
- 6.22** Impacts of trade liberalization on the paddy market 183

Figures

- 1.1 Spike in the global rice price, 2005–09 2
- 1.2 Trends in world poverty (US\$1.00 a day), 1981–2005 10
- 1.3 Distribution of poverty (US\$1.00 a day) across the world, 2005 10
- 1.4 Distribution of malnourishment, 2001–03 11
- 1.5 Food security at the household level 13
- 2.1 Some summary food security indicators: Pre- and postliberalization-period growth rates 28
- 3.1 Wheat-marketing channels in India 52
- 3.2 Paddy- and rice-marketing channels in India 53
- 3.3 Food subsidy at 1993/94 prices 57
- 3.4 Trading costs and wholesale marketing margins of private traders and FCI, 2000/01 63
- 3.5 Unit public and private storage costs 64
- 3.6 Movements in wholesale price indexes 67
- 3.7 Buffer stocks of cereals with central pool in India 69
- 3.8 Changes in total surplus in scenario 2 over base 82
- 4.1 Sales by Nepal Food Corporation, 1990–2001 105
- 4.2 Total grain distributed by Nepal Food Corporation, 1974–2002 105
- 4.3 Share of Kathmandu valley in Nepal Food Corporation distribution, 1974–2002 106
- 4.4 Purchases by Nepal Food Corporation, 1990–2001 107
