

## Inhaltsverzeichnis

<b>Geleitwort von Prof. Dr. Bernd Skiera .....</b>	<b>V</b>
<b>Geleitwort von Dr. Olaf Jäger-Roschko u. Jan Enno Einfeld (comdirect) VII</b>	<b>VII</b>
<b>Vorwort .....</b>	<b>IX</b>
<b>I. Synopsis .....</b>	<b>1</b>
I.1  Einleitung.....	1
I.2  Ziel und Vorgehensweise .....	3
I.3  Zusammenfassung der Studien.....	7
I.3.1  Beitrag 1: Schlereth, Christian / Skiera, Bernd (2009): „Schätzung von Zahlungsbereitschaftsintervallen mit der Choice-Based Conjoint-Analyse“ .....	7
I.3.2  Beitrag 2: Schlereth, Christian / Skiera, Bernd / Wolk, Agnieszka (2009): “Comparison of Discrete Choice Models for Pricing under Two-Part Tariffs” .....	8
I.3.3  Beitrag 3: Schlereth, Christian / Skiera, Bernd (2010): “Consideration of Service Attributes in Discrete Choice Models for Usage-Based Pricing: An Application for Bucket Pricing Plans of Digital Music”.....	10
I.3.4  Beitrag 4: Schlereth, Christian / Skiera, Bernd (2010): “Reduced Dual Response“.....	12
I.3.5  Beitrag 5: Schlereth, Christian / Stepanchuk, Tanja / Skiera Bernd (2010): “Optimization and Analysis of the Profitability of Tariff Structures with Two-Part Tariffs” .....	14
I.3.6  Beitrag 6: Schlereth, Christian (2010): „Flexible Umfrageplattform zur Integration innovativer Befragungsartefakte“ .....	16
I.4  Zusammenfassung .....	18
I.5  Literaturverzeichnis .....	19
<b>II. Schätzung von Zahlungsbereitschaftsintervallen mit der Choice-Based Conjoint-Analyse .....</b>	<b>23</b>
II.1  Einleitung.....	24
II.2  Motivation der Betrachtung von Zahlungsbereitschaftsintervallen .....	25
II.3  Ermittlung von Zahlungsbereitschaften .....	27

II.4	Ermittlung von Zahlungsbereitschaftsintervallen .....	30
II.5	Empirische Studie.....	33
II.5.1	Aufbau der Studie.....	33
II.5.2	Ergebnisse.....	35
II.5.3	Vergleich von Zahlungsbereitschaften mit Zahlungsbereitschaftsintervallen.....	37
II.5.4	Validierung der Ergebnisse.....	39
II.6	Zusammenfassung und Diskussion .....	40
II.7	Literaturverzeichnis.....	42
<b>III.</b>	<b>Comparison of Discrete Choice Models for Pricing under Two-Part Tariffs.....</b>	<b>45</b>
III.1	Introduction.....	46
III.2	Theoretical Background .....	48
III.2.1	Utility Function.....	48
III.2.2	Consideration of “Unobserved Behavior” in Tariff Choice Decisions.....	49
III.2.3	Estimation Space.....	50
III.3	Modelling Willingness-to-Pay Functions and Demand Functions .....	51
III.3.1	Direct Utility Functions .....	51
III.3.2	Indirect Utility Functions.....	53
III.4	Treatment of Usage Uncertainty.....	55
III.5	Estimation Procedure.....	58
III.6	Two-Step Estimation Procedure.....	60
III.7	Empirical Study .....	63
III.7.1	Study Design.....	63
III.7.2	Overview of Employed Models.....	64
III.8	Results of Empirical Study .....	65
III.8.1	Internal and Predictive Validity.....	65
III.8.2	Face Validity.....	68
III.9	Optimal Pricing.....	69
III.10	Conclusions.....	70

III.11	References.....	71
<b>IV.</b>	<b>Consideration of Service Attributes in Discrete Choice Models for Usage-Based Pricing: An Application of Bucket Pricing Plans for Digital Music.....</b>	<b>75</b>
IV.1	Introduction.....	76
IV.2	Model Development.....	78
IV.2.1	Modeling Choice of Price Bucket.....	78
IV.2.2	Estimation Space Transformation.....	81
IV.2.3	Considerations of Service Attributes.....	83
IV.2.4	Model Estimation.....	86
IV.3	Empirical Study.....	87
IV.3.1	Study Design.....	87
IV.3.2	Results.....	89
IV.3.3	Comparison of Pricing Recommendations.....	91
IV.4	Conclusions.....	95
IV.5	References.....	96
<b>V.</b>	<b>Reduced Dual Response.....</b>	<b>99</b>
V.1	Introduction.....	100
V.2	Literature Review.....	102
V.3	Reduced Dual Response.....	104
V.3.1	Selection decision block.....	105
V.3.2	Purchase decision block.....	106
V.3.3	Technical implementation details.....	107
V.4	Conceptual Comparison.....	111
V.5	Simulation Study.....	113
V.6	Empirical Study.....	115
V.6.1	Study design.....	116
V.6.2	Model.....	117
V.6.3	Results.....	118
V.7	Conclusions and Discussion.....	126
V.8	References.....	127

<b>VI. Optimization and Analysis of the Profitability of Tariff Structures with Two-Part Tariffs</b> .....	<b>131</b>
VI.1 Introduction.....	132
VI.2 Optimal Prices in Tariff Structures.....	134
VI.2.1 Modelling Consumers' Choice and Usage Behaviour and the Service Provider's Profit.....	135
VI.2.2 Tariff Optimization Problem .....	138
VI.3 Heuristic Search Methods .....	140
VI.3.1 Gradient Method .....	141
VI.3.2 Stochastic Search .....	142
VI.3.3 Simulated Annealing .....	143
VI.4 Comparison of Heuristic Search Methods' Performance.....	144
VI.4.1 Comparison Structure .....	144
VI.4.2 Results of the Comparison.....	145
VI.5 Comparison of the Profitability of Different Tariff Structures .....	148
VI.5.1 Comparison Structure .....	148
VI.5.2 Results of the Comparison.....	151
VI.6 Conclusion .....	154
VI.7 Appendix: Parameter Fine Tuning .....	155
VI.8 References.....	158
<b>VII. Flexible Umfrageplattformen zur Integration innovativer Befragungsartefakte</b> .....	<b>163</b>
VII.1 Einleitung.....	164
VII.2 Prozessverständnis der Umfragendurchführung .....	166
VII.3 Anforderungen an offene Umfrageplattformen.....	167
VII.4 Realisierung der Umfrageplattform DISE.....	168
VII.4.1 Architektur.....	169
VII.4.2 Implementierung.....	170
VII.4.3 Integration neuer Befragungsartefakte .....	172
VII.4.4 Beispiel: Einsatz der Adaptive Self Explicated Method .....	173
VII.4.5 Evaluierung.....	174

## XVII

VII.5 Fazit	176
VII.6 Literatur	176
