

FOCUS ON BRADYKININ-MEDIATED ANGIOEDEMA

CONTENTS

7

Preface

Bruce L. Zuraw, MD

9

**Review of consensus approaches to the diagnosis, therapy, and management
of hereditary angioedema, circa 2009**

Tom Bowen, MD, FRCP(C)

20

Hereditary angioedema with normal C1 inhibitor

Konrad Bork, MD

29

Angioedema due to acquired C1-inhibitor deficiency

Marco Cicardi, MD, and Andrea Zanichelli, MD

35

Pediatric aspects of hereditary angioedema: diagnosis, treatment, and follow-up

Henriette Farkas, MD, PhD, DSc

43

Angiotensin-converting enzyme inhibitor-associated angioedema

Nancy J. Brown, MD

50

C1 inhibitor for treatment of hereditary angioedema

Michael M. Frank, MD

58

Management of hereditary angioedema: targeting bradykinin

Bruce L. Zuraw, MD, and Sandra C. Christiansen, MD
