I	INTRODUCTION	
1.1	Purpose	I
1.2	Phonological creed alias theoretical background	3
1.3	An overview of Icelandic phonology	7
2	QUANTITY AND STRESS IN MODERN ICELANDIC	
2.1	Some preliminary remarks	12
2.2	Length and quantity	14
2.3	Preaspiration	23
2.4	Syllable, length and quantity	26
2.4.1	The syllable in phonology	26
2.4.2	Exceptions to the length rule, syllabification	27
2.4.3	Why the syllable?	33
2.4.4	'Strength' of consonants	38
2.5	Stress	43
2.6	Some problematic forms	52
2.7	The problem of 'exponence' and the nature of the analysis	54
	Notes	58
3	LENGTH AND QUANTITY IN RELATED LANGUAGES	
3.1	Faroese	60
3.2	Norwegian	65
3.3	Swedish	72
3.4	Danish	76
3.5	Gothic	80
3.6	German	85
3.7	English	88
3.8	Western European (dis)unity in quantity and stress	92
	Notes	94
4	THE DEVELOPMENT IN ICELANDIC	
4.1	Introductory	95
4.1.1	The prosodic (or syntagmatic) aspect and the segmental (or paradigmatic) aspect	95
4.1.2	Sources of evidence	96
4.2	The phonology of Icelandic about 1200	97

4.2.1	The vowel system	97
4.2.2	The prosodic system	107
4.2.2.1	The evidence of metrics	107
4.2.2.2	Hypercharacterised syllables	114
4.3	From Old to Modern Icelandic	121
4.3.1	The term 'quantity shift'	121
4.3.2	Dating the changes	127
4.3.2.1	The evidence of <i>dróttkvætt</i>	128
4.3.2.2	The evidence of <i>rímur</i>	134
4.3.2.3	The last feet of untruncated lines	143
4.3.3	The environment <i>p, t, k, s + v, j, r</i>	151
4.4	Conclusion	159
	Notes	161
5	EXPLAINING THE CHANGES	
5.1	Introductory	163
5.2	Explanation	163
5.2.1	Explanation in synchronic linguistics	163
5.2.2	Explanation in historical linguistics	171
5.3	The term 'cause' in historical linguistics	174
5.4	The causes of lengthening and shortening	178
5.5	A shift or a conspiracy?	182
	Notes	185
6	LENGTH AND QUANTITY IN PHONOLOGY	
6.1	Length	186
6.2	Types of correspondences between dichotomous systems	191
6.3	Diphthongs and long vowels	198
6.4	Quantity	200
6.5	Length and quantity in Old Icelandic	203
6.5.1	The status of length and quantity about 1200	203
6.5.2	The status of length as an inherent feature	210
6.6	The phonological analysis of length in Modern Icelandic: a brief reconsideration	213
	Notes	216
	<i>Bibliography</i>	219
	<i>Index</i>	229
