Abbreviations *xv*

SECTION 1 BASIC SCIENCE

A Tissue injury and repair

1.1 Tendon and ligament biochemistry and pathology 3

Graham Riley

1.2 Muscle 40

Michael Kjaer and Abigail Mackey

1.3 Meniscus 45

Emma Blain and Victor Duance

1.4 The intervertebral disc and the spine 54

Sally Roberts, Jai Trivedi, and Victor Duance

1.5 Articular cartilage 62

Simon Roberts

1.6 Bone 69

Leanne Saxon

1.7 Training, recovery and adaptation 83

Ken van Someren and Glyn Howatson

B Biomechanics

1.8 Principles of biomechanics and their use in the analysis of injuries and technique 96

Sharon Dixon

1.9 Gait analysis 103

Sophie Roberts and Sharon Dixon

1.10 Epidemiology and injury surveillance in sports medicine 110

John Orchard, Hugh Seward, and Wayne Hoskins

SECTION 2 CLINICAL PRINCIPLES

A Diagnostics

2.1 Assessment and management 121

Mike Hutson

2.2 Radiology 129

Philip Bearcroft

2.3 Neurophysiological investigation of injuries sustained in sport 142

Gerard Mullins and Julian Ray

B Management

2.4 Therapeutic modalities 149

Cathy Speed

2.5 Pharmacological pain management in sports injuries 156

Cathy Speed

2.6 Injection therapies in sports injuries 161

Cathy Speed

2.7 Orthotics 167

Sharon Dixon and Sophie Roberts

2.8 Physiotherapy and rehabilitation 173

Lynn Booth

2.9 Surgical issues in sports medicine 188

Craig Finlayson and Mark Hutchinson

SECTION 3 REGIONAL INJURIES

3.1 Ocular sports injuries 195

Nick Galloway

3.2 Head injuries 200

John Firth

3.3 Oral and maxillofacial sports injuries 215

Andrew Gibbons and Neil MacKenzie

3.4 Regional injuries of the cervical spine: sports-related anatomical, pathophysiological, and clinical perspectives 221

Ezequiel Gheroscovici, Eli Baron, and Alexander Vaccaro

3.5 Injuries to the shoulder 230

Cathy Speed and Andrew Wallace

3.6 Injuries to the elbow and forearm 252

Cathy Speed

3.7 Injuries to the thoracolumbar spine and thorax 269

Lyle Micheli and Laura Purcell

3.8 Injuries to the pelvis, hip, and thigh 277

Cathy Speed, Jae Rhee, and Fares Haddad

3.9 Orthopaedic injuries to the hand and wrist 302

Nicholas Downing

3.10 Soft tissue conditions of the hand and wrist 315

Patrick Wheeler and Nicholas Peirce

3.11 Injuries to the lower leg 324

Cathy Speed and Bill Ribbans

3.12 Knee injuries 346

Henry Colaco, Fares Haddad, and Cathy Speed

3.13 Ankle injuries 367

Bill Ribbans and Cathy Speed

3.14 Injuries to the foot 391

Bill Ribbans and Cathy Speed

SECTION 4

SPECIAL CONSIDERATIONS

Special groups

4.1 Sports injuries in older people 417

Cathy Speed

4.2 Sports injuries in children 421

Murali Sayana, Chezhiyan Shanmugam, and Nicola Maffulli

4.3 Injuries in the female athlete 430

Cathy Speed

4.4 Disability sport 436

Nick Webborn

4.5 Emergency medical care of on-field injuries 454

Mark Gillett

4.6 Injuries in swimming and related aquatic sports 463

Kevin Boyd

4.7 Triathlon injuries 467

Rod Jaques

4.8 Running injuries 471

Bruce Hamilton

4.9 Injuries in field (throwing and jumping) events 475

Roger Hackney

4.10 Golf injuries 479

Cathy Speed

4.11 Injuries in gymnastics 486

Stephen Turner, John Aldridge, Nilam Shergill, and Damian Griffin

4.12 Bicycling injuries 492

Cathy Speed and Laurence Berman

4.13 Injuries in netball and basketball 499

Mark Gillett

4.14 Rowing injuries 502

Richard Budgett

4.15 Cricket injuries 506

John Orchard, Trefor James, Alex Kountouris, and Patrick Farhart

4.16 Soccer injuries 511

Colin Fuller

4.17 Injuries in rugby union 516

Colin Fuller

4.18 Boxing injuries 521

Mike Loosemore

4.19 Skiing injuries 525

Viktor Dvorak and Hans Spring

4.20 Tennis injuries 533

Cathy Speed

4.21 Badminton injuries 540

Cathy Speed

4.22 Squash injuries 544

Cathy Speed

Index 547
