Series Editors' Preface	vii
Preface and Acknowledgements	viii
Acknowledgements for Illustrations and Epigraphs	xiii
Abbreviations	xv
ONE Introduction	1
Definitions of Islands	1
Distribution of Oceanic Islands	3
Varieties of Oceanic Islands	6
Genetic Classifications of Islands	9
Islands as Unique Geographical Entities	12
TWO Models of Island Formation	15
Introduction	15
<i>Islands and Earth-Surface Development: a Historical Overview</i>	16
Islands at Divergent Plate Boundaries	26
Islands at Convergent Plate Boundaries	33
Islands at Transverse Plate Boundaries	41
Islands in Intraplate Locations	42
Islands and the Expanding Earth	58
Problems of Determining Why Islands Form	63
THREE Origins and Development of Islands	65
Introduction	65
Island Origins and Subsea Development	65
Subaerial Development of Islands	92
Eruptive Products	105
FOUR Island Tectonics	112
Introduction	112
Isostasy and Islands	113
Plate-Boundary Tectonics	115
Intraplate Tectonics	128
Nature of Vertical Movements	133

FIVE	Influence of Climate on Island Environments	144
	Introduction	144
	Atlantic Ocean Island Climates	145
	Indian Ocean Island Climates	151
	Pacific Ocean Island Climates	154
	Irregular Climatic Phenomena	159
	Island Palaeoclimates	170
SIX	Island Landscapes	185
	Unique Properties of Island Landscapes	185
	Volcanic Island Landscapes	187
	Limestone Island Landscapes	196
	Composite (<i>Makatea</i>) Island Landscapes	204
	Island Landscapes Dominated by Uplift	206
	Island Landscapes Affected by Subsidence	224
SEVEN	Low Coral Islands and Reefs	227
	Introduction	227
	Types of Reef	229
	Types of Low Reef Island	243
	Quaternary Coral-Reef Development	254
EIGHT	Sea Level and Islands	259
	Introduction	259
	Tertiary Sea-Level Changes	262
	Pleistocene Sea-Level Changes	267
	Holocene Sea-Level Changes	279
	Causes of Sea-Level Change around Oceanic Islands	299
NINE	Biota and Island Environments	305
	Introduction	305
	Effects of Island Environments on Non-Human Biota	306
	Non-Human Biotic Factors in Island Environment Change	310
	Controls on Human Behaviour by Island Environments	317
	Effects of Humans on Island Environments	326
TEN	Prospects for Island Environments	355
	Appendix: Locations of Islands	358
	Further Reading	365
	References	366
	Index	402
