## Part 1 ● Fatty Acids in Heart Disease

---

1 <b>Trans and Other Fatty Acids: Effects on Endothelial Functions</b> <i>Gholamreza Bahrami</i> .....	3
2 <b>Nutrition and Cardiovascular Disease in American Indians and Alaska Natives</b> <i>Sigal Eilat-Adar, Jiaqiong Xu, Ellie Zephier, Elizabeth D. Nobmann, Claudia Z. Mattil, Veronica O'Leary, and Barbara V. Howard</i> .....	43
3 <b>Fish Oils and Stroke</b> <i>Charles H. Hennekens, Wendy R. Schneider, and Ricky M. Schneider</i> .....	71
4 <b>Fatty Acids and Cardiac Ischemia-reperfusion Injury</b> <i>Sri Nagarjun Batchu, Ketul Chaudhary, Jasmine Pawa, and John M. Seubert</i> .....	103
5 <b>Fatty Acids in Corn Oil: Role in Heart Disease Prevention</b> <i>Marie-Pierre St-Onge and Suzette Singh</i> .....	141
6 <b>Dairy Products: Role in the Diet and Effects on Cardiovascular Health</b> <i>D. Ian Givens and Anne-Marie Minihane</i> .....	163
7 <b>Dietary Fatty Acids in Cardiovascular Disease in Women</b> <i>Niva Shapira</i> .....	181
8 <b>Free Fatty Acids: Role in Insulin Resistance, Type 2 Diabetes, and Cardiovascular Disease</b> <i>Guenther Boden</i> .....	221
9 <b>Gender Differences in Gene Expression Due to Fatty Acids: Role in Atherosclerosis and Cardiovascular Disease</b> <i>Natalie P. Prairie and Paramjit S. Tappia</i> .....	235
10 <b>Fatty Acids in Nuts: Cardiometabolic Health Benefits</b> <i>Alison Coates and Peter R.C. Howe</i> .....	253

## Part 2 ● Trans Fatty Acids in Health

---

11 <b>Trans Fatty Acids and Cardiometabolic Syndrome</b> <i>Vijaya Juturu</i> .....	287
12 <b>Effects of Fatty Acids Containing a trans Double Bond on Body Composition</b> <i>Lance H. Baumgard, Aileen F. Keating, and James W. Perfield II</i> .....	303
13 <b>Trans and Other Fatty Acids: Role in Diabetic Disease and Health</b> <i>Andrew Odegaard</i> .....	331
14 <b>Effect of Dietary Long-chain Polyunsaturated Fatty Acids in Infancy on Both Visual and Neural Development</b> <i>Lisa G. Smithers and Maria Makrides</i> .....	349
15 <b>Trans Fatty Acids and Oxidative Transformations by Free Radicals: The Role in Health</b> <i>Carla Ferreri</i> .....	379

<b>16</b>	<b>Ruminal Metabolism of Fatty Acids: Modulation of Polyunsaturated, Conjugated, and <i>trans</i> Fatty Acids in Meat and Milk</b>	
	<i>Michel Doreau and Frédéric Glasser</i> .....	407
<b>17</b>	<b>Fatty Acid Metabolism and Peroxisome Proliferator-activated Receptors</b>	
	<i>Zivar Yousefipour and Mohammad Newaz</i> .....	425

### Part 3 ● Fatty Acids and Health Promotion

<b>18</b>	<b>Fatty Acids in Membrane Lipids: Role in Disease Causation and Prevention</b>	
	<i>Breanne Anderson and David W.L. Ma</i> .....	451
<b>19</b>	<b>Linoleic Acids and Cancer Cell Functions</b>	
	<i>Donato F. Romagnolo, Andreas J. Papoutsis, Stephanie C. Degner, and Ornella Selmin</i> .....	479
<b>20</b>	<b>Effects of Dietary Fatty Acids on Human Microbes: Role in Health</b>	
	<i>Edward R. Farnworth, Delphine Sène, and Claude P. Champagne</i> .....	499
<b>21</b>	<b>Fatty Acids and Lipids in Neurobiology: A Brief Overview</b>	
	<i>John R. Moffett, John A. Ives, and Aryan M.A. Namboodiri</i> .....	517
<b>22</b>	<b>Fatty Acids in Immunomodulation: Role in Disease Prevention and Causation</b>	
	<i>John W.C. Sijben, Günter Boehm, and Philip C. Calder</i> .....	545
<b>23</b>	<b>Modulation of Cytokine Action by Fatty Acids: Role in Health</b>	
	<i>Renata Gorjão, Thais Martins de Lima, Maria Fernanda, Cury Boaventura, and Rui Curi</i> .....	585

### Part 4 ● Omega-3 Fatty Acids and Health

<b>24</b>	<b>From ADHD to Alzheimer's: Omega-3 Fatty Acids and Mental Health</b>	
	<i>Natalie Sinn, Catherine Milte, and Peter R.C. Howe</i> .....	611
<b>25</b>	<b>The Importance of the Omega-3 and Omega-6 Ratio: Brain Biochemistry, Cognition, and Behavior</b>	
	<i>Shlomo Yehuda</i> .....	643
<b>26</b>	<b>The Opposing Effects of Dietary Omega-3 and <i>trans</i> Fatty Acids on Health: A Yin-Yang Effect at the Molecular Level?</b>	
	<i>Jørn Dyerberg and Steen Stender</i> .....	669
<b>27</b>	<b>Polyunsaturated Fatty Acids: Effects on Steroid-hormone Biosynthesis</b>	
	<i>D.R.E. Abayasekara, L.M. Barton, and D.C. Wathes</i> .....	707
<b>28</b>	<b>Dietary Fat and Fatty Acids in Exercise and Athletic Performance</b>	
	<i>Stephen M. Cornish, Philip D. Chilibeck, Craig Pinkoski, and Gordon A. Zello</i> .....	735
<b>29</b>	<b>Omega-3 versus Omega-6 Fatty Acid Intake and Immunity</b>	
	<i>Gabriel Keith Harris</i> .....	755
<b>30</b>	<b>Omega-3 Long-chain Polyunsaturated Fatty Acids and Obesity</b>	
	<i>Jonathan D. Buckley and Peter R.C. Howe</i> .....	767
<b>31</b>	<b>Food Sources and Intakes of Omega-3 Fatty Acids</b>	
	<i>Karen J Murphy and Peter R.C. Howe</i> .....	787

<b>Index</b> .....	819
