PART I

Introducing the European dimension of spatial planning	1
1 Introducing the European Union as a planning subject	2
<i>Introduction</i>	2
<i>Why study European spatial policy and planning?</i>	6
<i>The scope and structure of the book</i>	8
2 Arguing for and against European spatial planning	9
<i>Introduction</i>	9
<i>Arguments for and against planning</i>	10
<i>Competence, subsidiarity and proportionality</i>	12
<i>Transnationality</i>	16
<i>Cohesion and more balanced spatial development</i>	17
<i>Spatial policy and the costs of non-coordination</i>	19
<i>Conclusion</i>	21
<i>Further reading</i>	21
3 The language challenge and terminology	22
<i>Introduction</i>	22
<i>The language challenge</i>	23
<i>The meanings of ‘spatial planning’</i>	26
<i>Transnational cooperation</i>	30
<i>Reducing confusion over terminology</i>	30
<i>Conclusion</i>	38
<i>Further reading</i>	38

4 Spatial development trends in Europe and the key issues for spatial planning*Introduction* 40*The spatial structure of Europe* 40*The changing political geography of the EU* 42*The changing economic geography of the EU* 44*Trends in transport, accessibility and information and communication technologies* 48*The changing socio-demographic structure of the EU* 51*Climate change, energy and the environment* 53*Conclusion* 54*Further reading* 55**5 Understanding and representing European space***Introduction* 56*The power of maps in spatial planning processes* 57*Conceptions of space and place* 57*Spatial concepts and spatial metaphors* 58*Spatial concepts and spatial metaphors for the European territory* 60*Spatial positioning: national and regional territories in a European perspective* 63*Conclusion* 67*Further reading* 68**6 Spatial data and spatial information***Introduction* 69*Evaluation, monitoring, indicators and data: some definitions* 70*Statistical information for the EU* 72*Geographical information for the EU* 75*INSPIRE: towards a European Spatial Data Infrastructure* 79*Conclusion* 80*Further reading* 82**PART III****The institutional framework for European Union spatial policy-making****7 European integration and the European Union as a political system***Introduction* 86*The historical origin and development of the European Union* 86

	<i>Theoretical perspectives on the EU as a political system and European integration as a process</i>	93
	<i>The EU and other tiers of governments: understanding multi-level governance</i>	97
	<i>Conclusion</i>	100
	<i>Further reading</i>	100
8	Theoretical approaches to EU governance and policy-making	101
	<i>Introduction</i>	101
	<i>Theoretical approaches to understanding (spatial) policy-making in the EU</i>	102
	<i>Europeanisation</i>	103
	<i>New institutionalism</i>	106
	<i>Policy networks</i>	109
	<i>Epistemic communities</i>	111
	<i>Conclusion</i>	112
	<i>Further reading</i>	113
9	The institutions of the European Union	114
	<i>Introduction</i>	114
	<i>The five institutions of the European Union</i>	115
	<i>Other EU bodies</i>	125
	<i>Conclusion</i>	128
	<i>Further reading</i>	129
10	Non-EU actors, organisations and networks	130
	<i>Introduction</i>	130
	<i>Non-EU actors involved in EU policy-making</i>	131
	<i>Civil society and the 'democratic deficit'</i>	132
	<i>Networks and their role in EU policy-making</i>	133
	<i>The scale and influence of lobbying in the EU</i>	138
	<i>National and regional governments</i>	140
	<i>International bodies</i>	142
	<i>Conclusion</i>	145
	<i>Further reading</i>	145
11	Decision-making and policy-making processes in the European Union	146
	<i>Introduction</i>	146
	<i>Domains of EU competence</i>	147
	<i>The supranational law-making process (or 'Community process')</i>	149
	<i>The intergovernmental policy-making process</i>	157
	<i>Conclusion</i>	158
	<i>Further reading</i>	158

12	Widening, deepening and broadening the EU: past experiences and future prospects	159
	<i>Introduction</i>	159
	<i>'Widening': the challenges of geographical enlargement, past and future</i>	159
	<i>'Deepening and broadening': the institutional and democratic challenge</i>	170
	<i>Conclusion</i>	176
	<i>Further reading</i>	176
PART IV		
13	The European spatial planning agenda	177
13	A model of European spatial planning?	178
	<i>Introduction</i>	178
	<i>Models of spatial planning in Europe</i>	178
	<i>The European Model?</i>	181
	<i>The French and Dutch contributions</i>	185
	<i>Transnational strategies, collaboration and learning</i>	186
	<i>Territorial cohesion</i>	188
	<i>Conclusion</i>	189
	<i>Further reading</i>	190
14	The emergence of the European spatial planning agenda	191
	<i>Introduction</i>	191
	<i>1949 to 1985: laying the foundations of spatial policy</i>	191
	<i>1986 to 1991: grasping opportunities after the Single European Act</i>	197
	<i>1992 to 1999: from the Treaty on European Union</i>	201
	<i>2000 onwards: a shift in thinking about European spatial development</i>	205
	<i>Conclusion</i>	208
	<i>Further reading</i>	208
15	The instruments of European spatial planning: spatial strategies, spatial visions and the quest for spatial coordination	209
	<i>Introduction</i>	209
	<i>Spatial development frameworks for the pan-European and the EU territory</i>	209
	<i>Spatial visions and spatial strategies for transnational territories</i>	223
	<i>Spatial planning under complex conditions: other policy coordination instruments</i>	228
	<i>Conclusion</i>	231
	<i>Further reading</i>	231

16	The instruments of European spatial planning: transboundary territorial cooperation programmes and projects	232
	<i>Introduction</i>	232
	<i>EU support for transboundary cooperation: INTERREG programmes and projects</i>	232
	<i>EU Regulation on a European grouping of territorial cooperation (EGTC)</i>	246
	<i>The European Spatial Planning Observation Network (ESPON) and the notion of evidence-based policy-making</i>	246
	<i>Conclusion</i>	249
	<i>Further reading</i>	250
PART V		
	EU spatial policy: sectoral policies and their territorial effects	251
17	EU economic and competition policies	253
	<i>Introduction</i>	253
	<i>The territorial impact of the Single Market and of Economic and Monetary Union</i>	254
	<i>EU competition policy and territorial cohesion: an impossible reconciliation?</i>	260
	<i>Conclusion</i>	268
	<i>Further reading</i>	269
18	EU Cohesion Policy and EU urban policy	270
	<i>Introduction</i>	270
	<i>The development of a regional policy at EU level</i>	271
	<i>The instruments of EU Cohesion Policy (2007–13)</i>	273
	<i>EU Cohesion Policy and spatial planning in the member states</i>	281
	<i>EU Cohesion Policy and cities: the added-value of urban actions</i>	283
	<i>What have the Structural and Cohesion Funds achieved?</i>	290
	<i>Conclusion</i>	293
	<i>Further reading</i>	294
19	EU transport policy	295
	<i>Introduction</i>	295
	<i>The development of EU transport policy</i>	295
	<i>Actors and instruments of the Common Transport Policy</i>	299
	<i>The Trans-European Transport Networks (TEN-T): an overview</i>	299
	<i>EU transport policy, regional development, cohesion and polycentricity in the EU</i>	302
	<i>EU transport policy and sustainability</i>	306
	<i>Conclusion</i>	308
	<i>Further reading</i>	309

20	EU agriculture and rural development policy	310
	<i>Introduction</i>	310
	<i>The rural territory of the EU</i>	310
	<i>Why have a Common Agricultural Policy?</i>	311
	<i>Evolution of the Common Agricultural Policy (CAP)</i>	312
	<i>The instruments of agricultural and rural development policy</i>	315
	<i>What have agricultural and rural development policy achieved?</i>	318
	<i>Multifunctionality and the future of rural areas</i>	322
	<i>Conclusion</i>	323
	<i>Further reading</i>	324

21	EU environmental policy and sustainability	325
	<i>Introduction</i>	325
	<i>The development of EU environmental policy</i>	325
	<i>The principles of EU environmental policy</i>	328
	<i>The EU environmental policy-making process</i>	328
	<i>Approaches and instruments in EU environmental policy</i>	331
	<i>Areas of EU environmental policy of relevance for spatial planning and territorial development</i>	333
	<i>Environmental sustainability, climate change and spatial planning: towards better policy integration?</i>	339
	<i>Conclusion</i>	343
	<i>Further reading</i>	343

PART VI

Towards new forms of territorial governance? 345

22	The relevance of European transboundary cooperation for spatial planning	346
	<i>Introduction</i>	346
	<i>Why do actors cooperate across borders and what is the added value of cooperation?</i>	347
	<i>The effects of European territorial cooperation on planning practices, policies and systems</i>	351
	<i>Reviewing the effects of European territorial cooperation on planning to date</i>	355
	<i>Conclusion</i>	357
	<i>Further reading</i>	358

23	The Europeanisation of domestic planning systems	359
----	--	-----

	<i>Introduction</i>	359
	<i>The Europeanisation of domestic spatial planning: an introduction</i>	360
	<i>The United Kingdom: Europeanisation that dares not speak its name?</i>	363

<i>The ebbs and flows of the Europeanisation of spatial planning in the Netherlands</i>	367
<i>EU accession and the Europeanisation of planning in Poland</i>	369
<i>Conclusion</i>	372
<i>Further reading</i>	373

24 Planning cultures, professions and education in the EU 374

<i>Introduction</i>	374
<i>Planning cultures in Europe</i>	375
<i>Planning professions</i>	381
<i>Planning education</i>	382
<i>Conclusion</i>	387
<i>Further reading</i>	387

25 Looking back and looking forward: a critical reflection on European spatial planning as practice and as a field of research 388

<i>Introduction</i>	388
<i>Looking back over European spatial planning experiences to date</i>	388
<i>Looking forward: perspectives on European spatial planning</i>	391
<i>European spatial planning and territorial cooperation as a field of research</i>	393

<i>Sources of EU official documents and information</i>	397
<i>Notes</i>	399
<i>References</i>	403
