Part One Fundamentals of Abnormal, Clinical and Forensic Psychology

Chapter 1 Introduction to abnormal, clinical and forensic psychology 2

| | |
|--|----|
| Overview | 3 |
| Case study | 3 |
| Definitions and terminology | 4 |
| A history of abnormal, clinical and forensic psychology | 9 |
| Stability and change in abnormal, clinical and forensic psychology | 17 |
| The current context of abnormal, clinical and forensic psychology | 18 |
| Professional roles in abnormal, clinical and forensic psychology | 20 |
| Chapter summary | 22 |

Chapter 2 Critical issues in abnormal, clinical and forensic psychology 24

| | |
|--|----|
| Overview | 25 |
| Case study | 25 |
| Science versus belief | 26 |
| What is science? | 26 |
| The scientific status of abnormal psychology | 29 |
| A new dark age | 30 |
| Anti-psychiatry and abnormal, clinical and forensic psychology | 34 |
| A critical balance | 39 |
| Chapter summary | 40 |

Chapter 3 Paradigm approaches to causes and treatments 42

| | |
|------------|----|
| Overview | 43 |
| Case study | 43 |

Part 1: Biological approaches 44

| | |
|---------------------------------|----|
| The neuropsychological approach | 45 |
| The evolutionary approach | 67 |

Part 2: Psychological approaches 76

| | |
|--|----|
| The behavioural approach | 77 |
| The cognitive and cognitive behavioural approaches | 83 |
| Non-empirical approaches | 87 |

Part 3: Social and eclectic approaches 94

| | |
|--|----|
| Group, cultural and family aspects of therapy | 94 |
| Beyond paradigms: diathesis–stress and eclectic approaches | 97 |
| Chapter summary | 99 |

Chapter 4 The assessment, diagnosis and formulation of clients 102

| | |
|---|-----|
| Overview | 103 |
| Case study | 104 |
| Assessment, diagnosis and formulation | 105 |
| Reliability and validity in diagnosis and assessment | 105 |
| The development of a systematic approach and associated historical problems | 106 |
| The assessment process | 107 |
| Diagnosis: <i>DSM</i> and <i>ICD</i> systems | 116 |
| The importance of the individual: the formulation | 119 |
| Critical evaluation | 120 |
| Chapter summary | 122 |

Chapter 5 Research methods used in clinical and forensic psychology 124

| | |
|---|-----|
| Overview | 125 |
| Case study | 125 |
| Approaches to research | 126 |
| Research methods | 135 |
| Developing psychometrically sound measures for abnormal, clinical and forensic psychology | 141 |
| Research tools | 142 |

| | |
|---|-----|
| Using the internet as a research and therapy tool | 148 |
| Ethical issues | 149 |
| Chapter summary | 150 |

Part Two Clinical and Forensic Psychology

Chapter 6 Clinical psychology 154

| | |
|---|-----|
| Overview | 155 |
| Case study | 155 |
| Historical development of clinical psychology | 156 |
| What is contemporary clinical psychology? | 158 |
| Clinical psychology in practice | 162 |
| How to become a clinical psychologist | 170 |
| Chapter summary | 175 |

Chapter 7 Forensic psychology 178

| | |
|---|-----|
| Overview | 179 |
| Case study | 179 |
| Historical development of forensic psychology | 181 |
| What is forensic psychology? | 184 |
| The forensic psychology practitioner | 186 |
| Other areas related to forensic psychology | 202 |
| How to become a forensic psychologist | 208 |
| Chapter summary | 210 |

Chapter 8 Clinical forensic psychology 212

| | |
|--|-----|
| Overview | 213 |
| Case study | 213 |
| Clinical forensic psychology | 214 |
| The abnormal offender | 214 |
| Clinical correlates of crime: constitutional and psychological factors | 216 |
| Criminal profiling | 226 |
| Challenging issues in forensic psychopathology | 232 |
| Chapter summary | 250 |

Part Three Disorders Beginning Earlier in Life

Chapter 9 Disorders usually first diagnosed in infancy and childhood 254

| | |
|--|-----|
| Overview | 255 |
| Case study | 255 |
| Development and disorder | 257 |
| Pervasive developmental disorders: the autistic spectrum | 260 |
| Attention-deficit and disruptive behaviour disorders | 270 |
| Other disorders beginning in childhood | 277 |
| Clinical and forensic issues | 279 |
| Chapter summary | 282 |

Chapter 10 Disorders of control and addiction

Part I: Eating and impulse control disorders 284

| | |
|--------------------------------|-----|
| Overview | 285 |
| Case study | 285 |
| Eating disorders | 287 |
| Impulse control disorders | 299 |
| Compulsive buying and hoarding | 303 |
| Critical and evaluative issues | 308 |
| Forensic issues | 308 |
| Clinical issues | 309 |
| Chapter summary | 310 |

Chapter 11 Disorders of control and addiction

Part II: Substance-related disorders 312

| | |
|--|-----|
| Overview | 313 |
| Case study | 314 |
| General issues in substance-related disorders | 315 |
| Classification and categorisation of substance-related disorders | 318 |
| Depressants | 319 |
| Stimulants | 326 |
| Hallucinogens | 331 |
| Further issues in the aetiology and treatment of substance-related disorders | 341 |
| Clinical issues | 343 |
| Forensic issues | 343 |
| Critical evaluation | 346 |
| Chapter summary | 348 |

Chapter 12 Anxiety disorders 350

| | |
|--------------------------------------|-----|
| Overview | 351 |
| Case study | 351 |
| General issues in anxiety disorders | 352 |
| Classifications of anxiety disorders | 353 |
| Panic disorders | 354 |
| Phobias | 356 |
| Obsessive-compulsive disorder | 363 |
| Post-traumatic stress disorder | 368 |
| Acute stress disorder | 371 |
| Generalised anxiety disorder | 371 |
| Aetiology of anxiety disorders | 373 |
| The treatment of anxiety disorders | 374 |
| Clinical issues | 376 |
| Forensic issues | 377 |
| Chapter summary | 378 |

Chapter 13 Sexual disorders 380

| | |
|--|-----|
| Overview | 381 |
| Case study | 381 |
| General issues in sexual and gender identity disorders | 382 |
| Classification of sexual disorders | 383 |
| Sexual dysfunctions | 384 |
| Aetiology and treatment of sexual dysfunctions | 390 |
| The paraphilias | 395 |

| | | | |
|---|-----|--|-----|
| Aetiology and treatment of paraphilias | 400 | Clinical issues | 497 |
| Gender identity disorder | 403 | Chapter summary | 498 |
| Forensic issues | 405 | | |
| Clinical issues | 406 | Chapter 17 Mood disorders 500 | |
| Chapter summary | 407 | Overview | 501 |
| Chapter 14 Personality disorders 410 | | Case study | 501 |
| Overview | 411 | Mood states | 502 |
| Case study | 411 | Classification of mood disorders | 506 |
| General issues in personality disorders | 412 | Unipolar or depressive disorders | 507 |
| Classification of personality disorders | 415 | Bipolar disorders | 508 |
| The odd–eccentric cluster (A) | 416 | Specifiers for mood disorders | 509 |
| The dramatic–emotional cluster (B) | 420 | Seasonal affective disorder | 510 |
| The anxious–fearful cluster (C) | 428 | Aetiology and treatment of mood disorders | 511 |
| Psychopathy and DSPD | 431 | Suicide and self-harm | 518 |
| Development and management of personality disorders | 435 | Positive by-products of mood disorder | 519 |
| Forensic issues | 437 | Forensic implications | 521 |
| Clinical issues | 438 | Clinical issues | 522 |
| Chapter summary | 440 | Chapter summary | 524 |
| Chapter 15 Somatoform, dissociative and factitious disorders 442 | | Chapter 18 Schizophrenia 526 | |
| Overview | 443 | Overview | 527 |
| Case study | 444 | Case study | 527 |
| Background to somatoform and dissociative disorders | 445 | The origins of the term ‘schizophrenia’ | 528 |
| Classifications of somatoform disorders | 447 | Phenomenology of schizophrenia | 530 |
| Classifications of dissociative disorders | 455 | Subgrouping of the syndrome | 537 |
| Clinical issues in somatoform and dissociative disorders | 462 | Incidence, onset, course and outcome(s) of schizophrenia | 540 |
| Forensic issues in somatoform and dissociative disorders | 463 | Aetiology of schizophrenia | 543 |
| Factitious disorders | 464 | Treatment and management of schizophrenia | 556 |
| Clinical issues and forensic implications in factitious disorders | 469 | Schizophrenia boundaries and other psychotic disorders | 559 |
| Critical evaluation | 470 | Clinical issues | 563 |
| Chapter summary | 471 | Forensic implications | 564 |
| | | Critical evaluation | 566 |
| | | Chapter summary | 568 |
| | | Chapter 19 Neurological and age-related disorders 572 | |
| | | Overview | 573 |
| | | Case study | 573 |
| | | Parkinson’s disease | 574 |
| | | Multiple sclerosis | 576 |
| | | Huntington’s disease | 578 |
| | | The dementias | 581 |
| | | Psychological disorders in old age | 584 |
| | | Management and treatment issues in neurological and age-related disorders | 585 |
| | | Clinical and forensic issues | 586 |
| | | Future considerations in abnormal, clinical and forensic psychology: what is ageing and is it necessary? | 587 |
| | | Chapter summary | 592 |
| | | Glossary | 593 |
| | | References | 619 |
