Head positioning
Hand positioning
Shrouding
Grave goods
Demography and mortality
Summary and comparisons
A concluding observation

Part II: The grave goods, by Nettie K. Adams

51-71

Introduction

The textile remains

Condition of the textiles

Some earlier studies

General characteristics of the textiles

Glossary of terms

Typology of garments and textile objects from the Kulubnarti cemeteries

Fabric types

Typology of fabric types from the Kulubnarti cemeteries

Descriptions of untyped fabrics from Cemetery 21-S-46

Descriptions of untyped fabrics from Cemetery 21-R-2

Conclusions from the textiles

The non-textile finds

Body wrappings

Pottery

Crosses

Beads

Other jewelry

Miscellaneous

General conclusions

Part III: The human remains, by Dennis P. Van Gerven and David L. Greene

73-88

Introduction

Excavation and field analysis

Laboratory analysis

Population relationships

Craniology

Interpretative summary of the cranial evidence

Discrete dental variation

Interpretative summary of discrete dental variation

Demography

Nutritional stress

Growth and development

Dental and skeletal growth asymmetry

Enamel hypoplasias

Adult bone maintenance

Conclusions

Arabic summary
