Preface ix

Contributors xi

Abbreviations xiii

SECTION 1 Infection

1. Severe Pulmonary Tuberculosis, *Oni Choudhury, Heather Milburn* 1
2. Non-tuberculous Mycobacterial Disease, *Ronan Breen, Richard Leach* 8
3. Hospital-acquired Pneumonia, *Richard Leach* 15
4. Lemierre's Disease, *Boris Lams, Christopher Kosky* 21
5. Haemoptysis due to Bronchiectasis, *Burhan Khan, Richard Leach* 25

SECTION 2 Obstructive Lung Disease/Small Airways Disease

6. Stable Chronic Obstructive Pulmonary Disease (COPD), *Burhan Khan, Richard Leach* 33
7. Acute Ventilatory Failure in Chronic Obstructive Pulmonary Disease, *Richard Leach, Craig Davidson* 41
8. Difficult Asthma, *Lynette Linkson, Richard Leach* 47
9. Asthma and Pregnancy, *Lynette Linkson, Richard Leach* 53
10. Allergic Bronchopulmonary Aspergillosis, *Kate Brignall* 55
11. Chronic Cough, *Jimstan Periselneris, Richard Leach* 62
12. Aspiration Syndrome, *Boris Lams, Richard Leach* 67

SECTION 3 Interstitial Lung Disease/Sarcoid

13. Classification of the Idiopathic Interstitial Pneumonias, *Richard Leach, John Rees* 73
14. Treatment of Idiopathic Pulmonary Fibrosis/Usual Interstitial Pneumonias, *Lucy Schomberg, Richard Leach* 81

15.	Acute Eosinophilic Pneumonia, <i>Boris Lams, Christopher Kosky</i>	88
16.	Cryptogenic Organizing Pneumonia, <i>Boris Lams, Christopher Kosky</i>	93
17.	Sarcoidosis (Radiographic Stage I), <i>Anne Collett, Richard Leach</i>	97
18.	Sarcoidosis (Radiographic Stages II and III), <i>Richard Leach</i>	104
19.	Hypersensitivity Pneumonitis, <i>Elizabeth Hadley, Boris Lams</i>	111
20.	Amiodarone Pulmonary Toxicity, <i>Elizabeth Hadley, Boris Lams, Christopher Kosky</i>	117

SECTION 4 Lung Cancer

21.	Small Cell Lung Cancer (SCLC), <i>Oni Choudhury, Richard Leach</i>	121
22.	Non-Small Cell Lung Cancer (NSCLC), <i>Suma Kumar, Richard Leach</i>	127
23.	Pulmonary Nodules, <i>Burhan Khan, Richard Leach</i>	135
24.	Mediastinal Mass: Bronchogenic Cyst, <i>Elizabeth Hadley</i>	139
25.	Smoking Cessation, <i>Suma Kumar, Richard Leach</i>	142

SECTION 5 Pulmonary Vascular: Including PE and AVM

26.	Pulmonary Hypertension, <i>Bethia Bradley, Richard Leach</i>	149
27.	Massive Pulmonary Embolism, <i>Elizabeth Hadley, Christopher Kosky</i>	157
28.	Sickle Cell Lung Disease, <i>Elizabeth Hadley, Boris Lams, Christopher Kosky</i>	161
29.	Pulmonary Arteriovenous Malformation, <i>Elizabeth Hadley</i>	166

SECTION 6 Vasculitis/Rare Diseases

30.	Wegener's Granulomatosis and the Small Vessel Pulmonary Vasculitides, <i>Elizabeth Hadley, Richard Leach</i>	171
31.	Diffuse Alveolar Haemorrhage, <i>Christopher Kosky</i>	178

SECTION 7 Ventilatory Failure/Sleep

32.	Obesity Hypoventilation Syndrome, <i>Christopher Kosky, Boris Lams</i>	183
33.	Guillain-Barré Syndrome, <i>Nicholas Hopkinson, Christopher Kosky</i>	187

SECTION 8 Immunocompromised/HIV

34.	<i>Pneumocystis jirovecii</i> Pneumonia, <i>Elizabeth Hadley, Boris Lams</i>	191
35.	Lymphocytic Interstitial Pneumonia, <i>Elizabeth Hadley, Boris Lams, Christopher Kosky</i>	195

SECTION 9 Pleural Disease

36. Parapneumonic Effusion, *Liju Ahmed, Richard Leach* 199
37. Spontaneous Pneumothorax: Langerhans Cell Histiocytosis,
Eleanor Giddings, Boris Lams, Elizabeth Hadley 207
38. Mesothelioma and Asbestos-related Pleural Disease, *Amina Aitsi-Selmi,*
Charles Twort 213
- General index 221
