

# Table of Contents

Preface: How to Use This Book  
*Philip M. Hartigan*

1. Thoracic Radiology  
*Thomas Edrich and Beatrice Trotman-Dickenson* ..... 3
  2. Respiratory Physiology  
*Michael Nurok and George P. Topulos*..... 17
  3. Respiratory Pathophysiology  
*Shannon S. McKenna*..... 41
  4. Respiratory Effects of General Anesthesia  
*Philip M. Hartigan*..... 59
  5. Physiology of One-Lung Ventilation  
*Philip M. Hartigan*..... 71
  6. Idiopathic Acute Lung Injury Following Thoracic Surgery  
*Philip M. Hartigan*..... 93
- 
7. Thoracic Positioning and Incisions  
*Teresa M. Bean* ..... 111
  8. Bronchoscopic Anatomy  
*Thomas Edrich* ..... 127
  9. Technical Aspects of Lung Isolation  
*Sarah H. Wiser* ..... 141
  10. Special Airway Devices for Thoracic Anesthesia:  
CPAP, PEEP, and Airway Exchange Catheters  
*Sarah H. Wiser* ..... 177

11. Alternative Ventilatory Techniques  
*Gyorgy Frenzl* ..... 191
12. Respiratory Therapy Devices  
*David A. Silver* ..... 209
13. Technical Aspects of Common Pain Procedures  
for Thoracic Surgery  
*Nelson L. Thaemert* ..... 221

### III. Essential Principles of Clinical Management

14. Preoperative Evaluation of the Thoracic  
Surgical Patient  
*Nicholas Sadovnikoff* ..... 239
15. Overview: Surgeon's Approach to the Patient  
with Lung Cancer  
*Steven J. Mentzer* ..... 259
16. Principles of Anesthetic Management  
for Pulmonary Resection  
*Philip M. Hartigan* ..... 269
17. Management of Common Complications  
Following Thoracic Surgery  
*Andrew D. Friedrich* ..... 291

18. Flexible Bronchoscopy  
*Philip M. Hartigan* ..... 313
19. Mediastinoscopy  
*Philip M. Hartigan* ..... 323
20. Anterior Mediastinal Mass  
*Ju-Mei Ng and Philip M. Hartigan* ..... 335
21. Lung-Sparing Pulmonary Resections:  
Bronchoplastic/Sleeve Resection  
*Philip M. Hartigan* ..... 355

22. Pneumonectomy <i>Ju-Mei Ng</i> .....	363
23. Extrapleural Pneumonectomy <i>Ju-Mei Ng</i> .....	375
24. Lung Volume Reduction Surgery <i>Nelson L. Thaemert</i> .....	389
25. Plueral Space Procedures <i>Shannon S. McKenna</i> .....	403
26. Rigid Bronchoscopy <i>Eric D. Skolnick</i> .....	417
27. Laser Surgery of the Airway and Laser Safety <i>Gyorgy Frenzl</i> .....	427
28. Tracheal Stent Placement <i>David A. Silver</i> .....	445
29. Anesthesia for Tracheotomy <i>David A. Silver</i> .....	463
30. Tracheal Resection and Reconstruction <i>David A. Silver and Philip M. Hartigan</i> .....	473
31. Bronchopleural Fistula <i>Ju-Mei Ng</i> .....	497
32. Esophagectomy <i>Ju-Mei Ng</i> .....	511
33. Esophageal Perforation <i>Ju-Mei Ng</i> .....	519
34. Lung Transplantation <i>Ju-Mei Ng and Vladimir Formanek</i> .....	527
35. Miscellaneous Thoracic Surgical Procedures <i>Teresa M. Bean and Shannon S. McKenna</i> .....	549
36. Anesthesia for Pediatric Thoracic Surgery <i>Juan C. Ibla</i> .....	563

- 
37. Acute Postoperative Pain Control Following  
Thoracic Surgery  
*Peter Gerner and Philip M. Hartigan* ..... 589
38. Chronic Post-Thoracotomy Pain Syndrome  
*Peter Gerner*..... 609
-
