

Part I Introduction and History of Sports Traumatology	
The History of EFOST	3
Mahmut Nedim Doral	
The Past and the Future of Arthroscopy	5
Hans H. Pässler and Yuping Yang	
Treatment of Athletic Injuries: What We Have Learned in 50 Years	15
Giuliano Cerulli	
Part II Prevention of Sports Injuries	
Biomechanical Measurement Methods to Analyze the Mechanisms of Sport Injuries	19
Serdar Arıtan	
Prevention of Ligament Injuries	27
Emin Ergen	
Prevention in ACL Injuries	33
Henrique Jones and Pedro Costa Rocha	
Neuromuscular Strategies in ACL Injury Prevention	43
Mario Lamontagne, Mélanie L. Beaulieu, and Giuliano Cerulli	
Anterior Cruciate Ligament Injured Copers and Noncopers: A Differential Response to Injury	53
Yonatan Kaplan	
Prevention of Soccer Injuries	61
Haluk H. Öztekin	
Sports Injuries and Proprioception: Current Trends and New Horizons	67
Devrim Akseki, Mehmet Erduran, and Defne Kaya	

Part III Sports Injuries of the Upper Extremity: Shoulder Injuries	
Rotator Interval	75
Mehmet Hakan Özsoy and Alp Bayramoğlu	
Pathology of Rotator Cuff Tears	81
Achilleas Boutsiadis, Dimitrios Karataglis, and Pericles Papadopoulos	
Neurovascular Risks Associated with Shoulder Arthroscopic Portals	87
Daniel Daubresse	
Rotator Cuff Disorders: Arthroscopic Repair	95
Kevin D. Plancher and Alberto R. Rivera	
Current Concept: Arthroscopic Transosseous Equivalent	
Suture Bridge Rotator Cuff Repair	109
Mehmet Demirhan, Ata Can Atalar, and Aksel Seyahi	
Posterosuperior and Anterosuperior Impingement in Overhead Athletes	117
Chlodwig Kirchhoff, Knut Beitzel, and Andreas B. Imhoff	
Internal Impingement and SLAP Lesions	127
İbrahim Yanmış and Mehmet Türker	
Anterior Shoulder Instability	133
Mustafa Karahan, Umut Akgün, and Rüstü Nuran	
Arthroscopic Treatment of Anterior Glenohumeral Instability	143
Özgür Ahmet Atay, Musa Uğur Mermerkaya, Şenol Bekmez, and Mahmut Nedim Doral	
Acute Posterior Dislocations	151
George M. Kontakis, Neil Pennington, and Roger G. Hackney	
Management of Recurrent Dislocation of the Hypermobility Shoulder	159
Roger G. Hackney	
Current Trends on Shoulder Instability	165
Seung-Ho Kim	
Management of the Acromioclavicular Joint Problems	177
Onur Tetik	
Arthroscopic Double Band AC Joint Reconstruction	
with Two TightRope™: Anatomical, Biomechanical	
Background and 2 Years Follow up	187
Hosam El-Azab and Andreas B. Imhoff	
Proximal Biceps Tendon Pathologies	193
Mehmet Demirtaş, Barış Kocaoğlu, and Mustafa Karahan	

Rehabilitation and Return to Sports After Conservative and Surgical Treatment of Upper Extremity Injuries	201
Kumaraswami R. Dussa	
 Part IV Sports Injuries of the Upper Extremity: Elbow and Wrist Injuries	
Sports-Related Elbow Problems	209
Luigi Adriano Pederzini, Massimo Tosi, Mauro Prandini, Fabio Nicoletta, and Vitaliano Isacco Barberio	
 Chronic Elbow Instabilities: Medial and Lateral Instability	217
Gazi Huri, Gürsel Leblebicioğlu, Akın Üzümcügil, Özgür Ahmet Atay, Mahmut Nedim Doral, Tüzün Fırat, Çiğdem Ayhan, Deran Oskay, and Nuray Kırdı	
 Acute Distal Biceps Tendon Ruptures	223
Massimo Ceruso and Giuseppe Checcucci	
 Common Fractures in Sports	227
Mahmut Kömürçü and Gökhan Çakmak	
 Triangular Fibrocartilage Complex Tears in the Athlete	235
Akın Üzümcügil, Gürsel Leblebicioğlu, and Mahmut Nedim Doral	
 Carpal Instability in Athletes	239
Emin Bal, Murat Kayalar, and Sait Ada	
 Part V Groin Injuries in Sports	
Epidemiology and Common Reasons of Groin Pain in Sport	249
Robert Smigielski and Urszula Zdanowicz	
 Differential Diagnosis in Groin Pain: Perspective from the General Surgeon	255
Volkan Kaynaroğlu and Ali Konan	
 Groin Pain in Pediatric Athletes: Perspectives From an Urologist	263
Berk Burgu and Serdar Tekgül	
 Groin Pain: Neuropathies and Compression Syndromes	271
Urszula Zdanowicz and Robert Smigielski	
 Bone and Joint Problems Related to Groin Pain	275
Michal Drwiega	
 Part VI Knee Injuries in Sports: A New Perspective on Meniscal Repair and Replacement	
Lateral Meniscal Variations and Treatment Strategies	285
Özgür Ahmet Atay, İlyas Çağlar Yılgör, and Mahmut Nedim Doral	

Muroid Degeneration and Cysts of the Meniscus	297
Halit Pınar and Hakan Boya	
Mechanical Properties of Meniscal Suture Techniques	301
Yavuz Kocabey	
New Technique of Arthroscopic Meniscus Repair in Radial Tears	305
Ken Nakata, Konsei Shino, Takashi Kanamoto, Tatsuo Mae, Yuzo Yamada, Hiroshi Amano, Norimasa Nakamura, Shuji Horibe, and Hideki Yoshikawa	
Meniscus Allograft Transplantation	313
Christos D. Papageorgiou, Marios G. Lykissas, and Dimosthenis A. Alaseirlis	
Meniscal Allografts: Indications and Results	321
René Verdonk, Peter Verdonk, and Karl Fredrik Almqvist	
Meniscal Substitutes: Polyurethane Meniscus Implant – Technique and Results	329
René Verdonk	
New on the Horizon: Meniscus Reconstruction Using Menaflex™, a Novel Collagen Meniscus Implant	335
William G. Rodkey	
Collagen Meniscus Implantation in Athletically Active Patients	341
David N.M. Caborn, W. Kendall Bache, and John Nyland	
Gait Pattern After Meniscectomy	349
Güneş Yavuzer, Ali Öçgüder, and Murat Bozkurt	
Part VII Knee Injuries in Sports: Current Perspectives on Ligament Surgery	
Biomechanical Variation of Double-Bundle Anterior Cruciate Ligament Reconstruction	355
Savio L.-Y. Woo, Ho-Joong Jung, and Matthew B. Fisher	
Ground Force 360 Device Efficacy: Perception of Healthy Subjects	363
John Nyland and Ryan Krupp	
ACL Reconstruction: Timing	369
Carlos Esteve De Miguel	
Arthroscopic Anterior Cruciate Ligament Repair	373
Gian Luigi Canata	
Arthroscopic Primary Repair of Fresh Partial ACL Tears	379
Erhan Basad, Leo Spor, Henning Stürz, and Bernd Ishaque	

The Evolution and Principles of Anatomic Double-Bundle Anterior Cruciate Ligament Reconstruction	387
Pascal Christel and Michael Hantes	
ACL Reconstruction: Alternative Technique for Double-Bundle Reconstruction	395
Stefano Zaffagnini, Danilo Bruni, Giovanni Giordano, Francesco Iacono, Giulio Maria Marcheggiani Muccioli, Tommaso Bonanzinga, and Maurilio Marcacci	
Double Bundle ACL Reconstruction: “My” Viewpoint	401
John A. Bergfeld and Michael A. Rauh	
All Inside Technique of ACL Reconstruction	409
Giuliano Cerulli, Giovanni Zamarra, Fabio Vercillo, Gabriele Potalivo, Alessandro Amanti, and Filippo Pelosi	
Allografts: General Informations and Graft Sources	415
Antonios Kouzelis	
Allografts in Anterior Cruciate Ligament Reconstruction	421
Michael I. Iosifidis and Alexandros Tsarouhas	
Costs and Safety of Allografts	431
Athanasios N. Ververidis	
Role of Allografts in Knee Ligament Surgery	439
Mahmut Nedim Doral, Gazi Huri, Özgür Ahmet Atay, Gürhan Dönmez, Ahmet Güray Batmaz, Uğur Diliçikık, Gürsel Leblebicioğlu, and Defne Kaya	
The Role of Growth Factors in ACL Surgery	443
Matjaz Vogrin	
Dealing with Complications in ACL Reconstruction	449
Reha N. Tandoğan, Asım Kayaalp, and Kaan Irgit	
Revision ACL Reconstruction: Treatment Options	457
Philippe Colombet, Philippe Neyret, and Patrick Dijan and the French Society of Arthroscopy	
Revision of Failures After Reconstruction of the Anterior Cruciate Ligament	463
