<i>Woodhead Publishing Series in Food Science, Technology and Nutrition</i> .....	<i>xv</i>
<i>Introduction</i> .....	<i>xxiii</i>
<b>1 Defining the term ‘natural’ in the context of food products</b> .....	<b>1</b>
<i>D. Baines, Baines Food Consultancy Ltd, UK</i>	
1.1 Introduction.....	1
1.2 The definition of ‘natural’ in the European Union.....	3
1.3 The definition of ‘natural’ in the United States.....	14
1.4 The International Organization of the Flavour Industry guidelines for the interpretation of ‘natural’ .....	16
1.5 The definition of ‘natural’ in other countries .....	18
1.6 ‘Natural’ as applied to food additives and food.....	20
1.7 Conclusions.....	20
1.8 References.....	21
<b>Part I Natural additives, ingredients and flavourings</b> .....	<b>23</b>
<b>2 Natural food and beverage colourings</b> .....	<b>25</b>
<i>A. Kendrick, LycoRed Limited, UK</i>	
2.1 Introduction.....	25
2.2 Natural food and beverage colourings currently used commercially .....	27
2.3 Conclusions.....	39
2.4 References.....	39

<b>3</b>	<b>Natural low-calorie sweeteners</b> .....	<b>41</b>
	<i>J. C. Fry, Connect Consulting, UK</i>	
3.1	Introduction.....	41
3.2	Commercial bulk low-calorie sweeteners.....	45
3.3	Commercial high-potency sweeteners.....	49
3.4	Potential future sweeteners.....	64
3.5	Other sweeteners.....	68
3.6	Conclusions.....	70
3.7	Sources of further information and advice.....	70
3.8	References.....	71
3.9	Appendix: abbreviations.....	75
<b>4</b>	<b>Natural food and beverage flavour enhancers</b> .....	<b>76</b>
	<i>L. Methven, University of Reading, UK</i>	
4.1	Introduction.....	76
4.2	Savoury flavour enhancement: umami tastants and ingredients rich in umami compounds.....	77
4.3	Umami taste modifiers and taste enhancing peptides.....	90
4.4	Maillard-derived taste enhancers.....	93
4.5	Interactions in the perception of non-volatile tastants and volatile or semi-volatile flavour compounds.....	94
4.6	Future trends.....	95
4.7	References.....	95
<b>5</b>	<b>Natural antioxidants as food and beverage ingredients</b> .....	<b>100</b>
	<i>R. I. Nahas, Kalsec Inc., USA</i>	
5.1	Introduction.....	100
5.2	Natural antioxidants: background.....	101
5.3	Natural antioxidants: properties, manufacture and applications.....	106
5.4	Future trends.....	122
5.5	References.....	122
<b>6</b>	<b>Natural antimicrobials as additives and ingredients for the preservation of foods and beverages</b> .....	<b>127</b>
	<i>J. Delves-Broughton, Danisco Food Protection, UK</i>	
6.1	Introduction.....	127
6.2	Natural antimicrobials derived from microorganisms.....	129
6.3	Natural antimicrobials derived from animals.....	140
6.4	Natural antimicrobials derived from plants.....	143
6.5	Essential oils.....	144
6.6	Enzyme-released antimicrobial agents.....	148
6.7	Other enzymes.....	148
6.8	Future trends.....	149
6.9	Sources of further information and advice.....	149
6.10	References.....	150

<b>7 Native, modified and clean label starches in foods and beverages .....</b>	<b>162</b>
<i>P. McDonagh, Healy Group, Ireland</i>	
7.1 Introduction.....	162
7.2 Manufacture of starch in plants .....	163
7.3 Starch composition .....	165
7.4 Amylose and amylopectin .....	166
7.5 Starch: extraction and manufacture .....	168
7.6 Starches from different sources .....	169
7.7 Modification of starches .....	170
7.8 Clean label starches .....	172
7.9 Conclusions and future trends .....	174
7.10 Sources of further information and advice .....	174
7.11 References.....	174
<b>8 The application of natural hydrocolloids to foods and beverages.....</b>	<b>175</b>
<i>A. M. Pegg, Consultant, UK</i>	
8.1 Introduction.....	175
8.2 The main types of hydrocolloids used in foods and beverages .....	177
8.3 Natural hydrocolloids: their manufacture, properties and applications .....	179
8.4 Future trends .....	194
8.5 Sources of further information and advice .....	195
8.6 References.....	195
<b>9 Proteins as clean label ingredients in foods and beverages.....</b>	<b>197</b>
<i>A. C. Alting and F. van de Velde, NIZO Food Research, The Netherlands</i>	
9.1 Introduction.....	197
9.2 The range of clean label proteins used as ingredients in foods and beverages.....	199
9.3 Examples of applications of proteins in foods and beverages .....	203
9.4 Future trends .....	209
9.5 References.....	210
<b>10 Natural aroma chemicals for use in foods and beverages .....</b>	<b>212</b>
<i>D. J. Rowe, Riverside Aromatics Ltd, UK</i>	
10.1 Natural aroma chemicals and the origins of organic chemistry.....	212
10.2 Naturals in the twenty-first century .....	213
10.3 Quality control and natural aroma chemicals .....	214
10.4 Natural aroma chemicals by direct isolation .....	214

10.5	Natural aroma chemicals by traditional food preparation processes: cooking chemistry .....	217
10.6	Natural aroma chemicals by biotechnology .....	219
10.7	Assessing the natural status of aroma chemicals .....	222
10.8	Future trends .....	228
10.9	References.....	229
<b>11</b>	<b>Natural flavourings from biotechnology for foods and beverages.....</b>	<b>231</b>
	<i>A. Paula Dionísio, G. Molina, D. Souza de Carvalho, R. dos Santos, J. L. Bicas and G. M. Pastore, CNPAT/EMBRADA, Federal University of São João del Rey and University of Campinas, Brazil</i>	
11.1	Introduction.....	231
11.2	Production of natural flavors by <i>de novo</i> synthesis .....	233
11.3	Production of natural flavors by biotransformation.....	240
11.4	Conclusions.....	252
11.5	References.....	252
<b>12</b>	<b>Natural flavourings from green chemistry for foods and beverages .....</b>	<b>260</b>
	<i>R. Marriott, Bangor University, UK</i>	
12.1	Introduction: green chemistry drivers.....	260
12.2	Green extraction techniques .....	261
12.3	Green synthesis techniques.....	271
12.4	Future perspectives .....	274
12.5	References.....	276
	<b>Part II Applications in different products .....</b>	<b>279</b>
<b>13</b>	<b>Applications of natural ingredients in savoury food products .....</b>	<b>281</b>
	<i>R. H. Hall, Newly Weds Foods Limited, UK</i>	
13.1	Introduction.....	281
13.2	Natural ingredients for savoury foods .....	282
13.3	Formulating savoury products using natural ingredients.....	294
13.4	Crisp and snack seasonings .....	302
13.5	Liquid savoury products .....	304
13.6	Coating systems for savoury products.....	307
13.7	Reduction, replacement and removal of particular ingredients.....	310
13.8	Future trends .....	313
13.9	Sources of further information and advice .....	315
13.10	References.....	315
<b>14</b>	<b>Applications of natural ingredients in baked goods.....</b>	<b>318</b>
	<i>S. S. Sahi, Campden BRI, UK</i>	
14.1	Introduction.....	318

14.2	Evaluation of the ‘naturalness’ of selected bakery ingredients.....	319
14.3	Issues to consider when using natural ingredients in baked goods .....	330
14.4	Future trends .....	330
14.5	Acknowledgements.....	331
14.6	References.....	331
<b>15</b>	<b>Applications of natural plant extracts in soft drinks .....</b>	<b>333</b>
	<i>P. Ashurst, Ashurst and Associates, UK</i>	
15.1	Introduction.....	333
15.2	Fruit juices and oils produced by expression.....	334
15.3	Natural additives for soft drinks produced by distillation .....	341
15.4	Natural extracts produced by solvent extraction .....	342
15.5	Usage amounts and label declarations.....	348
15.6	Water as an ingredient in soft drinks .....	351
15.7	Future trends .....	354
15.8	Sources of further information and advice .....	356
15.9	References.....	357
<b>16</b>	<b>Applications of natural ingredients in alcoholic drinks.....</b>	<b>358</b>
	<i>A. J. Buglass, Korea Advanced Institute of Science and Technology, Republic of Korea and D. J. Caven-Quantrill, Frutarom (UK) Ltd, UK</i>	
16.1	Introduction.....	358
16.2	Flavouring agents and colorants .....	360
16.3	Process aids.....	392
16.4	Yeasts, bacteria and fermentation aids.....	402
16.5	Water .....	409
16.6	Future trends .....	409
16.7	Sources of further information and advice .....	411
16.8	References.....	412
<b>17</b>	<b>Dairy products and milk-based food ingredients.....</b>	<b>417</b>
	<i>R. Early, Harper Adams University College, UK</i>	
17.1	Introduction.....	417
17.2	Milk as a source of food .....	418
17.3	Dairy products and food additives, ingredients and flavourings .....	421
17.4	Milk as a source of food ingredients and flavourings.....	433
17.5	Future trends .....	442
17.6	Acknowledgements.....	443
17.7	Sources of further information and advice .....	443
17.8	References.....	444
	<i>Index.....</i>	<i>447</i>
