VOLUME 21 SUPPLEMENT 2

AUGUST 2012

EDITORIAL

- Do diagnosis-related groups explain variations in hospital costs and length of stay? Analyses from the EuroDRG project for 10 episodes of care across 10 European countries:** R. Busse 1

RESEARCH ARTICLES

- How well do diagnosis-related groups explain variations in costs or length of stay among patients and across hospitals? Methods for analysing routine patient data:** A. Street, C. Kobel, T. Renaud and J. Thuilliez 6
- Patient classification and hospital costs of care for acute myocardial infarction in nine European countries:** U. Häkkinen, P. Chiarello, F. Cots, M. Peltola and H. Rättö 19
- How well do diagnosis-related groups for appendectomy explain variations in resource use? An analysis of patient-level data from 10 European countries:** A. Mason, Z. Or, T. Renaud, A. Street, J. Thuilliez and P. Ward 30
- How well do diagnosis-related group systems group breast cancer surgery patients?—evidence from 10 European countries:** D. Scheller-Kreinsen 41
- Diagnosis related groups and variations in resource use for child delivery across 10 European countries:** Z. Or, T. Renaud, J. Thuilliez and C. Lebreton 55
- DRGs in Europe; a cross country analysis for cholecystectomy:** G. Paat-Ahi, M. Swiderek, P. Sakowski, J. Saluse and A. Aaviksoo 66
- Why do patients having coronary artery bypass grafts have different costs or length of stay? An analysis across 10 European countries:** J. Gaughan, C. Kobel, C. Linhart, A. Mason, A. Street and P. Ward 77
- Performance of 10 European DRG systems in explaining variation in resource utilisation in inguinal hernia repair:** J. O'Reilly, L. Serdén, M. Talbäck and B. McCarthy 89
- Do diagnosis-related groups appropriately explain variations in costs and length of stay of hip replacement? A comparative assessment of DRG systems across 10 European countries:** A. Geissler, D. Scheller-Kreinsen and W. Quentin 103
- Patient classification systems and hospital costs of care for knee replacement in 10 European countries:** F. Cots, P. Chiarello, X. Salvador and X. Castells 116
- Patient classification and hospital costs of care for stroke in 10 European countries:** M. Peltola 129
