Preface xi

Contributors xiii

Volume I

SECTION

I

STRUCTURAL AND FUNCTIONAL CORRELATIONS IN THE KIDNEY 1

- 1 Structural–Functional Relationships in the Kidney 1**
Wilhelm Kriz, Astrid Weins, and Ruth Ellen Bulger
- 2 Clinical Importance of Nephron Mass 46**
Valerie A. Luyckx and Thomas F. Mueller
- 3 Renal Circulation and Glomerular Hemodynamics 74**
William J. Arendshorst and L. Gabriel Navar
- 4 Regulation of Water Balance: Urine Concentration and Dilution 132**
Yumi Noda and Sei Sakaki
- 5 Tubular Sodium Transport 159**
Arohan R. Subramanya, N ria M. Pastor-Solar, W. Brian Reeves, and Kenneth R. Hallows
- 6 Tubular Potassium Transport 194**
David B. Mount
- 7 Renal Acid–Base Transport 214**
Thomas D. DuBose Jr. and Amanda K. Goode
- 8 Hormones and the Kidney 230**
Sola Aoun Bahous, Maya Khairallah, Joumana T. Chaiban, and Kamal F. Badr

SECTION

II

CLINICAL EVALUATION 295

- 9 Laboratory Evaluation of Kidney Disease 295**
Lesley A. Inker, Richard A. Lafayette, Ashish Upadhyay, and Andrew S. Levey
- 10 Ultrasonography and Nuclear Medicine 346**
Frederic Rahbari-Oskoui, Andrew T. Taylor, and William Charles O'Neill

- 11 Computed Tomography and Magnetic Resonance Imaging 377**

Kyongtae T. Bae and Sonal Krishan

- 12 Diagnostic Angiography and Therapeutic Endovascular Intervention of the Renal Circulation 401**

Alex Perino, Rajan Gupta, and Ivan P. Casserly

- 13 Renal Biopsy: Indications and Evaluation 424**

I. David Weiner, C. Craig Tisher, and Byron P. Croker

SECTION

III

CYSTIC AND TUBULAR DISORDERS 458

- 14 Introduction to Genetic Renal Disease 458**

Erum Hartung, Terry Watnick, and Gregory G. Germino

- 15 Nephronophthisis—Medullary Cystic Kidney Disease 501**

Friedhelm Hildebrandt, Rannar Airik, and John A. Sayer

- 16 Autosomal Dominant Polycystic Kidney Disease 519**

Stefan Somlo and Arlene B. Chapman

- 17 Alport Syndrome, Fabry Disease, and Nail-Patella Syndrome 564**

Godela M. Brosnahan, Martin Gregory, Imed Halal, and Berenice Y. Reed

- 18 Isolated Renal Tubular Disorders: Mechanisms and Clinical Expression 587**

Thomas D. DuBose Jr. and Amanda K. Goode

- 19 Urinary Tract Obstruction and Reflux Nephropathy 615**

Ryan B. Pickens and Edward D. Kim

- 20 Nephrolithiasis 642**

Keith A. Hruska and Anne M. Beck

SECTION

IV

INFECTIONS OF THE URINARY TRACT
AND THE KIDNEY 673

- 21** Host-Pathogen Interactions and Host Defense Mechanisms 673
Keira Melican, Ferdinand X. Choong, and Agneta Richter-Dahlfors
- 22** Cystitis and Urethritis 689
Annelie Brauner and Milan Chromek
- 23** Infections of the Upper Urinary Tract 699
Lindsay E. Nicollé
- 24** Renal and Perirenal Abscesses 725
Neha D. Nanda and Louise M. Dembry
- 25** Complicated Urinary Tract Infections 738
Dennis J. Mikolich and Stephen H. Zinner*
- 26** Fungal Infections of the Urinary Tract 754
Carol A. Kauffman
- 27** Urinary Tract Tuberculosis 764
Mark S. Pasternack and Robert H. Rubin

SECTION

V

ACUTE KIDNEY INJURY 785

- 28** Epidemiology, Diagnosis, and Therapy of Acute Kidney Injury 785
Etienne Macedo and Ravindra L. Mehta
- 29** Pathophysiology of Ischemic Acute Kidney Injury 826
Charles L. Edelstein and Robert W. Schrier
- 30** Pathophysiology of Nephrotoxic Cell Injury 868
Brian S. Cummings and Rick G. Schnellmann
- 31** Antibiotic- and Immunosuppression-Related Renal Failure 901
Marc E. De Broe
- 32** Nephrotoxicity of Nonsteroidal Anti-inflammatory Agents, Analgesics, and Inhibitors of the Renin-Angiotensin System 943
Biff F. Palmer

*Deceased.

- 33** Contrast-Induced Acute Kidney Injury 959
Steven D. Weisbord and Paul M. Palevsky

- 34** Nephrotoxicity Secondary to Environmental Agents, Heavy Metals, Drug Abuse, and Lithium 981

Veronica Torres da Costa e Silva, Etienne Macedo, and Luis Yu

- 35** Acute Tubulointerstitial Nephritis 994
Garabed Eknayan and Rajeev Raghavan

- 36** Acute Kidney Injury Associated with Pigmenturia or Crystal Deposits 1018
Abolfazl Zarjou and Anupam Agarwal

- 37** Acute Kidney Injury Secondary to Tropical Hemorrhagic Viral Infections and Snakebites 1045
Emmanuel A. Burdmann

- 38** Acute Kidney Injury following Hematopoietic Cell Transplantation and Severe Burns 1057
Justin M. Belcher and Chirag R. Parikh

SECTION

VI

HYPERTENSION 1086

- 39** Role of the Kidneys in Hypertension 1086
Joey P. Granger and Eric M. George
- 40** Hypertension in Chronic Kidney Disease 1109
Peter N. Van Buren and Robert D. Toto
- 41** Hypertension in End-Stage Renal Disease 1131
Rajiv Agarwal
- 42** Renal Artery Stenosis, Renovascular Hypertension, and Ischemic Nephropathy 1153
Stephen C. Textor
- 43** Hypertension due to Primary Aldosteronism and Related Disorders 1197
Emmanuel L. Bravo, Muhammed A. Rafey, and Surafel F. Gebreselassie
- 44** Malignant Hypertension and Other Hypertensive Crises 1209
Charles R. Nolan and Stuart L. Linas

Index I-1

Volume II

SECTION
VII GLOMERULAR, INTERSTITIAL, AND
VASCULAR RENAL DISEASES 1260

- 45** Mechanisms of Immune Glomerular Injury 1260
William G. Couser
- 46** Acute Infectious Glomerulonephritis Including Poststreptococcal and Other Bacterial Infection-Related Glomerulonephritis 1277
Laura L. Mulloy and Michael P. Madaio
- 47** Viral Glomerulonephritis 1292
Warren Kupin
- 48** Vasculitic Diseases of the Kidney 1325
Julianne G. McGregor, Patrick H. Nachman, J. Charles Jennette, and Ronald J. Falk
- 49** Immunoglobulin A Nephropathy and Henoch-Schönlein Purpura 1364
Jan Novak and Bruce A. Julian
- 50** Membranoproliferative Glomerulonephritis and Dense Deposit Disease 1380
J. Ashley Jefferson, Miguel Palma-Diaz, and Charles E. Alpers
- 51** Membranous Nephropathy 1398
Laurence Beck Jr. and David Salant
- 52** Nephrotic Syndrome and the Podocytopathies: Minimal Change Nephropathy, Focal Segmental Glomerulosclerosis, and Collapsing Glomerulopathy 1414
H. William Schnaper and Jeffrey B. Kopp
- 53** Renal Involvement in Systemic Lupus Erythematosus 1522
Brad H. Rovin, Daniel J. Birmingham, and Tibor Nadasdy
- 54** Systemic Sclerosis, Rheumatoid Arthritis, Sjögren Syndrome, and Polymyositis and Dermatomyositis 1557
Meryl Waldman, James E. Balow, and Howard A. Austin III
- 55** Hemolytic Uremic Syndrome, Thrombotic Thrombocytopenic Purpura, and Acute Cortical Necrosis 1578
Marina Noris, Giuseppe Remuzzi, and Piero Ruggenenti

- 56** Renal Artery Thrombosis, Thromboembolism, Aneurysms, Atheroemboli, and Renal Vein Thrombosis 1605
John W. O'Bell, George P. Bayliss, and Lance D. Dworkin

- 57** Chronic Tubulointerstitial Nephritis 1626
Allison A. Eddy and Ikuyo Yamaguchi

SECTION
VIII SYSTEMIC DISEASES OF
THE KIDNEY 1659

- 58** Clinical Aspects of Diabetic Nephropathy 1659
Jamie P. Dwyer and Julia B. Lewis
- 59** The Normal and Diseased Kidney in Pregnancy 1676
Michelle A. Hladunewich, Ayodele Odutayo, and Ravi Thadhani
- 60** Monoclonal Gammopathies: Multiple Myeloma, Amyloidosis, and Related Disorders 1710
Pierre Ronco, Frank Bridoux, and Pierre Aucouturier
- 61** Hyperuricemia, Gout, and the Kidney 1766
Duk-Hee Kang, Mehmet Kanbay, and Richard Johnson
- 62** Sickle Cell Disease 1782
Vimal K. Derebail and Abhijit V. Kshirsagar
- 63** Tropical Nephrology 1800
Rashad S. Barsoum, Tarek Fayad, Kearnkiat Praditpornsilpa, and Visith Sitprija
- 64** A Clinical Approach to Kidney Disease in Infants, Children, and Adolescents 1845
Craig B. Langman, Gal Finer, and Neziha Celebi
- 65** Renal Function and Disease in the Aging Kidney 1877
Ramesh Saxena, Andrew Fenves, Xueqing Yu, Nosratola D. Vaziri, Fred G. Silva, and Xin J. Zhou

SECTION
IX DISORDERS OF ELECTROLYTE,
WATER, AND ACID BASE 1906

- 66** Mechanisms of Diuretic Action 1906
David H. Ellison, Ewout J. Hoorn, and Robert W. Schrier
- 67** Cardiac Failure and the Kidney 1938
William T. Abraham and Robert W. Schrier

x CONTENTS ■

- 68** Liver Disease and the Kidney 1965
Pere Ginès, Andrés Cárdenas, Elsa Solà, and Robert W. Schrier
- 69** The Nephrotic Syndrome 1997
Jeroen K. J. Deegens, Robert W. Schrier, and Jack F. M. Wetzels
- 70** The Syndrome of Inappropriate Antidiuretic Hormone Secretion and Other Hypoosmolar Disorders 2012
Joseph G. Verbalis
- 71** Nephrogenic and Central Diabetes Insipidus 2055
Daniel G. Bichet
- 72** Disorders of Potassium and Acid–Base Metabolism in Association with Renal Disease 2082
Mark A. Perazella and Asghar Rastegar
- 73** Disorders of Phosphorus, Calcium, and Magnesium Metabolism 2116
Keith A. Hruska, Moshe Levi, and Eduardo Slatopolsky
- 74** Fluid–Electrolyte and Acid–Base Disorders Complicating Diabetes Mellitus 2182
Horacio J. Adrogué and Nicolaos E. Madias

SECTION

X

CHRONIC KIDNEY DISEASE 2214

- 75** Pathophysiology and Nephron Adaptation in Chronic Kidney Disease 2214
Radko Komers, Timothy W. Meyer, and Sharon Anderson
- 76** Anemia in Chronic Kidney Disease 2238
James E. Novak and Jerry Yee
- 77** Mineral and Bone Disorder in Chronic Kidney Disease 2257
Elvira O. Gosmanova and Darryl L. Quarles

- 78** Nervous System Manifestations of Renal Disease 2277
Yeong-Hau Howard Lien
- 79** Cardiac Disease in Chronic Kidney Disease 2297
Patrick S. Parfrey and Sean W. Murphy
- 80** Metabolic and Endocrine Dysfunctions in Uremia 2333
Eberhard Ritz, Marcin Adamczak, and Andrzej Wiecek

SECTION

XI

MANAGEMENT OF END-STAGE RENAL DISEASE 2359

- 81** Immunobiology and Immunopharmacology of Renal Allograft Rejection 2359
Choli Hartono, Terry B. Strom, and Manikkam Suthanthiran
- 82** Clinical Aspects of Renal Transplantation 2380
Alexander C. Wiseman, James E. Cooper, and Laurence Chan
- 83** Peritoneal Dialysis 2437
Seth Furgeson, Rajnish Mehrotra, John M. Burkart, and Isaac Teitelbaum
- 84** Hemodialysis 2473
Scott D. Bieber and Jonathan Himmelfarb
- 85** Dietary Factors in the Treatment of Chronic Kidney Disease 2506
Sreedhar A. Mandayam, William E. Mitch, and Joel D. Kopple
- 86** Use of Drugs in Patients with Renal Failure 2545
Ali J. Olyaei, Jessica L. Steffl, and William M. Bennett

Index I-1
