PROLOGUE

Tales of the networked metropolis	1
-----------------------------------	---

1 INTRODUCTION

Networked infrastructures, technological mobilities and the urban condition	7
<i>Transport, telecommunications, energy and water: the mediating networks of contemporary urbanism</i>	10
<i>Networked paradoxes: global connections and local (dis)connections</i>	13
<i>The neglect of networked urban infrastructures and technological mobilities in treatments of the city</i>	16
<i>Fleeting glimpses of networked fragility: experiences and fears of infrastructural collapse</i>	22
<i>Ways forward: towards a critical networked urbanism</i>	30
<i>The aim of this book: constructing a parallel and cross-cutting perspective on urban and infrastructural change</i>	33
<i>The structure of the book</i>	35

PART ONE UNDERSTANDING SPLINTERING URBANISM 37

2 CONSTRUCTING THE MODERN NETWORKED CITY, 1850–1960 39

<i>The long path towards (attempted) standardisation</i>	40
<i>The aims of this chapter</i>	42
<i>Believing in modernity: urban reform and the ‘technological sublime’</i>	43
<i>Urban planning and development: the emergence of the unitary city ideal</i>	49
<i>Constructing networked urban consumption, 1920–60</i>	66
<i>Governing the integrated infrastructural ideal: cities, infrastructure and the nation state, 1900–60</i>	73
<i>Exporting the modern ideal: the experience of developing cities, 1850–1960</i>	81
<i>Conclusions: networking multiple modernities</i>	87

3 THE COLLAPSE OF THE INTEGRATED IDEAL

The modern networked city in crisis	90
<i>Processes undermining the modern infrastructural ideal</i>	91

CONTENTS / XII

<i>The urban infrastructure 'crisis'</i>	92
<i>Changing political economies of urban infrastructure development and governance</i>	94
<i>The collapse of the comprehensive ideal in urban planning</i>	103
<i>New urban landscapes: physical decentralisation, motorisation and the polynucleated city</i>	114
<i>New 'structures of feeling': the challenge of social and cultural change and social movements</i>	123
<i>Conclusions</i>	135
4 PRACTICES OF SPLINTERING URBANISM	137
<i>Unbundling infrastructure and the reconfiguration of cities</i>	138
<i>Practices of infrastructural unbundling</i>	138
<i>Unbundling infrastructure and urban transformations</i>	166
<i>Conclusions: urban infrastructure: towards new paradigms</i>	175
5 THE CITY AS SOCIOTECHNICAL PROCESS	
<i>Theorising splintering urbanism</i>	178
<i>Opening 'black boxes': the destabilisation of large technical systems</i>	180
<i>Actor networks and cyborg urbanisation</i>	184
<i>Changing political economies of capitalist urban infrastructure</i>	190
<i>From 'uniplex' to 'multiplex' cities: relational theories of contemporary urbanism</i>	202
<i>Evaluating the four perspectives</i>	206
<i>Conclusions</i>	214
PART TWO EXPLORING THE SPLINTERING METROPOLIS	217
6 SOCIAL LANDSCAPES OF SPLINTERING URBANISM	219
<i>Social dimensions of infrastructural unbundling and splintering urbanism</i>	220
<i>Urban landscapes in the 'age of extremes': secessionary networked spaces and the wider metropolis</i>	220
<i>The withdrawal of network cross-subsidies and the construction of infrastructural consumerism</i>	233
<i>Cyberspace divides: information and communications technologies as supports for urban splintering</i>	243
<i>Spaces of seduction: the premium networked spaces of the splintering metropolis</i>	249
<i>Automotive secession: electronically tolled 'superhighways' and the 'diversification' of urban highway systems</i>	249
<i>Splintering the Internet: towards a commercial and socially selecting medium</i>	251
<i>Splintering streetscapes (I) Skywalk cities, plazas and atria</i>	256
<i>Splintering streetscapes (II) Business Improvement Districts, town centre management and CCTV</i>	261
<i>Spaces of seduction: theme parks, shopping malls and urban resort complexes</i>	264

CONTENTS / XIII

<i>Fortress spaces: master-planned, gated enclaves across the world</i>	267
<i>'Smartering' the home: domestic spaces of secession and control</i>	284
<i>Beyond spaces of secession: marginalised spaces, network ghettos and the 'poverty of connections'</i>	287
<i>Conclusions: splintering urbanism and the spaces of democracy</i>	301
7 'GLOCAL' INFRASTRUCTURE AND THE SPLINTERING OF URBAN ECONOMIES	304
<i>Cities and the 'archipelago economy'</i>	305
<i>Economic players in the construction of 'glocal' urban infrastructure</i>	309
<i>Global connections, local disconnections: customising infrastructure for global financial enclaves</i>	313
<i>Infrastructure and economic enclaves in developing cities</i>	327
<i>Constructing 'home' districts for cyberspace: new media enclaves in global cities</i>	329
<i>Technopoles and the construction of high-tech innovation clusters</i>	333
<i>Customising infrastructure for foreign direct investment in manufacturing</i>	339
<i>'Back office' spaces and data-processing enclaves in the global periphery</i>	352
<i>Logistics enclaves, export processing zones, 'hub' ports and e-commerce spaces</i>	357
<i>The worlds beyond glocal infrastructure</i>	372
<i>Conclusions</i>	376
PART THREE PLACING SPLINTERING URBANISM	379
8 CONCLUSION	
<i>The limits of splintering urbanism</i>	381
<i>The dangers of splintering urbanism</i>	383
<i>Placing splintering urbanism: the wider context</i>	384
<i>Challenging hegemonies: resistance and the limits of splintering urbanism</i>	387
POSTSCRIPT	
<i>A manifesto for a progressive networked urbanism</i>	404
<i>Towards a spatial imagination for the splintered metropolis</i>	405
<i>The challenges of urban democratisation: association, difference and states</i>	406
<i>Building new conceptual understandings of contemporary urban life</i>	410
<i>Ways forward for urban planning and practice: beyond urban and technological determinisms</i>	413
<i>Challenges to urban research</i>	417
<i>End note</i>	420
<i>Glossary</i>	421
<i>Bibliography</i>	431
<i>Index</i>	463
