Preface xi

CHAPTER 1

Introduction 1

Introduction 1

History of Mobile Telephony 6

Growth of the Mobile Market 11

Outline of the Book 17

CHAPTER 2

Making Sense of Mobile Telephone Adoption 21

Interaction Between Technology and Society 21

Technical/Social Determinism and Affordances 23

Domestication of Information and Communication Technologies (ICTs) 26

Methods and Data Sources 33

CHAPTER 3

Safety and Security 35

Introduction 35

The Mobile Telephone as a Contribution to Security 37

Use in Situations Where There Is a Chronic or Acute Need for Contact 38

Abstraction of Security vis-à-vis Mobile Telephony 42

The Mobile Telephone in Extraordinary Situations 46

Diminution of Safety 43

Driving and Mobile Telephone Use 49

Personal Privacy 53

Conclusion 54

CHAPTER 4

The Coordination of Everyday Life 57

Introduction 57
Social Coordination 61
Mechanical Timekeeping and Social Coordination 63
 The Development of Mechanical Timekeeping 64
 The Standardization of Time 65
 The Etiquette of Time and Timekeeping 67
Mobile Communication and Microcoordination 69
 Midcourse Adjustment 70
 Iterative Coordination 72
 Softening of Schedules 73
Time-Based vs. Mobile-Based Coordination 76
 Advantages of Mobile Based Coordination 76
 Limitations 77
 Competition or Supplement? 78
Conclusion 80

CHAPTER 5

The Mobile Telephone and Teens 83

Introduction 83
Child/Adolescent Development and the Adoption of Telephony 86
Adolescence and Emancipation in Contemporary Society 93
Elements in the Adoption of Mobile Telephony by Teens 97
 Functional Uses of the Mobile Telephone Among Adolescents 99
 Symbolic Meaning of the Mobile Telephone 103
 Social Networking via the Mobile Telephone 110
 Monetary Dimensions to Teens' Adoption of Mobile Telephony 112
Conclusion: Mobile Telephony and the Dance of Emancipation 119

CHAPTER 6

The Intrusive Nature of Mobile Telephony 123

Introduction 123
Mobile Telephony in Settings with Heavy Normative Expectations 125
Mobile Telephony in Interpersonal Situations 130
 Initiation of the Call and the Production of Social Partitions 132
 Management of the Local Situation During the Call 136
 Reemergence into the Local Setting 138

Forced Eavesdropping and Being Embarrassed for Others	140
Conclusion	142

CHAPTER 7

Texting and the Growth of Asynchronous Discourse 145

Introduction	145
The Growth of Texting	149
<i>Texting and the Individual</i>	149
<i>Texting and the Group</i>	152
What Is Being Said, Who Is Saying It, and How They Say It	154
<i>Content of the Messages</i>	154
<i>Mechanics of SMS Writing</i>	157
<i>Written vs. Spoken Language</i>	162
<i>Gendering of Text Messages</i>	164
The Future of Texting	165

CHAPTER 8

Conclusion: The Significance of Osborne's Prognosis 169

Introduction	169
Interaction Between Innovation and Social Institutions	171
<i>History of Technical Innovation and Social Adoption</i>	172
<i>Sociology and the Role of Technical Innovation</i>	174
Social Capital vs. Individualism	177
<i>Social Capital</i>	177
<i>The Institutionalization of Individualization</i>	179
Role of ICTs in the Fostering of Social Capital/Individualism	181
<i>The Internet</i>	181
<i>The Mobile Telephone</i>	183
<i>Ad Hoc Networks</i>	187
Virtual Walled Communities	189

Appendix: Data Sources Used in the Analysis of Mobile Telephony	197
