Introduction	9
Chapter 1	
Neoevolutionism as the new paradigm of the social sciences	15
Introduction.....	15
New scientific revolution.....	16
Standard model of the social sciences.....	16
Neoevolutionary paradigm.....	19
Paradigms in the social sciences	21
Interplay between paradigms	25
Summary	27
Chapter 2	
Development of evolutionary thought – from social Darwinism to behavioral economics.....	29
Introduction.....	29
History of evolutionism in the social sciences.....	30
Sociobiology	30
Evolutionary psychology	32
Cultural anthropology and paleoanthropology	34
Behavioural economics.....	35
Evolutionary management?.....	36
Summary	39
Chapter 3	
Management from the perspective of Darwinism.....	41
Introduction.....	41
Neoevolutionism and human behaviour	42
Application of neoevolutionism in management	44
Examples of the use of neoevolutionary inspirations in management.....	53
Summary	55
Chapter 4	
The neoevolutionary methodology in the social sciences.....	57
Introduction.....	57
The methodology of the social sciences	58
Cognitive stages of the theory of evolution	59
New Research Methods in Social Sciences	62
Neoevolutionary methods in management.....	65
Summary	68

Chapter 5

Management and the primates	71
Introduction.....	71
Cooperation between primates.....	72
Social conflicts in primates societies	73
Organisational abilities of chimpanzees	75
Summary	76

Chapter 6

Culture as seen by evolutionists.....	79
Introduction.....	79
Neoevolutionary paradigm of culture?	80
The essence of culture as seen from the evolutionary perspective	82
Culture from the primatological perspective	84
Memetic understanding of culture	85
Criticism of the neoevolutionary paradigm of culture.....	87
Summary	88

Chapter 7

Organisational culture in the neoevolutionary paradigm.....	91
Introduction.....	91
Darwinian inspirations	91
The evolutionary basis of organisational culture	92
Functions of organisational culture.....	93
Dimensions of organisational culture's values	94
Elements of organisational cultures	97
Typologies of organisational cultures.....	98
Summary	99

Chapter 8

Neoevolutionary Concept of Power.....	103
Introduction.....	103
Universal sources of power.....	103
Power and culture	105
Aggression and violence	106
Primates wars.....	108
Sex and power relations	109
Justice in society	111
Power and ownership.....	112
Summary	113

Chapter 9	
Leaders as evolutionary legacy	115
Introduction	115
Heritage of leadership	115
Leadership in human groups	119
Summary	120
Chapter 10	
Evolution and strategic thinking	123
Introduction	123
Planning	124
Social and organisational aspects of strategy	124
Social evolutionary game	125
Feedback between competition and cooperation	127
Strategy based on entrepreneurship and leadership	129
Summary	130
Chapter 11	
The common good and public management from the neoevolutionary perspective	133
Introduction	133
‘The tragedy of the commons’	133
Evolutionary heritage	135
Reducing the negative effects	138
Summary	139
Chapter 12	
Neoevolutionary marketing	141
Introduction	141
Darwinism and marketing	141
Selling human nature	144
Summary	146
Chapter 13	
Evolutionary limitations to human rationality in human resources management.	149
Introduction	149
The evolutionarily limited rationality of human resources processes	150
Human resources from the Darwinist perspective	153
Summary	156
Conclusions	159
