

# Table of Contents

## The Geneva Convention

Beyond the Geneva Convention on the Treatment of Object Aliasing . . .	1
<i>Dave Clarke, James Noble, and Tobias Wrigstad</i>	
The Geneva Convention on the Treatment of Object Aliasing . . . . .	7
<i>John Hogg, Doug Lea, Alan Wills, Dennis de Champeaux, and Richard Holt</i>	

## Ownership

Ownership Types: A Survey . . . . .	15
<i>Dave Clarke, Johan Östlund, Ilya Sergey, and Tobias Wrigstad</i>	
Notions of Aliasing and Ownership . . . . .	59
<i>Alan Mycroft and Janina Voigt</i>	
Understanding Ownership Types with Dependent Types . . . . .	84
<i>Nicholas Cameron, Sophia Drossopoulou, and James Noble</i>	
Object Graphs with Ownership Domains: An Empirical Study . . . . .	109
<i>Radu Vanciu and Marwan Abi-Antoun</i>	

## Concurrency

Alias Control for Deterministic Parallelism . . . . .	156
<i>Robert L. Bocchino Jr.</i>	

## Alias Analysis

Alias Analysis for Object-Oriented Programs . . . . .	196
<i>Manu Sridharan, Satish Chandra, Julian Dolby, Stephen J. Fink, and Eran Yahav</i>	

## Controlling Effects

Immutability . . . . .	233
<i>Alex Potanin, Johan Östlund, Yoav Zibin, and Michael D. Ernst</i>	
Fractional Permissions . . . . .	270
<i>John Boyland</i>	

**Verification**

Object Ownership in Program Verification .....	289
<i>Werner Dietl and Peter Müller</i>	
State Based Encapsulation for Modular Reasoning about Behavior-Preserving Refactorings .....	319
<i>Anindya Banerjee and David A. Naumann</i>	
Separation Logic for Object-Oriented Programming .....	366
<i>Matthew Parkinson and Gavin Bierman</i>	
VeriFast for Java: A Tutorial .....	407
<i>Jan Smans, Bart Jacobs, and Frank Piessens</i>	

**Programming Languages**

Confined Roles and Decapsulation in Object Teams — Contradiction or Synergy? .....	443
<i>Stephan Herrmann</i>	
Location Types for Safe Programming with Near and Far References ...	471
<i>Yannick Welsch, Jan Schäfer, and Arnd Poetzsch-Heffter</i>	

**Visions**

The Future of Aliasing in Parallel Programming .....	501
<i>Robert L. Bocchino Jr.</i>	
Aliasing Visions: Ownership and Location .....	503
<i>Alan Mycroft</i>	
Alias Analysis: Beyond the Code .....	505
<i>Manu Sridharan</i>	
How, Then, Should We Program? .....	507
<i>James Noble</i>	
A Retrospective on Aliasing Type Systems: 2012-2022 .....	509
<i>Jonathan Aldrich</i>	
Structured Aliasing .....	512
<i>Tobias Wrigstad</i>	
<b>Author Index</b> .....	515
