Acknowledgements	IX
Part I. Introduction	1
General interest and scope of study	3
Some remarks on methodology	5
Outline of the analysis	6
Part II. Background	9
CHAPTER 1	
Preliminaries: Affectivity and sound objects in an interactional linguistic perspective	11
1.1 Interactional Linguistics	12
1.2 Conversation Analysis	15
1.2.1 The turn-taking system	15
1.2.2 A participant's perspective	17
1.2.3 Conversation Analysis and affectivity	17
1.3 Contextualisation Theory	21
1.4 Summary and conclusions	23
CHAPTER 2	
Approaching sound objects: Previous research on interjections, discourse markers and vocalisations	25
2.1 Interjections – what are they?	25
2.2 Vocalisations in Conversation Analysis and Interactional Linguistics	32
2.2.1 Foundational studies	33
2.2.2 Major findings and assumptions	36
2.2.3 Communicative “paralinguistic” sounds	38
2.3 Summary and conclusions	39

CHAPTER 3

Approaching affectivity in talk-in-interaction I:

Previous research on prosody

41

3.1 Preliminaries: Prosody-in-Conversation 41

3.2 Prosody and affectivity in conversation 43

3.2.1 The non-affect phonetics approach 44

3.2.2 Prosody as a contextualisation device for affectivity 45

3.2.3 Summary and conclusions 51

CHAPTER 4

Approaching affectivity in talk-in-interaction II:

Previous research on conversational activities

53

4.1 Common findings and assumptions 53

4.2 Sequences and practices 60

4.2.1 Troubles talk 61

4.2.2 News delivery sequences 62

4.2.3 Complaint sequences 65

4.2.4 Assessments 67

4.2.5 Repair 69

4.3 Summary and conclusions 71

**Part III. An analysis of responsive affect-laden sound objects
in talk-in-interaction**

73

CHAPTER 5

Affectivity and sound objects: An interactional linguistic perspective

75

5.1 Data and transcription 75

5.2 The methodological approach of the present study 77

CHAPTER 6

Affect-laden *oh* in repair sequences and news tellings

83

6.1 Previous accounts in the literature: *Oh* in English 84

6.1.1 English *oh* in dictionaries 84

6.1.2 English *oh* in interactional studies 85

6.2 'Surprise' in talk-in-interaction 88

6.3 The prosodic-phonetic packaging of 'extra high and pointed' *oh* 91

6.4 Affect-laden *oh* in response to repair 93

6.4.1 *Oh* as a repair receipt + turn expansion 93

6.4.2 *Oh* as a repair receipt + subsequent other-speaker talk 98

6.4.3 The rise-fall revisited: 'Surprise', a matter of degree 103

6.5	Affect-laden <i>oh</i> in response to news	107
6.5.1	<i>Oh</i> as a news response + turn expansion	107
6.5.2	<i>Oh</i> as a news response + subsequent other-speaker talk	109
6.6	Interactional pay-off of 'extra high and pointed' <i>oh</i> : Is 'surprise' a full-fledged emotion?	120
6.7	Summary and conclusions	128

CHAPTER 7

Affect-laden <i>oohs</i> in radio phone-ins and in mundane complaint sequences/troubles talk		131
7.1	Previous accounts of <i>ooh</i> in dictionaries	132
7.2	Extreme and dramatic affect displays in talk-in-interaction	134
7.3	The prosodic-phonetic packaging of <i>ooh</i>	134
7.4	'High and pointed' <i>ooh</i> + turn expansion as an affect-laden response to unqualified, positive assessments	136
7.5	'Midrange' <i>ooh</i> + turn expansion in response to repair	147
7.6	Global sequential position of variants of <i>ooh</i> in radio phone-ins	151
7.7	Stand-alone <i>ooh</i> + subsequent other-speaker talk in radio phone-ins	154
7.8	'High' <i>ooh</i> in response to highly detailed informings in mundane complaints and troubles telling	157
7.8.1	'High' <i>ooh</i> as a complaint receipt	158
7.8.2	'High' <i>ooh</i> as a troubles receipt	161
7.9	<i>Ooh</i> – a marker of extreme and dramatic affect?	165
7.10	Summary and conclusions	168

CHAPTER 8

Types of affect-laden <i>ahs</i> in troubles talk and deliveries of bad news		171
8.1	Previous accounts in the literature: <i>Ah</i> in English	172
8.1.1	<i>Ah</i> in English dictionaries	172
8.1.2	English <i>ah</i> in empirical studies	172
8.2	'Empathy, 'sympathy' and 'disappointment' in talk-in-interaction	175
8.3	The prosodic-phonetic packaging of <i>ah</i>	177
8.3.1	The prosodic-phonetic packaging of <i>ah</i> in troubles telling and in bad-news deliveries (with the teller as the consequential figure)	178
8.3.2	The prosodic-phonetic packaging of <i>ah</i> in rejection contexts and in bad-news deliveries (with the recipient as the consequential figure)	178

8.4	Affect-laden <i>ah</i> in response to troubles talk	179
8.4.1	<i>Ah</i> as a troubles receipt + turn expansion	180
8.4.2	<i>Ah</i> as a troubles receipt + subsequent other-speaker talk	187
8.4.3	<i>Ah</i> as a mock troubles receipt	193
8.4.4	Summary and conclusions	197
8.5	Affect-laden <i>ah</i> in response to deliveries of bad news (with the teller as the consequential figure)	198
8.6	Excursus: Affect-laden <i>ah</i> in radio-talk rejection contexts and bad-news deliveries (with the recipient as the consequential figure)	209
8.6.1	Rejections of proposals in radio interaction	209
8.6.2	News delivery sequences in radio interaction	211
8.6.3	Summary and conclusions	214
8.7	The interactional pay-off of the variants of <i>ah</i> : Do they signal discrete emotions?	215
8.8	Summary and conclusions	222
CHAPTER 9		
	More affect-laden sound objects	223
9.1	The affect-laden sound object <i>click</i>	223
9.1.1	Previous accounts of clicks in dictionaries, phonetic text books and talk-in-interaction	224
9.1.2	'Moral indignation' and 'disapproval' in talk-in-interaction	226
9.1.3	Clicks in response to complaints	226
9.1.4	Summary and conclusions	234
9.2	The affect-laden sound object <i>whistle</i>	235
9.2.1	The sound object <i>whistle</i> in previous phonetic accounts	236
9.2.2	The sound object <i>whistle</i> in response to an informing with reference to a numerical figure	236
9.3	Summary and conclusions	241
