List of Figures.....	xi
List of Tables.....	xvi
Abbreviations.....	xviii
Preface.....	xix
1. Introduction.....	1
1.1. Siwa and its Language.....	1
1.2. The Present Study.....	11
1.2.1. Purpose and Framework.....	11
1.2.2. General Procedure.....	12
1.2.3. Restrictions.....	16
1.2.4. Structure.....	16
2. Phonological Assumptions.....	18
2.1. Introduction.....	18
2.2. Speech Is Usage-based and Categorical.....	21
2.3. Phonemes as Basic Categories.....	27
2.4. Distinctive Features as Contrastive Parameters.....	34
2.5. Sound Categories Induced from Acoustic Analysis.....	41
2.6. Summary.....	47
3. Acoustic Techniques.....	48
4. Major Sound Classes and Acoustic Features.....	59
4.1. Introduction.....	59
4.2. SYLLABIC.....	64
4.3. DISCONTINUITY.....	70
4.4. SILENCE.....	76
4.5. BURST.....	79
4.6. INTERMISSION.....	81
4.7. NASAL MURMUR.....	83
4.8. NOISE.....	90
4.9. Summary.....	97
5. Stops.....	101
5.1. Introduction and Overview.....	101

5.2. Acoustic Cues for Place of Articulation.....	104
5.2.1. Gross Spectral Properties.....	104
5.2.2. The Locus Hypothesis	111
5.2.3. Towards an Integrated Approach: Noise Formants and Transitions.....	115
5.3. Methods.....	126
5.3.1. General.....	126
5.3.2. Duration	128
5.3.3. Vowel Formants (Transitions).....	130
5.3.4. Noise Spectra (Bursts or Friction).....	132
5.3.5. Discussion	137
5.4. Minor Classes of Stops and Their Acoustic Features	142
5.4.1. Voiceless vs Voiced Stops (PULSE)	142
5.4.2. Affrication and Aspiration (NOISE).....	147
5.4.3. Short vs Long Stops (LENGTH)	153
5.5. Stops of Different Oral Configurations (Places of Articulation).....	162
5.5.1. Introduction.....	162
5.5.2. Stop Phones Preceding [i] (~ [ij]).....	165
5.5.3. Stop Phones Preceding [ɑ] (~ [æ] ~ [a])	179
5.5.4. Stop Phones Preceding [u] (~ [o]).....	192
5.6. The Glottal Stop.....	201
5.7. Summary	204
6. Other Consonants	207
6.1. Introduction.....	207
6.2. Fricatives and Approximants.....	208
6.2.1. Introduction.....	208
6.2.2. Methods.....	209
6.2.3. Voiceless vs Voiced Fricatives (PULSE).....	214
6.2.4. Short vs Long Fricatives and Approximants (LENGTH)	216
6.2.5. Fricatives and Approximants Preceding [i] (~ [ij, j; ə]).....	218
6.2.6. Fricatives and Approximants Preceding [ɑ].....	231
6.2.7. Non-labialised vs Labialised Uvulars Following [ə].....	242
6.2.8. The Status of the Approximants /j(:), w(:)/.....	245
6.3. Nasals.....	250
6.3.1. Introduction.....	250
6.3.2. Methods.....	251
6.3.3. Short vs Long Nasals (LENGTH).....	253
6.3.4. Nasals Preceding [i], [ɑ], and [u]	254

6.4. Laterals.....	259
6.4.1. Introduction.....	259
6.4.2. Methods.....	259
6.4.3. Short vs Long Laterals (LENGTH).....	259
6.4.4. Laterals Preceding [i], [a], and [u].....	260
6.5. Intermittents.....	263
6.5.1. Introduction.....	263
6.5.2. Methods.....	264
6.5.3. Short vs Long Intermittents (LENGTH).....	265
6.5.4. Intermittents Preceding [i], [a], and [u].....	266
6.6. Summary.....	270
7. Vowels.....	272
7.1. Introduction.....	272
7.2. Methods.....	273
7.3. Vowel Length.....	274
7.4. Vowels in Different Consonantal Contexts.....	277
7.4.1. Following Plain Coronal Consonants.....	277
7.4.2. Between Pharyngealised Consonants.....	284
7.4.3. Following Epiglottal Consonants.....	286
7.4.4. Summary.....	288
7.5. Vowels in Final Position.....	291
7.6. The Status of Schwa (ə).....	294
7.7. The Status of the Mid Vowels /e, o/.....	303
7.8. Summary.....	307
8. Conclusion.....	308
8.1. Summary.....	308
8.2. Orthographic Representation.....	312
8.3. Future Research.....	318
A Appendix.....	321
A.1. Stops: List of Word Forms Investigated.....	321
A.2. Stops: Acoustic Features Related to Oral Configurations.....	325
A.3. Stops: Parameters and Settings of Measurements.....	326
A.4. Stops: Mean Values and Ranges.....	330
A.4.1. Voiceless Stops, Speaker MA, [i, ij].....	330
A.4.2. Voiceless Stops, Speaker UB, [i, ij].....	331
A.4.3. Voiceless Stops, Speaker SR, [i, ij (, e)].....	332

Contents

A.4.4. Voiced Stops, Speaker MA, $_{[i, ij]}$	333
A.4.5. Voiced Stops, Speaker UB, $_{[i, ij]}$	334
A.4.6. Voiced Stops, Speaker SR, $_{[i, ij]}$	335
A.4.7. Voiceless Stops, Speaker MA, $_{[\text{æ}, a, \alpha]}$	336
A.4.8. Voiceless Stops, Speaker UB, $_{[\alpha (, a)]}$	337
A.4.9. Voiceless Stops, Speaker SR, $_{[\alpha (, a)]}$	338
A.4.10. Voiceless Stops, Speaker AS, $_{[\alpha (, a)]}$	339
A.4.11. Voiceless Stops, Speaker NH, $_{[\alpha (, a)]}$	340
A.4.12. Voiced Stops, Speaker MA, $_{[\text{æ}, a, \alpha]}$	341
A.4.13. Voiced Stops, Speaker UB, $_{[\alpha (, a, \text{æ})]}$	342
A.4.14. Voiceless Stops, Speaker MA, $_{[\text{æ}, a]}$ vs $_{[\alpha]}$	343
A.4.15. Voiced Stops, Speaker MA, $_{[\text{æ}, a]}$ vs $_{[\alpha]}$	344
A.4.16. Voiceless Stops, Speaker MA, $_{[u, o]}$	345
A.4.17. Voiceless Stops, Speaker UB, $_{[u, o]}$	346
A.4.18. Voiced Stops, Speaker MA, $_{[u, o]}$	347
A.4.19. Voiced Stops, Speaker UB, $_{[u, o]}$	348
A.4.20. Voiceless Stops, Speaker MA, $_{[i, ij, \text{ə}, \text{æ}, a, \alpha, u]}$	349
A.4.21. Voiced Stops, Speaker MA, $_{[i, ij, \text{æ}, a, \alpha, u]}$	350
A.4.22. Voiceless Stops, Four Male Speakers, $_{[\alpha (, a)]}$	351
A.4.23. Voiced Stops, Three Male Speakers, $_{[i, ij]}$	351
A.4.24. Charts: Voiceless Stops, Speakers MA and UB, $_{[i, ij]}$	352
A.4.25. Charts: Voiced Stops, Speakers MA and UB, $_{[i, ij]}$	353
A.4.26. Charts: Voiceless Stops, Speakers MA and UB, $_{[\text{æ}, a, \alpha]}$	354
A.4.27. Charts: Voiced Stops, Speakers MA and UB, $_{[\text{æ}, a, \alpha]}$	355
A.4.28. Charts: Voiceless Stops, Speakers MA and UB, $_{[u, o]}$	356
A.4.29. Charts: Voiced Stops, Speakers MA and UB, $_{[u, o]}$	357
A.5. Stops: Contrasts in Different Vocalic Contexts.....	358
A.5.1. Contrasts Between (Voiceless, Voiced) Stops, $_{[i, ij]}$	358
A.5.2. Contrasts Between (Voiceless, Voiced) Stops, $_{[\text{æ}, a, \alpha]}$	365
A.5.3. Contrasts Between (Voiceless, Voiced) Stops, $_{[u, o]}$	370
A.6. Other Consonants: List of Word Forms Investigated.....	374
A.6.1. Fricatives and Approximants.....	374
A.6.2. Nasals.....	376
A.6.3. Laterals.....	377
A.6.4. Intermittents.....	378
A.7. Other Consonants: Acoustic Features.....	379
A.7.1. Fricatives and Approximants.....	379
A.7.2. Nasals, Laterals and Intermittents.....	380

A.8. Other Consonants: Parameters and Settings of Measurements.....	381
A.8.1. Fricatives and Approximants.....	381
A.8.2. Nasals, Laterals and Intermittents.....	384
A.9. Other Consonants: Mean Values and Ranges	387
A.9.1. Voiceless Fricatives, Speaker MA, $[_i]$ ($\sim [j, j; \vartheta]$).....	387
A.9.2. Voiceless Fricatives, Speaker MA, $[_a]$	389
A.9.3. Voiceless Fricatives, Speaker UB, $[_a]$	390
A.9.4. Voiceless Fricatives, Speaker SR, $[_a]$ ($\sim [æ]$).....	391
A.9.5. Voiced Fricatives and Approximants, Speaker MA, $[_i]$	392
A.9.6. Voiced Fricatives and Approximants, Speaker MA, $[_a]$	393
A.9.7. Voiced Fricatives and Approximants, Speaker UB, $[_a]$	394
A.9.8. Voiced Fricatives and Approximants, Speaker SR, $[_a]$	395
A.9.9. Nasals, Speaker MA, $[_i, ij; \alpha; u]$	396
A.9.10. Nasals, Speakers UB, SR, NH, $[_a]$	397
A.9.11. Laterals, Speakers UB, SR, NH, $[_a]$	397
A.9.12. Laterals, Speaker MA, $[_i, ij; \alpha; u]$	398
A.9.13. Intermittents, Speaker MA, $[_i, ij; \alpha; u]$	399
A.9.14. Intermittents, Speakers UB, SR, NH, $[_a]$	399
A.9.15. Charts: Voiceless Fricatives, $[_a]$, F1-F4 (VO) and P1-P4.....	400
A.9.16. Charts: Voiceless Fricatives, $[_a]$, A1-A4 +	401
A.9.17. Charts: Voiced Fricatives and Approximants, $[_a]$, F1-F4 and A1-A4 +	402
A.10. Other Consonants: Contrasts	403
A.10.1. Contrasts Between Voiceless Fricatives Preceding $[i](\sim [j, j; \vartheta])$	403
A.10.2. Contrasts Between Voiced Fricatives and Approximants Preceding $[i](\sim [j])$	404
A.10.3. Contrasts Between Fricatives and Approximants Preceding $[a]$ ($\sim [æ]$).....	405
A.10.4. Contrasts Between Nasals, Laterals and Intermittents	413
A.11. Vowels: List of Word Forms Investigated	415
A.11.1. Vowels Between Plain Coronals.....	415
A.11.2. Vowels Between Plain Coronals and Labials/Velars	415
A.11.3. Vowels Between Pharyngealised Consonants	416
A.11.4. Vowels Between Epiglottals and Plain Coronals/Labials	416
A.12. Vowels: Acoustic Features	417
A.13. Vowels: Parameters and Settings of Measurements.....	418
A.14. Vowels: Mean Values and Ranges	420
A.14.1. Vowels Between Plain Coronals, Speaker UB.....	420
A.14.2. Vowels Between Plain Coronals, Speaker SR	420
A.14.3. Vowels Between Plain Coronals, Speaker NH.....	421
A.14.4. Vowels Between Plain Coronals, Speaker MA.....	421

Contents

A.14.5. Vowels Between Plain Coronals and Labials/Velars, Speaker MA.....	422
A.14.6. Vowels Between Pharyngealised Consonants, Speaker UB	422
A.14.7. Vowels Between Epiglottals and Plain Coronals/Labials, Speaker MA.....	422
A.15. Vowels: Contrasts	423
A.16. Charts: Frequency of Sounds in the Word List Elicited	424
References	427
