Contents

Part I. Foundations and Current Perspectives

1. Overview of Foundations, Causes, Instruction, and Methodology in the Field of Learning Disabilities 3
   H. Lee Swanson, Karen R. Harris, and Steve Graham

2. A Brief History of the Field of Learning Disabilities 15
   Daniel P. Hallahan, Paige C. Pullen, and Devery Ward

3. Classification and Definition of Learning Disabilities: A Hybrid Model 33
   Jack M. Fletcher, Karla K. Stuebing, Robin D. Morris, and G. Reid Lyon

4. Learning Disabilities and the Law 51
   Cynthia M. Herr and Barbara D. Bateman

5. Linguistically Diverse Students' Reading Difficulties: Implications for Models of Learning Disabilities Identification and Effective Instruction 69
   Nonie K. Lesaux and Julie Russ Harris

6. Adults with Learning Disabilities: Factors Contributing to Persistence 85
   Noel Gregg

7. From FAPE to FEPE: Toward an *Excellent* Public Education for Children and Youth with Learning Disabilities 104
   Deborah L. Speece, Kimberly Palombo, and Jamey Burho

8. The State of the Science in Learning Disabilities: Research Impact on the Field from 2001 to 2011 118
   G. Reid Lyon and Beverly Weiser

Part II. Causes and Behavioral Manifestations

9. Attention-Deficit/Hyperactivity Disorder, Executive Function, and Reading Comprehension: Different but Related 155
Martha B. Denckla, Laura A. Barquero, Esther R. Lindström, Sabrina L. Benedict, Lindsay M. Wilson, and Laurie E. Cutting

10. Rapid Automatized Naming and Reading: A Review 169
George K. Georgiou and Rauno Parrila

11. Basic Cognitive Processes and Reading Disabilities 186
Linda S. Siegel and Silvia Mazabel

12. Memory Difficulties in Children and Adults with Learning Disabilities 214
H. Lee Swanson and Xinhua Zheng

13. Learning Disabilities in Mathematics: Recent Advances 239
David C. Geary

14. Language Processes: Characterization and Prevention of Language-Learning Disabilities 256
Mary Beth Schmitt, Laura M. Justice, and Jill M. Pentimonti

15. Social Cognition of Children and Adolescents with Learning Disabilities: Intrapersonal and Interpersonal Perspectives 278
Michal Al-Yagon and Malka Margalit

16. Behavioral Genetics, Learning Abilities, and Disabilities 293
Stephen A. Petrill

17. Diagnosing and Treating Specific Learning Disabilities in Reference to the Brain's Working Memory System 307
Virginia W. Berninger and H. Lee Swanson

Part III. Domain-Specific Instruction/Intervention Research

18. Word Identification Difficulties in Children and Adolescents with Reading Disabilities: Intervention Research Findings 329
Maureen W. Lovett, Roderick W. Barron, and Jan C. Frijters

19. Developing a New Intervention to Teach Text Structure at the Elementary Level 361
Joanna P. Williams and Lisa S. Pao

20. Reading Comprehension for Adolescents with Significant Reading Problems 375
Sharon Vaughn, Elizabeth Swanson, and Michael Solis

21. Instructional Intervention for Students with Mathematics Learning Disabilities 388
Lynn S. Fuchs, Douglas Fuchs, Robin F. Schumacher, and Pamela M. Seethaler

22. The Writing of Students with Learning Disabilities, Meta-Analysis of Self-Regulated Strategy Development Writing Intervention Studies, and Future Directions: Redux 405
Steve Graham, Karen R. Harris, and Debra McKeown

23. Classroom Spelling Interventions for Students with Learning Disabilities 439
T. F. McLaughlin, Kimberly P. Weber, and K. Mark Derby

24. Science and Social Studies Education for Students with Learning Disabilities 448
Thomas E. Scruggs and Margo A. Mastropieri

25. History Instruction for Students with Learning Disabilities 463
Cynthia M. Okolo and Ralph P. Ferretti

Part IV. General Instructional Models

26. Direct Instruction as *Eo nomine* and Contronym: Why the Right Words and the Details Matter 489
Edward J. Kame'enui, Hank Fien, and Jaan Korgesaar

27. Cooperative Learning for Students with Learning Disabilities: Advice and Caution Derived from the Evidence 507
Rollanda E. O'Connor and Joseph R. Jenkins

28. Data-Based Individualization as a Means of Providing Intensive Instruction to Students with Serious Learning Disorders 526
Douglas Fuchs, Kristen L. McMaster, Lynn S. Fuchs, and Stephanie Al Otaiba

29. The Sociocultural Model as a Framework in Instructional Intervention Research 545
Carol Sue Englert and Troy Mariage

30. Technology Applications for Improving Literacy: A Review of Research 565
Charles A. MacArthur

Part V. Measurement and Methodology

31. Design for Learning Disabilities Experimental and Quasi-Experimental Research 593
Victor L. Willson and William H. Rupley

32. Single-Case-Design Intervention Research: Applications in the Learning Disabilities Field 607
Thomas R. Kratochwill, Margaret R. Altschaefl, Brittany J. Bice-Urbach, and Jacqueline M. Kawa

33. Meta-Analysis of Research on Children with Learning Disabilities 627
H. Lee Swanson

34. Making a Hidden Disability Visible: What Has Been Learned from Neurobiological Studies of Dyslexia 643
Sally E. Shaywitz and Bennett A. Shaywitz

35. "Taking a Handful of World": Qualitative Research in Learning Disabilities 658
Brooke Moore, Janette Klingner, and Beth Harry
