Preface.....	V
List of figures	XV
List of tables	XXV
List of abbreviations	XXVIII
Introduction	1
1. The theoretical and methodical framework	5
1.1 Theoretical approach for the description of old industrial regions	5
1.2 The approach of regulation theory	10
2. The Ruhr District during the last decades: Selected socio-economic and cultural aspects of the dynamic process of change	13
2.1 Structural changes of the population in the Ruhr District	13
2.1.1 The development of population	13
2.1.2 The structure of population	15
2.1.3 The regional distribution of population	18
2.2 The structure of employment	22
2.2.1 Structural changes of employment	22
2.2.2 Structural changes in the social insurance system	22
2.2.3 Structural changes of unemployment	24
2.3 Structural changes in the manufacturing sector	32
2.3.1 The coal-mining industry	32
2.3.2 The iron and steel industry	36
2.3.3 Industries apart from coal, iron and steel	43
2.4 Changes of the large companies and firms	47
2.4.1 Ruhrkohle Aktiengesellschaft (Ruhr Coal Joint Stock Company – RAG)	48
2.4.2 The companies of iron and steel industry: Estel-Hoesch, Thyssen, Klöckner	51
2.5 Crafts and trades	53
2.5.1 Structural changes in the sector of crafts and trades	54
2.5.2 Regional distribution of firms in the crafts and trades sector	56
2.6 Technological changes in the Ruhr District	56
2.6.1 General changes	56
2.6.2 The Founder and Technology Centre (BGT) in Bottrop	59
2.6.3 The technology centre EcoTextil GmbH in Bochum	60

2.7	Structural changes in the traffic system	62
2.7.1	Road traffic	62
2.7.2	Railways	62
2.7.3	Inland navigation	65
2.7.4	Airports and air traffic	65
2.7.5	Public local passenger traffic	68
2.8	National income accounting	71
2.8.1	The gross value added	71
2.8.2	The disposable income	71
2.8.3	The gross investment in plant and equipment	74
2.9	Structural changes in the educational and university system	75
2.9.1	Types of schools	75
2.9.2	Pupils in the general educational system	75
2.9.3	Universities and students	75
2.10	Structural changes in cultural fields	83
2.10.1	Parks	83
2.10.2	Sports	85
2.10.3	Museums and public theatres	85
2.10.4	Tourism	87
2.11	Protection of the environment	89
2.11.1	Environmental policy of the Federal Republic of Germany	89
2.11.2	Water supply and waste water	90
2.11.3	Waste quantity and disposal	92
2.11.4	Investments	93
2.12	Structural changes in vocational training	94
2.12.1	Vocational training in the Federal Republic of Germany	94
2.12.2	The development of the number of pupils at vocational schools in the Ruhr District	95
2.12.3	Further education	98
2.13	The Ruhr District and the Local Agenda 21	101
2.13.1	Tasks and aims of the Local Agenda 21	101
2.13.2	The Agenda offices in the Ruhr District	102
2.14	Public finances	103
2.15	Brownfield sites	105
2.15.1	The Montan-Grundstücksgesellschaft (MGG)	105
2.15.2	Real Estate Fund Ruhr	105
2.16	Welfare and medical care	108
2.16.1	Social benefits	108
2.16.2	Hospitals and medical care	108
2.16.3	Social nursing services	108

3.	Levels of coordination in the socio-economic and cultural process of change in the Ruhr District according to regulation theory . . .	111
3.1	The coordination level of the EC resp. EU	112
3.1.1	The most important structure funds for the Ruhr District	112
3.1.2	Objective regions and programmes	112
3.1.3	The common initiatives	115
3.1.4	The pact for employment in the coal-mining regions of the Ruhr District	117
3.2	The coordination level of the Federal Government of Germany	118
3.2.1	Engagement treaty for guest workers between Germany and some South European countries since 1955	118
3.2.2	General coal-supporting steps of the Federal Government	119
3.2.3	Engagement stop for guest workers (1973)	119
3.2.4	Programme of the national government concerning employment policies (1979)	119
3.2.5	The common task of the German Federal Government and the German regional governments of the states: improvement of the regional economic structure	120
3.3	The coordination level of the NRW government	122
3.3.1	„Entwicklungsprogramm Ruhr“ 1968 (Development programme Ruhr 1968)	122
3.3.2	The North Rhine Westphalia programme 1975 (1970)	126
3.3.3	The activity programme Ruhr 1980–1984	126
3.3.4	Initiative for the future of the coal-mining, iron and steel region 1987 (ZIM)	131
3.3.5	Future initiative North Rhine Westphalia (ZIN)	133
3.3.6	International Building Exhibition (IBA) Emscher Park	134
3.4	The coordination level of municipalities, institutions, firms, etc. in the Ruhr District	138
3.4.1	Foundation network Essen	138
3.4.2	The Emscher-Lippe-Agentur GmbH	138
3.4.3	The regional secretariates	140
3.4.4	Employers' associations Emscher-Lippe (AGV)	142
3.4.5	The employment alliance Ruhr District	142
3.4.6	Associations for economic support	144
3.4.7	Future and activity programme (ZAP) Ruhr 2000plus	144
	Summary 1: Ruhr District	146

4.	The Upper Silesian industrial region in the last decades: Selected socio-economic and cultural aspects in the dynamic changing process	147
4.1	Upper Silesia in the structural changing process of population	149
4.1.1	The development of population	150
4.1.2	The natural population balance	150
4.1.3	The migration	150
4.1.4	The regional distribution of population	153
4.2	Employment	159
4.2.1	Structure and development of employees	159
4.2.2	Structure and development of the unemployed	163
4.3	The structure change in the producing trade	165
4.3.1	The hard coal-mining	165
4.3.2	The iron and steel industry	182
4.3.3	Power stations and electrical energy	190
4.3.4	The industry outside the iron, steel and coal-mining industry	191
4.4	The trade	191
4.5	Institutions and investors	192
4.5.1	The incubators	192
4.5.2	The special economic zone of Katowice	192
4.6	Upper Silesia in the structural changing process of traffic	198
4.6.1	Development and structure of the road traffic	198
4.6.2	Development and structure of the train traffic	200
4.6.3	Waterways	200
4.6.4	Airports and flights	201
4.6.5	Public transport	201
4.7	Structure change in the general educational system and at universities in Upper Silesia	202
4.7.1	General school system	202
4.7.2	Universities and academies	202
4.7.3	Structure change in vocational training	211
4.8	Structure change in the cultural field	215
4.8.1	Parks	215
4.8.2	Cultural institutions and offers	215
4.8.3	Tourism	217
4.9	Environmental protection	217
4.10	Public finances	220
4.11	Changes in area use	223
4.12	Social aids and medical care	223

5.	Levels of coordination in the socio-economic and cultural process of change in the Upper Silesian industrial region according to regulation theory	227
5.1	The coordination levels and measures of the EU	227
5.1.1	The three structure political instruments for the preparation of joining the EU (PHARE, ISPA, SAPARD)	227
5.1.1.1	Poland and Hungary Assistance for the Restructuring of Economy (PHARE)	227
5.1.1.2	Instrument for Structural Policies for Pre-Accession (ISPA)	232
5.1.1.3	Special Accession Programme for Agriculture and Rural Development (SAPARD)	232
5.1.1.4	Exchange programme for craftsmen	232
5.2	The coordination levels and measures of the Polish State	233
5.2.1	The "shock-therapy" of the Minister of Finance Leszek Balcerowicz (1 st January, 1990)	233
5.2.2	The privatization of national enterprises (November, 1995)	236
5.2.3	The reform of the health system (1 st January, 1999)	236
5.2.4	The reform of the educational system (1 st January, 1999)	237
5.2.5	The reform of the old age pensions (1 st January, 1999)	238
5.2.6	The reform of the territorial structure (1 st January, 1999)	238
5.2.7	Mining and environmental policy	238
5.3	The coordination level and measures of the Voivodship of Katowice ..	239
5.3.1	The Regional Contract	239
5.3.2	The concept of the coal-mining reform from 1989 to 1992	243
5.3.3	The restructuring plan for the hard coal-mining and its realization from 1993 to 1997	244
5.3.4	The restructuring and development programme from 1998 to 2002 ..	245
5.3.5	The restructuring of the iron and steel industry	250
5.3.6	The Upper Silesian agency for development and support	252
5.4	The coordination levels and measures of the municipalities, institutions, associations, enterprises	252
5.4.1	The municipalities	252
5.4.2	The chambers of commerce and trade	253
5.4.3	The labour exchanges	255
5.4.4	Activities of large enterprises	255
	Summary 2: Upper Silesia	255

6.	The Ostrava Region in the last decades: Selected socio-economic and cultural aspects in the dynamic changing process	259
6.1	The Ostrava Region in the structural changing process of population	259
6.1.1	The population development	261
6.1.2	The natural population development	262
6.1.3	The migration	265
6.1.4	The regional distribution of population	265
6.2	Employment	268
6.2.1	Structure and development of the employees	268
6.2.2	Structure and development of the unemployed	272
6.3	The structure change in the Moravian-Silesian Region	276
6.3.1	The hard coal-mining	277
6.3.2	The iron and steel industry	285
6.3.3	The combustible and power industry	290
6.3.4	The mechanical engineering	291
6.4	Structure changes of the business subjects (Ivo Veselý/Jiří Mezuláník)	293
6.5	The Ostrava Region in the technological changing process (Ivo Veselý/Jiří Mezuláník)	304
6.5.1	General starting points	304
6.5.2	BIC Ostrava-Vítkovice	305
6.5.3	Scientific-Technological Park Ostrava	307
6.6	The Ostrava Region in the structural changing process of traffic	309
6.6.1	Development and structure of the road traffic	309
6.6.2	Development and structure of the railway	311
6.6.3	Airports and flights	314
6.6.4	Transport by ships	316
6.7	Income accounting	316
6.8	Education, further education, and retraining (Ivo Veselý/Jiří Mezuláník)	319
6.8.1	Development of the general school system	319
6.8.2	The development of public higher education – universities in the Ostrava Region after 1989	319
6.8.3	Development of the professional education	323
6.8.4	Retraining and development of education in the entrepreneurial sphere	325
6.9	Recreation and cultural events (Ivo Veselý/Jiří Mezuláník)	325
6.9.1	Culture	333
6.9.2	Development of culture in the past decade, expectations for further years	334
6.9.3	Moravian-Silesian Region	335

6.10	Environmental protection (Ivo Veselý/Jiří Mezuláník)	340
6.10.1	Air	341
6.10.2	Water	341
6.10.3	Waste	342
6.10.4	Ecological burden	342
6.10.5	Rock and soil environment	344
6.10.6	Major technical problems	344
6.10.7	Environmental education	345
6.10.8	Costs of improving the quality of life environment	345
6.11	Changes in using areas	345
6.11.1	Brownfield sites and their suitability	347
6.12	Social aids and medical care	349
6.12.1	Hospitals and medical treatment	350
6.12.2	Medicines	350
7.	Levels of coordination in the socio-economic and cultural process of change in the Ostrava Region according to regulation theory (Ivo Veselý/Jiří Mezuláník)	353
7.1	The EU as a level of coordination	353
7.1.1	The EU policies in (objective) aim regions	353
7.1.2	The EU pre-entry funds	354
7.1.3	CBC PHARE fund of small projects	355
7.1.4	Regional development fund – PHARE	355
7.1.5	The project REGVIS 2005	356
7.2	The national government as a level of coordination	357
7.2.1	Regional support of entrepreneurship	357
7.2.2	Support programmes of the regional development aimed at supporting the entrepreneurial activity	357
7.2.3	Development programmes	358
7.2.4	Departmental programmes in the Ostrava Region from 1997 to 1999	358
7.2.4.1	Agriculture and forestry (Ministry of Agriculture)	358
7.2.4.2	Industry (Ministry of Industry and Trade)	359
7.2.4.3	Research and development	360
7.2.4.4	Transport (Ministry of Transport and Connection)	361
7.2.4.5	Employment rate and labour market (Ministry of Work and Social Affairs)	362
7.2.4.6	Health care (Ministry of Health Care)	363
7.2.4.7	School system (Ministry of School System, Youth and Physical Education)	363
7.2.4.8	Culture (Ministry of Culture)	365

7.2.4.9	Local Development (Ministry for Local Development)	366
7.2.4.10	ČMZRB programmes	367
7.2.4.11	Environment (Ministry of Environment)	367
7.2.4.12	General subsidies for the territories (Ministry of Finance)	368
7.2.5	Regional representation as a coordinating segment	368
7.3	Level of coordination: Other activities, municipalities, institutions, private business, organizations	370
7.3.1	Regional consultative and information centres, and institutions operating in their framework (RPIC)	370
7.3.2	Other institutions operating in the Moravian-Silesian Region	370
7.3.3	Chamber of Commerce of the Czech Republic	372
7.3.4	Business and innovation centres in the Moravian-Silesian Region	372
7.3.5	Euroregions on the territory of the research area	374
	Summary 3: Ostrava Region	376
8.	Comparison of selected problem fields of the three old industrial regions: Ruhr District, Upper Silesian Region and Ostrava Region	377
8.1	Restructuring the hard coal-mining industry as well as the iron and steel industry	379
8.2	Communication strategy development	380
8.3	Coordination of co-operation, entrepreneurial development/ diversification	381
8.4	Support programmes	381
8.5	Environmental management	381
8.6	Stimulation of mobility	382
8.7	Area management	387
	Sources	389
	Chapter 1: The theoretical and methodical framework	389
	Chapter 2 and 3: Ruhr District	390
	Chapter 4 and 5: Upper Silesian industrial region	395
	Chapter 6 and 7: Ostrava Region	398
	Chapter 8: Comparison of the three old industrial regions	399

List of figures

1.1	Model of irregular regional growth of the economy	6
1.2	Scheme of interdependences in an economic formation	6
1.3	Rise and fall in the life cycle of an economic formation	8
1.4	The vicious circle of a declining economic formation due to weakening catalytic effects	8
1.5	Possibilities of bifurcation in transition from an old to a new economic structure	9
1.6	Structure of economic/social relations in a national economy on the basis of regulation theory	9
2.1	The Kommunalverband Ruhrgebiet in Germany	14
2.2	The Ruhr District	15
2.3	Development of the population in the Ruhr District (1961–1999)	16
2.4	Births and deaths in the Ruhr District (1960–1999)	16
2.5	Migration movement in the Ruhr District (1960–1999)	17
2.6	Migration balance in the Ruhr District (1960–1999)	17
2.7	Foreigners according to nationality in the Ruhr District (1999)	18
2.8	Population density in the Ruhr District (1999)	20
2.9	Percentage of foreigners of the total population (1999)	20
2.10	Percentage of people under 20 years of the total population (1998)	21
2.11	Percentage of people 65 years and older of the total population (1998)	21
2.12	Employees in the three sectors of the economy (1965–1998)	23
2.13	Male and female employees in the Ruhr District (1961–2000)	23
2.14	Employees who have to pay social insurance fees according to sectors (1976–1997)	25
2.15	Employees who have to pay social insurance fees (1976–1997)	25
2.16	Development of the number of employees who have to pay social insurance fees in the employment office of Gelsenkirchen (1974–1999)	26
2.17	Employees in the industries of the Ruhr District (1960–1997)	
2.18	Employees in the iron and steel industry and in the coal-mining industry of the Ruhr District (1960–1993)	27
2.19	Employees in the mining industry of the Ruhr District (1960–1997)	27
2.20	Unemployed people (in Sept.) in the Ruhr District (1962–2000)	28
2.21	Rate of unemployment (in Sept.) in the Ruhr District (1967–1998)	28
2.22	Unemployed men and women (in Sept.) (1980–2000)	29
2.23	Unemployed (one year and longer) in the Ruhr District (1984–2000)	29
2.24	Unemployed (one year and longer): 55 years and older (1984–2000)	30
2.25	Unemployed (under 25 years) in the Ruhr District (1992–2000)	30
2.26	Unemployed foreigners in the Ruhr District (1981–2000)	31
2.27	Percentage of unemployment (2000)	31
2.28	The system of the commercial lines for manufacturing (SYPRO)	33

2.29	Development of hard coal-mining production (1960–1999)	34
2.30	Turnover in the mining and the iron and steel producing industry in the Ruhr District (1960–1997)	34
2.31	Output of crude steel in the Ruhr District (1960–1998)	42
2.32	Turnover in the coal, iron and steel industries of the Ruhr District (1960–1997)	42
2.33	Firms in the building trade in the Ruhr District (1961–1997)	44
2.34	Employees in the building trade in the Ruhr District (1961–1997)	44
2.35	Number of constructed flats in the Ruhr District (1961–1997)	45
2.36	Turnover in the main building trade (1961–1996)	45
2.37	Manufacturing firms in the Ruhr District (1960–1997)	46
2.38	Turnover of the industry of the Ruhr District and of North Rhine Westphalia (1960–1997)	46
2.39	Foreign turnover (1977–1997)	47
2.40	Employees in the RAG Group (1999)	50
2.41	Structural facts of the handicraft enterprises in the Ruhr District (1995)	57
2.42	Number of employees in the sector of crafts and trades per company (1994)	58
2.43	Degree of employment in the sector of crafts and trades (1995)	58
2.44	Technology centres in the Ruhr District	60
2.45	The infrastructure of the railway net in the Ruhr District (1999)	63
2.46	The circle train Rhein-Ruhr (1996)	64
2.47	The inland ports in the Ruhr District (1990)	64
2.48	Development of merchandise traffic in the ports of Duisburg (1990–1999)	66
2.49	Development of merchandise traffic in the leading ports in the Ruhr District (1990–1999)	66
2.50	Number of flights and turnover in the airport of Dortmund (1984–1999)	67
2.51	Overlapping of the Ruhr District and the Verkehrsverbund Rhein-Ruhr (VRR) – association of public transport in the Rhine Ruhr area (2001) .	68
2.52	Railway infrastructure in the Ruhr District: Extension of Sunday service (1998)	69
2.53	Present railway infrastructure in the Ruhr District: Lines with maximum speed 140 km/h (1998)	70
2.54	Gross value added in selected sectors (1980–1995)	72
2.55	Gross value added in the service sector (1980–1995)	72
2.56	Gross value added per inhabitant in the Ruhr District and in North Rhine Westphalia (1980–1996)	73
2.57	Disposable income of the private households in the Ruhr District (1975–1997)	73
2.58	Gross investment (1986–1996)	74

2.59	Pupils in primary and secondary modern schools in the Ruhr District (1968–1997)	76
2.60	Pupils in non-classical secondary and in grammar schools in the Ruhr District (1960–1999)	76
2.61	Foreign pupils in non-classical secondary schools in the Ruhr District (1960–1999)	77
2.62	Pupils in comprehensive schools in the Ruhr District (1976–1997)	77
2.63	Universities in North Rhine Westphalia (1998)	78
2.64	Areas of students of the University-GH Duisburg in NRW (1998)	79
2.65	Areas of students of the University-GH Essen (1998)	80
2.66	Students at the universities in the Ruhr District in the winter semester 2000/2001; percentage of foreigners and percentage of women	81
2.67	Students of the study courses at the universities in the Ruhr District in the winter semester 2000/2001	81
2.68	Students at selected universities in the Ruhr District	82
2.69	Students of the private university of Witten/Herdecke in the Ruhr District	82
2.70	Students of the universities in the Ruhr District (1969/70–1997/98) ...	83
2.71	Revierparks in the Ruhr District (1975)	84
2.72	The Revierpark Vonderort and its structure of using (1985)	84
2.73	Sports clubs and members in the Ruhr District (1980–1999)	86
2.74	Development of the share of members in sports clubs compared to all inhabitants (1977–1997)	86
2.75	Visitors of public theatres in the Ruhr District (1974/75–1998/99)	87
2.76	Route of industrial culture (2000)	88
2.77	Development of guest arrivals in the Ruhr District and in North Rhine Westphalia (1987–1997)	89
2.78	Area of the Emschergerossenschaft (1997)	91
2.79	Associations for collecting waste in the Ruhr District (1992)	92
2.80	The structure of the vocational training	95
2.81	Number of pupils in vocational schools in the Ruhr District (1976–1999)	96
2.82	Number of pupils in vocational schools (Berufsgrundschule and -vorklasse) in the Ruhr District (1976–1999)	96
2.83	Number of pupils in vocational and technical colleges in the Ruhr District (1976–1999)	97
2.84	Pupils who left schools with “Fachhochschulreife” in the Ruhr District (1981–1999)	97
2.85	Network of the competences	99
2.86	Locations for educational offers of RAG-Bildung (2001)	99
2.87	Education centres of the Deutsche Steinkohle AG (2001)	100
2.88	Education centre for economics in Essen	100
2.89	The main aims in the field of the effectiveness	101

2.90	Municipal agreements for the Local Agenda 21 in the Ruhr District (2000)	102
2.91	Taxable capacity index in the Ruhr District and in NRW (1975–1999)	104
2.92	Income of the communities	104
2.93	Project areas in the Ruhr District (2000)	106
2.94	Expenditures for social benefits in the Ruhr District (1964–1997)	109
3.1	The level of coordination in regulation theory for the Ruhr District	111
3.2	Structure funds of the EU	112
3.3	Prior objectives of the EU (1994–1999)	113
3.4	Objective 2: Restructuring of regions and areas with declining industrial development (1994–1999)	113
