Foreword by John Barrett, vii
Foreword by Stephanie J Lee, viii
Foreword by John Goldman, ix
List of Contributors, x

Section 1 Late effects concepts, 1

- 1 Introduction, 3
Bipin N Savani
- 2 Overview: transplant data and increasing numbers of long-term survivors, 7
Jakob R Passweg and Helen Baldomero
- 3 Long-term transplant clinic setup, 11
André Tichelli, Joerg P Halter, Jakob R Passweg, and Alicia Rovó
- 4 Late effects after allogeneic hematopoietic stem cell transplantation, 21
Shahrukh Hashmi and Mark R Litzow
- 5 Late effects after autologous hematopoietic stem cell transplantation, 31
Sairah Ahmed and Yago Nieto
- 6 Graft-versus-host disease and late effects after hematopoietic stem cell transplantation, 43
Gérard Socié
- 7 Prominent role of allied health professionals (nurse practitioners, physician assistants, others) in long-term follow-up after hematopoietic stem cell transplantation, 52
Catherine E Lucid

Section 2 Management, 55

- 8 Screening and prevention guidelines for hematopoietic cell transplant survivors, 57
Navneet S Majhail and J Douglas Rizzo

- 9 Secondary malignancies: prevalence, screening, prevention, and management guidelines, 65
Paolo F Caimi and Hillard M Lazarus
- 10 Cutaneous chronic graft-versus-host disease, 77
Attilio Olivieri, Daniela Massi, Andrea Bacigalupo, and Anna Campanati
- 11 Anti-infective prophylaxis, immunization and prevention of recurrent infectious complications in long-term survivors, 106
John P Galvin and Jayesh Mehta
- 12 Seasonal virus infections: prevention and management guidelines, 116
Gaurav Trikha and John R Wingard
- 13 Exposure to family members: infections and recent live vaccinations, 130
Brian G Engelhardt and James E Crowe, Jr
- 14 Late pulmonary complications after allogeneic hematopoietic stem cell transplantation: bronchiolitis obliterans syndrome (BOS) and organizing pneumonia (OP), 141
Lee Gazourian, Gerald L Weinhouse, Joseph H Antin, and Vincent T Ho
- 15 Post-transplantation bone disease: prevalence, monitoring, prevention, and management guidelines, 151
Kathryn Dahir, Brandon Perry, and Shubhada Jagasia
- 16 Ocular complications: prevalence, monitoring, prevention, and management guidelines, 162
André Tichelli and Alicia Rovó
- 17 Oral complications in hematopoietic stem cell transplantation survivorship, 172
Sharon Elad, Corey Cutler, and Nathaniel Treister
- 18 Sexual dysfunction in long-term survivors: monitoring and management, 183
Andrea L Utz and Shubhada Jagasia

- 19 Fertility issues, contraception, and pregnancy outcome in long-term survivors, 193
Alicia Rovó, Nina Salooja, Carl P Schwarze, Joerg P Halter, and André Tichelli
- 20 Follow-up of children after hematopoietic stem cell transplantation: growth and development, 203
Kristina K Hardy, David A Jacobsohn, and Evelio Perez-Albuerne
- 21 Posttransplant diabetes mellitus: monitoring, prevention, and management guidelines, 215
Prathima Jasti, Shichun Bao, and Shubhada Jagasia
- 22 Thyroid disease: monitoring and management guidelines, 225
M Kathleen Figaro, Cheryl A Fassler, Shubhada Jagasia, and Vipul T Lakhani
- 23 Special issues related to female long-term survivors, 233
Melissa A Merideth, Kristin Clay Chabarría, Tajana Klepac Pulanic, and Pamela Stratton
- 24 Cardiac and vascular complications in long-term survivors after hematopoietic stem cell transplantation, 244
Alicia Rovó and André Tichelli
- 25 Hyperlipidemia: prevalence, monitoring, management, interactions with immunosuppressive agents, and follow-up, 258
Dara L Eckerle Mize, Shubhada Jagasia, and Jeffrey B Boord
- 26 Hypertension management in long-term survivors, 269
Imad Abboud
- 27 Gastrointestinal complications of hematopoietic cell transplantation, 276
Preet Bagi, Niharika Samala, Steven Pavletic, and Theo Heller
- 28 Hepatic complications of hematopoietic stem cell transplantation, 286
Niharika Samala, Preet Bagi, Theo Heller, and Steven Pavletic
- 29 Monitoring and management of hepatitis B, hepatitis C, and HIV infection before and after transplantation, 294
Keith Luckett and Stephen Dummer
- 30 Prevention and management of renal complications in long-term survivors, 304
Michael Dickenmann and Joerg P Halter
- 31 Immunosuppressive agents and monitoring in long-term survivors, 314
Paul Shaughnessy and Helen Leather
- Section 3 Supportive care for long-term survivors after HSCT, 321**
- 32 Nutritional assessments and nutritional supplementation for long-term transplant survivors: multivitamins, vitamin D, calcium, antioxidants, and minerals, 323
Lauren Zatarain, LaQuisa Hill, Daniel R Thomas, and Stacey A Goodman
- 33 Daily routines and guidelines: driving, infection isolation, masks, food/diet, activities, exercise, pets, sun exposures, and others, 332
Angela M Woods
- 34 Caregivers of long-term survivors, 340
Elizabeth Wulff-Burchfield
- 35 Health-related quality of life in adult and pediatric survivors of hematopoietic stem cell transplantation, 345
Margaret Bevans and Lori Wiener
- 36 Prevalent psychosocial adjustment issues and solutions: lifestyle and social challenges, 368
Katrina M Stokes
- 37 A patient's perspective: concepts of long-term survivor support groups and their roles, 376
Michael W Brown
- APPENDIX 1 NMDP/Be The Match posttransplant guidelines resources, 379
Darlene Haven
- APPENDIX 2 Long-term follow-up calendar, 381
André Tichelli, Joerg P Halter, Jakob R Passweg, and Alicia Rovó
- APPENDIX 3 Commonly used transplant-related medications in long-term survivors, 385
Melissa Logue
- Index, 387
