Part I: Paradigms, Facts, Predictions

1. Introduction: The policy paradigm	3
1.1 Introduction	3
1.2 The EU perspective	8
1.3 The paradigm's three pillars	10
1.4 Asking the questions	14
1.5 Structure of the book	23
1.6 Further reading	26
2. Stylized facts	28
2.1 Introduction	28
2.2 Reform indicators	29
2.3 Reform trends in the telecommunications industry	34
2.4 Reform trends in the electricity industry	41
2.5 Reform trends in the natural gas industry	49
2.6 Price trends and correlation with reform indicators	58
2.7 Consumer satisfaction	61
2.8 Summing up	61
2.9 Further reading	63
3. Welfare effects: A simple thought experiment	66
3.1 Introduction	66
3.2 First sketch of the story	67
3.3 An illustrative model	71
3.4 Privatization	73
3.5 Price regulation	75
3.6 Unbundling	76
3.7 Duopoly	76
3.8 Market entry	78

3.9 Discussion: Objectives, incentives and regulation	79
3.10 Conclusion	91
3.11 Further reading	92

Part II: Testing the Paradigm

4. Testing the paradigm: Telephone services	97
4.1 Introduction	97
4.2 Technological and regulatory change	98
4.3 Fixed telephony and the European electronic communications market	107
4.4 Telephony prices	111
4.5 Using the conceptual model	115
4.6 Earlier literature	120
4.7 Data	121
4.8 Explaining telephone price dynamics	122
4.9 Mobile telephony prices	127
4.10 Summing up and a glimpse into the future	132
4.11 Further reading	138
4.A.1 Appendix: ECTR scores	141
4.A.2 Appendix: The 2009 EU reform package for telecoms	142
5. Testing the paradigm: Electricity	144
5.1 Introduction	144
5.2 Technological and regulatory features	146
5.3 Regulatory issues	154
5.4 Country features	160
5.5 Earlier empirical findings	171
5.6 Data	174
5.7 Results	174
5.8 A paradigm reversal? Electricity market reform in the UK	176
5.9 Concluding remarks	185
5.10 Further reading	186
5.A.1 Appendix: ECTR scores	189
5.A.2 Appendix: Estimating consumer prices using panel data models	190
5.A.3 Appendix: The Third EU package	192
6. Testing the paradigm: Natural gas	194
6.1 Introduction	194
6.2 Technology, costs, and prices	196
6.3 Demand, supply, and country features	198
6.4 Some earlier findings	211

6.5 Data	212
6.6 Empirical analysis	215
6.7 Summing up and open energy policy issues	217
6.8 Further reading	223
6.A.1 Appendix: ECTR scores	226
6.A.2 Appendix: The EU natural gas directives	227

Part III: Perceptions, Quality, Affordability

7. Double checking: Perceived price fairness	231
7.1 Introduction	231
7.2 Learning from what users say	231
7.3 Some earlier empirical findings	237
7.4 Data	240
7.5 Summing up	245
7.6 Further reading	246
7.A.1 Appendix: Empirical models for consumer dissatisfaction	247
8. Quality of service	248
8.1 Introduction	248
8.2 Quality of services and user satisfaction	249
8.3 Some methodological issues	256
8.4 Descriptive statistics	257
8.5 A conditional analysis of consumer satisfaction	262
8.6 An individual fixed-effects approach	266
8.7 Other empirical approaches	269
8.8 Objective quality vs. subjective quality: The case of electricity supply	271
8.9 Summing up	273
8.10 Further reading	274
8.A.1 Appendix: Quality of regulation of gas service in the UK	276
8.A.2 Appendix	278
9. Affordability of network services, social and territorial cohesion	279
9.1 Introduction	279
9.2 Conceptual framework	283
9.3 Earlier empirical analyses of affordability	286
9.4 Are tariff structures regressive?	290
9.5 Competition, switching, and affordability	295
9.6 Household survey data on deprivation	298
9.7 Adding the territorial dimension: Regional disparities in essential services	301

9.8 Dealing with utility poverty	306
9.9 Conclusions	315
9.10 Further reading	318
9.A.1 Appendix: A diagrammatic example of social exclusion	321
10. Conclusions	326
10.1 The dominant policy paradigm re-examined	326
10.2 Implementation: Too little or too much of it?	328
10.3 Is the consumer dividend fair?	330
10.4 Is domestic oligopoly a second-best?	332
10.5 Perceptions, quality, and information	334
10.6 Affordability and social cohesion	336
10.7 Is regulating services easier than providing them?	338
10.8 Ownership, regulation, markets: The role of the EU	341
10.9 Public services and European citizenship rights	344
10.10 Beyond the paradigm: Network services as ‘political industries’	349
10.11 Further reading	353
<i>Glossary</i>	355
