		PART I INTRODUCTION	
1	Int	roducing concepts	3
	1.1	A first illustration of the part played by loanwords	
		in the vocabulary of modern English	4
	1.2	Some initial definitions of terms	7
		1.2.1 Periods in the history of English	7
		1.2.2 Types of lexical borrowing; borrowing and code	
		switching; borrowing and imposition	8
	1.3	Some different approaches to studying lexical	
		borrowing	11
		On evidence and hypotheses	13
	1.5	What constitutes the vocabulary of English?	15
2	Int	roducing the data	22
	2.1	Assessing input from different languages in the	
		vocabulary of modern English	22
	2.2	Examining loanwords in the high-frequency vocabulary	
		of modern English	34
	2.3	Assessing the impact of borrowing on the 'basic'	
		vocabulary of English	41
	2.4	Some implications of this data for the shape of	
		this book	45
		PART II EARLY CONTACTS IN CONTINENTAL	
		EUROPE AND BRITAIN	
3	His	torical and cultural background to c.1150	53
		The Germani at the dawn of their recorded history	53
	3.2	The Germani on the continent in later Roman times	54
	3.3	Britain before the Romans	55

3.4 Roman Britain and its linguistic situation3.5 From the Anglo-Saxon 'Settlement' to the first	56
Christian centuries	59
3.6 The influence of Latin after the conversion	62
3.7 Anglo-Saxons and Scandinavians	64 65
3.8 The Norman Conquest	05
4 Very early borrowings into Germanic	66
4.1 Language families and comparative reconstruction	66
4.2 Very early borrowings from Celtic	69
4.3 Very early borrowings from Latin	72
5 Old English in contact with Celtic	76
5.1 Lexical borrowings from Celtic into Old English	77
5.2 The evidence of personal names and place names	81
5.3 A comparison: borrowing from Celtic into French	83
5.4 The hypothesis of structural borrowing from Celtic	
in English ('the Celtic hypothesis')	87
5.5 Epilogue: later lexical borrowing from Celtic languages	91
5.6 Conclusions	94
PART III OLD ENGLISH AND PROTO-OLD ENGLISH	
IN CONTACT WITH LATIN	
	97
IN CONTACT WITH LATIN Introduction to part III 6 An overview of Latin loanwords in Old English	97 99
IN CONTACT WITH LATIN Introduction to part III 6 An overview of Latin loanwords in Old English 6.1 Estimating the scale of the contribution	99 99
IN CONTACT WITH LATIN Introduction to part III 6 An overview of Latin loanwords in Old English 6.1 Estimating the scale of the contribution 6.2 Earlier and later borrowings	99 99 101
IN CONTACT WITH LATIN Introduction to part III 6 An overview of Latin loanwords in Old English 6.1 Estimating the scale of the contribution 6.2 Earlier and later borrowings 6.2.1 Identifying earlier and later borrowings	99 99 101 101
IN CONTACT WITH LATIN Introduction to part III 6 An overview of Latin loanwords in Old English 6.1 Estimating the scale of the contribution 6.2 Earlier and later borrowings 6.2.1 Identifying earlier and later borrowings 6.2.2 Characteristics of earlier and later borrowings	99 99 101

7		errogating the data from chapter 6	120	
	7.1	Concerns about etymologies	120	
	7.2	Derivatives and compounds of loanwords	121	
	7.3	Uncertain cases of derivation or independent		
		borrowing	123	
		Problems concerning learned borrowings	123	
	7.5	Assessing the influence of Latin loanwords in		
		Old English	129	
		7.5.1 Survival in modern English	1 29	
		7.5.1.1 Survivals from probable earlier borrowings	131	
		7.5.1.2 Survivals from later borrowings	131	
		7.5.2 Word frequencies and textual distribution	132	
		7.5.3 Loanwords showing basic meanings	137	
		7.5.4 A closer examination of borrowed verbs	139	
Q	Mo	thodologies: sound change; word geography;		
0		nwords versus semantic borrowing	143	
		Evidence based on English and Latin sound change	143	
	0.1	8.1.1 A selective list of changes	144	
		8.1.2 Examples of Latin borrowings involving these	144	
		changes	146	
		8.1.3 Examples involving changes in Latin as well as	140	
		English	149	
		8.1.4 Changes of quantity reflected by late borrowings		
		8.1.5 How analogy can produce misleading forms:		
		proud and pride	154	
	8.2	The problem of parallels/cognates in other		
		Germanic languages	155	
		8.2.1 Greek words, the hypothesis of the 'Danube		
		mission', and some word histories that have		
		shown frequent reappraisals	158	
	8.3	Semantic borrowing	161	
		8.3.1 Cases where existing words acquire a new		
		meaning	162	
		8.3.2 Cases where a new word is created	164	
ł	8.4	Word-geography, borrowing, and loan rendition		
		reflected by the names of the days of the week in		
		Old English and other Germanic languages	166	
(Conclusions to part III			

PART IV SCANDINAVIAN INFLUENCE

	Intro	ductior	n to part IV	171
9	Intro	ductior	n to Scandinavian Ioanwords in English	173
	9.1	Areas	of Scandinavian settlement in England	173
	9.2	What	is meant by 'early Scandinavian'	175
	9.3	An illu:	strative example of some of the main issues: they	175
	9.4	Period	lization	1 79
		9.4.1	Scandinavian borrowings attested in Old English	1 79
		9.4.2	Borrowing as reflected in Middle English and	
			in later sources	182
		9.4.3	The likely date of borrowing and its context	187
10	Iden	tifying	Scandinavian borrowings and assessing	
	their	impact	t	190
	10.1		fying Scandinavian borrowings	190
	10.2		s distinct in sound from their native cognates	191
			Absence of Old English /sk/ > /∫/	193
			Absence of Old English $/k/ > /t$	194
		10.2.3	Absence of Old English /g/ > /j/	
			and /gg/ > /dd ₃ /	195
		10.2.4	Absence of Old English development of	
			Germanic *ai > ā	196
		10.2.5	Germanic $*au > \bar{e}a$ in Old English (open \bar{e} in	
			Middle English)	197
			* <i>jj > gg</i> in early Scandinavian	197
			* <i>ui</i> > <i>y</i> in early Scandinavian	198
			Loss of final nasals in early Scandinavian	198
	10.3		wings with different derivational	
			nology from a cognate	198
	10.4		s with no native cognate where formal	
		-	ds indicate borrowing	199
		10.4.1	Absence of Old English $/sk / > / \int / , /k / > / t \int / , /g / > /j/$	199
		10.4.2	Absence of Old English development of	
			Germanic * $ai > \bar{a}$	200
		10.4.3	Presence of early Scandinavian <i>i</i> -mutation	~~~
			(or <i>r</i> -mutation) of Germanic * <i>eu</i>	200
		10.4.4	Presence of early Scandinavian development	_~~
			of $\bar{\alpha}$ as $\bar{\alpha}$	200

	10.5	Borrowings that preserve aspects of Scandinavian	
		morphology	201
	10.6	Cases where borrowing is argued for on grounds	
		other than word form	201
	10.7	Apparent substitution of Scandinavian sounds in	
	10.0	native words and vice versa	208
	10.8	Words that probably show semantic influence	
	10.0	from Scandinavian	209
		Regional distribution of Scandinavian words	211
	10.10	Impact of Scandinavian borrowing on English core vocabulary	213
	10.11	The relationships of Scandinavian-derived lexis	215
	10.111	with other English words	215
	10.12	Borrowed word-forming elements and influence on	
		other aspects of the grammatical system	217
	Conc	lusions to part IV	220
		PART V BORROWING FROM FRENCH AND LATIN	
		IN MIDDLE ENGLISH	
	Intro	duction to part V	223
11	Explo	ring the contact situation and identifying loans	227
	-	ources of data	227
	11.2 N	Aultilingualism in later medieval Britain	229
		orrowing from French, Latin, and French	
		nd/or Latin	236
		1.3.1 Background	236
		1.3.2 Borrowings solely from French	240
		1.3.3 Borrowings solely from Latin	244
		1.3.4 Borrowings from French and/or Latin	245
		1.3.5 Likely mechanisms of borrowing	250
		einforcement or re-borrowing of words borrowed	251
	11	n Old English	231
12	Ouan	tifying French and Latin contributions to	
		e English	254
		Chronological breakdown	254
		2.1.1 Latin, French, and Latin and/or French	
		borrowings in English lexicography	
		and lexicology	254

		12.1.2	Analysis of the data of the MED and OED3	255
			12.1.2.1 Semantic borrowing	264
		12.1.3	Studies based on particular texts or corpora	265
	12.2		-French and continental French	269
		12.2.1	Methodology	269
		12.2.2	Distinctively Anglo-French loanwords as	
			documented in OED3	272
		12.2.3	A test case: words identified as loanwords	
			from continental French in the parts of OED3	
			that overlap with AND2	275
		12.2.4	Evidence in English lexicography for unrecorded	
			Anglo-French words, forms, or meanings	277
		12.2.5	Some conclusions	280
13	Exar	nple p	assages from English and multilingual texts	281
			ole passages from Middle English texts with	
			nentary	281
		13.1.1	Passage 1: from the Final Continuation of the	
			Peterborough Chronicle	281
		13.1.2	Passage 2: from the Ormulum	283
		13.1.3	Passage 3: from the Ancrene Wisse	284
		13.1.4	Passage 4: from John Trevisa's translation of	
			Ranulf Higden's Polychronicon	286
		13.1.5	Passage 5: from Caxton's Prologue to The Boke	
			of Eneydos	288
	13.2	Some	examples from multilingual texts and texts	
		not in	English	290
	Con	clusior	ns to part V	296
		PART	VI LOANWORDS INTO ENGLISH AFTER 1500;	
		нои	V BORROWING HAS AFFECTED THE LEXICON	
	Intro	oductio	on to part VI	299
14	Bor	rowing	from Latin and French after 1500	305
	14.1		development of written English after 1500	305
		14.1.1	The expanding functions of English; changes	
			in relationships between writing in English,	
			Latin, and French	306
		14.1.2	2 Stylistic developments in the written language	307

		14.1.3 A re-examination of the data surveyed in	
		chapter 2 in light of these factors	310
		14.1.4 Attitudes towards loanwords in English	316
	14.2		
		and French borrowings	320
	14.3	Latinate spelling forms and the respelling or	
		remodelling of earlier borrowings	325
	14.4		
		formation	327
	14.5	Test cases: selected word families in English	332
	14.6	Continued semantic borrowing shown by earlier	
		loanwords	335
	14.7	Increasing word frequency over time	336
	14.8	Modern scientific formations from elements	
		ultimately of Latin and Greek origin	340
		14.8.1 Formations in modern vernacular languages	
		from Latin or Greek elements	341
		14.8.2 Scientific Latin	344
	14.9	Neoclassical compounding in English and other	
		modern vernaculars	346
	14.10	Summary and conclusions	347
15	Loan	words from other languages: test cases	350
	15.1	Introduction	350
	15.2	Loanwords from other European languages	354
		15.2.1 Dutch (and Afrikaans) and Low German	354
		15.2.2 High German and Yiddish	360
		15.2.3 Spanish and Portuguese	364
		15.2.4 Italian	369
	•	15.2.5 Distinguishing Romance inputs in Early	
		Modern English	372
	-	15.2.6 Greek	375
		15.2.7 Russian	378
	-	15.2.8 Recent loanwords from French revisited	379
	15.3	Loanwords from languages from outside Europe	383
	1	15.3.1 Arabic	383
	1	5.3.2 Hebrew	385
	1	5.3.3 Languages of South Asia	386
	1	15.3.4 Malay	389

15.3.5 Chinese	391
15.3.6 Maori	392
15.3.7 Japanese	395
15.4 Some common themes	398
16 Long-term effects of loanwords on the shape	
of the English Lexicon	400
16.1 Some key questions	400
16.2 The available research tools	401
16.3 Some test cases	405
16.3.1 Test case 1: loanwords among the 100-meaning	
'Leipzig-Jakarta List of Basic Vocabulary'	405
16.3.2 Test case 2: the senses	411
16.3.3 Test case 3: the physical world	415
16.4 Conclusions	419
17 General conclusions and pointers for further investigation	424
