

Contents

Foreword

Chapter 1

Elements of Price Management

1.1 The Strategic Role of Price	1
1.2 Price and the Marketing Mix	2
1.3 Variety and Complexity of Price Formation	4
1.4 Price Management and Pricing Research	8
1.5 Pricing Determinants	9
1.6 Price Management and Market Structure	11

Chapter 2

The Static Price Response Function

2.1 Systems Context	13
2.2 Concept and Theory of the Price Response Function	14
2.2.1 Theoretical Foundation	14
2.2.2 Mathematical Price Response Functions	17
2.3 Calibration of the Price Response Function	25

Chapter 3

Price Management under Monopolistic Conditions

3.1 Systems Context	43
3.2 The Static Cost Function	44
3.3 Price Floors under Static Conditions	46
3.4 Static Price Management with Rules of Thumb	47
3.4.1 Cost-Plus Pricing	47
3.4.2 Pricing Based on Contribution Margins	50
3.5 Static Price Management with Analytic Methods	54
3.5.1 General Optimality Condition	54
3.5.2 Linear Price Response Function	55
3.5.3 Multiplicative Price Response Function	58
3.5.4 Attraction Price Response Function	58
3.5.5 Gutenberg Price Response Function	59

3.6 Special Problems in Static Price Management	63
3.6.1 Use of Price to Control Capacity Utilization	63
3.6.2 Price Management and Taxes	64
3.7 Price Management and Inflation	69
3.7.1 Procurement vs. Current Prices of the Production Factors	69
3.7.2 Cost Inflation and Price Response Function	71
3.7.3 Inflation and Pricing Tactics	74
Chapter 4	
Price Management under Oligopolistic Conditions	
4.1 Systems Context	77
4.2 Rules of Thumb	78
4.3 Oligopolistic Price Management with Analytic Procedures	81
4.3.1 General Optimality Condition	81
4.3.2 Specific Functions	83
4.4 Reaction Hypotheses in Oligopoly Theory	87
4.4.1 Price Management in Oligopoly under Linear Price Response Functions	88
4.4.2 Price Management in Gutenberg Oligopoly	94
Chapter 5	
Determinants of Dynamic Price Management	
5.1 Special Problems of Dynamic Price Management	99
5.2 The Dynamic Objective Function	99
5.3 Market Dynamics	100
5.3.1 Life Cycle Dynamics	100
5.3.2 Competitive Dynamics	101
5.4 The Dynamic Price Response Function	105
5.4.1 Dynamic Dimensions of Price Response	105
5.4.2 Response Dynamics of Price Changes	106
5.4.3 Carryover Effects	110
5.4.4 Price Dependent Life Cycles for Nondurables	114
5.4.5 Price Dependent Life Cycles for Durables	120
5.5 Dynamics of Price Elasticity	121
5.6 Cost Dynamics	125
Chapter 6	
Strategic Price Management	
6.1 Systems Context	133
6.2 Strategic Price Management with Rules of Thumb	133
6.3 General Optimization Rules for Strategic Price Management	137
6.3.1 The Optimal Strategic Price for the General Case	137

- 6.3.2 The Optimal Strategic Price with Carryover Effects 138
- 6.3.3 The Optimal Strategic Price with Price Change Response 142
- 6.3.4 The Optimal Strategic Price with Dynamic Cost Function 146
- 6.3.5 The Existence of Dynamic Price Floors 149
- 6.3.6 Summary of the Strategic Optimization Rules 150
- 6.4 Strategic Price Management over the Life Cycle 151
 - 6.4.1 Strategic Price Management for New Products 151
 - 6.4.1.1 Strategic Pricing of New Nondurables 151
 - 6.4.1.2 Strategic Pricing of New Durables 153
 - 6.4.2 Strategic Price Management in the Competitive Case 158
 - 6.4.3 Strategic Price Management in Established Markets 165

Chapter 7

Price Management and Psychology

- 7.1 Price and Psychology 175
- 7.2 Price Perception and Price Evaluation 175
 - 7.2.1 The System of Price Perception and Price Evaluation 175
 - 7.2.2 Influences on Price Perception and Price Evaluation 177
 - 7.2.3 The Control of Price Perception and Price Evaluation 180
- 7.3 Price Management under the Situation of Price-Dependent Quality Evaluation 184
 - 7.3.1 Price as a Quality Indicator 184
 - 7.3.2 Strategic Implications of Price-Dependent Quality Evaluation 191

Chapter 8

Price Management and Market Segmentation

- 8.1 Problem Definition 199
- 8.2 Identification of Market Segments 199
 - 8.2.1 Segmentation Criteria 199
 - 8.2.2 Empirical Applications 202
- 8.3 Segment-Based Price Discrimination 213
 - 8.3.1 Normative Aspects of Price Discrimination 213
 - 8.3.2 Implementational Aspects of Price Discrimination 221

Chapter 9

Vertical Price Management

- 9.1 The Problem 225
- 9.2 Vertical Price Management of the Manufacturer 225
 - 9.2.1 The Manufacturer Sets the Ex Factory- and End-Price 225
 - 9.2.2 The Manufacturer Sets only the Ex Factory-Price 231
 - 9.2.3 Joint Profit Maximization of Manufacturer and Retailer 235

Chapter 10**Retail Price Management**

10.1 Special Problems in Retail Price Management	239
10.2 Pricing of Individual Items in Retail	240
10.3 Price Management and Cross-Product Effects	243
10.4 Price Promotions in Retail	247
10.5 The Price Image of Stores	251

Chapter 11**Price Management in Industrial Markets**

11.1 Special Aspects of Price Management in Industrial Markets	255
11.2 Value-Pricing	256
11.2.1 Price Performance as a Pricing Tool	256
11.2.2 Economic Evaluation of Industrial Goods	261
11.3 Pricing when Prices are Negotiated	264
11.3.1 Theory of Price Negotiation	265
11.3.2 Price Negotiation under Oligopolistic Interdependency	269
11.3.3 Price Negotiation and Pricing Authority	273
11.4 Price Management in Competitive Bidding	276

Chapter 12**Price Management and Price-Advertising Interaction**

12.1 Introduction	281
12.2 What is Marketing Mix Interaction?	281
12.3 A Theory of Price-Advertising Interaction	283
12.3.1 The Purpose of Advertising with Respect to Price Response	283
12.3.2 Consumer Behavior	283
12.3.3 Modeling the Interaction	285
12.4 Empirical Analysis	287
12.5 Strategic Implications	289

Bibliography	291
