Part I Introduction	
1 Urban Canada: the issues and the data <i>D. Michael Ray, Graham Murchie and Paul Y. Villeneuve</i> Guide to the data: variable name, time period, spatial scale and location	3 Manufacturing activity and the urban hierarchy <i>Douglas A. Scorrar and Michael H. Williams</i> Guide to the data: variable name, time period, spatial scale and location
1.1 The issues / 3	3.1 Introduction / 105
1.2 The dimensions of the information base / 3	3.2 A geographic distribution of manufacturing / 105
1.3 Organization of the data / 4	3.3 Manufacturing threshold, concentration and incidence / 108
1.4 Handbook themes / 5	3.4 Manufacturing industries and urban areas: the rank-orders / 112
	3.5 Foreign control of manufacturing / 112
	3.6 Non-local Canadian controlled manufacturing / 117
	3.7 Foreign and non-local control by urban size / 117
	3.8 Conclusion / 118 Technical note / 140
Part II Urban economy	4 Income <i>David Bennett</i> Guide to the data: variable name, time period, spatial scale and location
2 Labour force statistics and a functional classification of Canadian cities <i>Shiu-Yeu Li</i> Guide to the data: variable name, time period, spatial scale and location	4.1 Introduction / 143
2.1 Introduction / 59	4.2 Inter-provincial income variation / 143
2.2 Evolution of the concept of labour force / 62	4.3 Income level and city size / 146
2.3 Employment and city size / 65	4.4 Regional and intra-urban income distribution / 147
2.4 Functional classification of cities / 83	4.5 Low income: some definitions / 147
2.5 Conclusion / 86	4.6 The correlates of income / 147
	4.7 Occupation and income / 152
	4.8 Unemployment and income / 154
	4.9 Education and income / 160
	4.10 Sex, age, family size and income / 161
	4.11 Immigration, birthplace, ethnic origin and income / 162
	4.12 Conclusion / 163

Part III Urban population and housing

- 5 Age structure and the family life cycle**
Frederick I. Hill
Guide to the data: variable name, time period,
spatial scale and location
- 5.1 Introduction / 205
- 5.2 The national trend in age structure and sex
ratio / 206
- 5.3 The life cycle / 207
- 5.4 Provincial and urban size differences in age
structure / 209
- 5.5 The correlates of age structure / 212
- 5.6 Conclusion / 217

- 6 Ethnicity and the cultural mosaic**
Frederick I. Hill
Guide to the data: variable name, time period,
spatial scale and location
- 6.1 Introduction / 231
- 6.2 A nation of immigrants / 231
- 6.3 Immigration, urban size and urban growth / 239
- 6.4 The birthplace of immigrants / 240
- 6.5 The mother tongue of the population / 243
- 6.6 The ethnic origin of the population / 244
- 6.7 The religious denominations of the
population / 259
- 6.8 Conclusion / 262

- 7 Housing and household characteristics**
Frederick I. Hill
Guide to the data: variable name, time period,
spatial scale and location
- 7.1 Introduction / 287
- 7.2 The national trend in housing
characteristics / 287
- 7.3 Dwelling types and tenure / 288
- 7.4 Values, rents and dwelling sizes / 289
- 7.5 Household amenities / 293
- 7.6 Conclusion / 296

Part IV Urban interaction

- 8 Inter-city flows: the patterns of interaction**
Leroy O. Stone
Guide to the data: variable name, time period,
spatial scale and location
- 8.1 Introduction / 309
- 8.2 Metropolitan dominance / 310
- 8.3 Significant thresholds in interaction levels / 311
Technical note / 318

Technical note: Cartography / 319
David H. Douglas

Glossary / 321
