Preface xv

PART 1 BASIC PRINCIPLES OF THE FUNCTIONAL ORGANIZATION, PHARMACOLOGY, AND EVALUATION OF THE AUTONOMIC NERVOUS SYSTEM

1. CENTRAL AUTONOMIC NETWORK 3

Eduardo E. Benarroch

ANTERIOR LIMBIC CIRCUIT: EMOTIONAL AND BEHAVIORAL CONTROL OF AUTONOMIC FUNCTION 5

Insular Cortex • Anterior Cingulate Cortex • Amygdala

HYPOTHALAMUS: AUTONOMIC PATTERN GENERATOR FOR HOMEOSTASIS AND ADAPTATION 6

Functional Anatomy • Autonomic Output • Integrative Function

AUTONOMIC BRAINSTEM AREAS: REFLEX STATE-DEPENDENT CONTROL OF VISCERAL EFFECTORS 7

Periaqueductal Gray • Parabrachial Complex • Barrington Nucleus • Nucleus of the Solitary Tract • Ventrolateral Medulla • Medullary Raphe • Brainstem Respiratory Network

CONNECTIONS OF THE CENTRAL AUTONOMIC NETWORK 9

Inputs • Outputs

2. ANATOMY AND FUNCTION OF THE PERIPHERAL AUTONOMIC SYSTEM 15

Eduardo E. Benarroch

FUNCTIONAL ANATOMY OF THE SYMPATHETIC SYSTEM 17

Preganglionic Sympathetic Units • Preganglionic Input to the Sympathetic Ganglia • Sympathetic Ganglia • Sympathetic Neurotransmission

FUNCTIONAL ANATOMY OF THE PARASYMPATHETIC SYSTEM 21

Output to Cranial Effectors • Vagal Output • Sacral Parasympathetic Output to Pelvic Organs • Parasympathetic Neurotransmission

PRIMARY AFFERENTS 22

Functional Anatomy • Primary Afferents as Sensorimotor Nerves

FUNCTIONAL INTEGRATION OF PERIPHERAL CONTROL OF THE VISCERAL ORGANS 24

Sympathetic Vasoconstrictor Output and Maintenance of Arterial Blood Pressure • Sympathetic Output to the Skin and Thermoregulation • Control of Cardiac Function • Control of Cranial Effectors • Control of the Gastrointestinal Tract • Control of Pelvic Organs

3. AUTONOMIC NEUROTRANSMISSION 31

Eduardo E. Benarroch

CHOLINERGIC TRANSMISSION 32

Synthesis, Storage, Release, and Metabolism of Acetylcholine • Cholinergic Receptors

ADRENERGIC TRANSMISSION 34

Synthesis, Storage, and Release of Norepinephrine • Uptake and Metabolism of Norepinephrine • Adrenergic Receptors

NON-ADRENERGIC NON-CHOLINERGIC AUTONOMIC NEUROTRANSMITTERS 37

Neuropeptides • ATP and Other Purines • Nitric Oxide • Serotonin

FUNCTIONAL ASPECTS OF AUTONOMIC NEUROTRANSMISSION 38

Cotransmission • Denervation Supersensitivity

4. AUTONOMIC PHARMACOLOGY 42

Eduardo E. Benarroch

CLINICAL PHARMACOLOGY OF THE CHOLINERGIC SYSTEM 42

Drugs Affecting Synaptic Availability of Acetylcholine • Drugs Acting on Muscarinic Receptors

CLINICAL PHARMACOLOGY OF THE ADRENERGIC SYSTEM 44

Drugs Affecting Norepinephrine Synthesis, Release, and Uptake • Drugs Acting on Alpha-1 Adrenergic Receptors • Drugs Acting on Alpha-2 Adrenergic Receptors • Drugs Acting on Beta Adrenergic Receptors

AUTONOMIC SIDE EFFECTS OF DRUGS USED FOR TREATMENT OF NEUROLOGIC AND PSYCHIATRIC DISORDERS 46

5. EVALUATION OF AUTONOMIC DISORDERS 49

Wolfgang Singer, Michelle L. Mauermann, and Eduardo E. Benarroch

CLASSIFICATION OF AUTONOMIC DISORDERS 50

Main Questions for Classification and Evaluation • Clinical Manifestations of Autonomic Failure • Clinical Manifestations of Autonomic Hyperactivity • Focal or Restricted Autonomic Manifestations

CLINICAL EVALUATION 52

History • Relevant Features in the Clinical History • Physical Examination

LABORATORY TESTING 54

Basic Studies • Antibody Testing • Special Laboratory Tests • Fractionated Plasma Catecholamines

AUTONOMIC LABORATORY TESTING: GENERAL PRINCIPLES 56

Indications • Potential Pitfalls

EVALUATION OF SUDOMOTOR FUNCTION 57

Thermoregulatory Sweat Test • Quantitative Sudomotor Axon Reflex Test • Silastic Imprint Method • Quantitative Direct and Indirect Test of Sudomotor Function • Sympathetic Skin Response

CARDIOVASCULAR FUNCTION TESTS 60

Physiological Principles • HR Response to Deep Breathing • Valsalva Maneuver • Head-Up Tilt • Other Cardiovascular Function Tests

OTHER TESTS BASED ON THE CLINICAL SYNDROME 67

Imaging Studies • Electrophysiological Studies • Polysomnography • Urodynamic and Gastrointestinal Motility Studies

TISSUE BIOPSY IN THE DIAGNOSIS OF AUTONOMIC DISORDERS 67

Diagnosis of Amyloidosis • Punch Skin Biopsy

TESTS OF AUTONOMIC FUNCTION IN CLINICAL RESEARCH LABORATORIES 68

Power Spectrum Analysis • Sympathetic Microneurography • Cardiac Sympathetic Imaging

**PART 2 PATHOPHYSIOLOGY AND MANAGEMENT
OF AUTONOMIC DISORDERS**

6. NEUROGENIC ORTHOSTATIC HYPOTENSION 73

Eduardo E. Benarroch and Wolfgang Singer

Neurogenic Orthostatic Hypotension • Variants

REPRESENTATIVE CASE 74**PATHOPHYSIOLOGY 75**

Responses to Orthostatic Stress • Arterial Baroreflex • Mechanism of Neurogenic OH

CLINICAL FEATURES 76

Manifestations of Hypoperfusion • Precipitating and Aggravating Factors

ETIOLOGY 77

Degenerative Synucleinopathies • Autoimmune Ganglionopathy • Small Fiber Neuropathy • Other Causes

EVALUATION 78

Clinical History • Physical Examination • Laboratory Tests • Autonomic Laboratory Testing • Other Studies

MANAGEMENT 80

Nonpharmacologic Approaches • Pharmacologic Therapy • Prevention of Supine Hypertension

7. POSTURAL TACHYCARDIA SYNDROME 89

Wolfgang Singer and Eduardo E. Benarroch

REPRESENTATIVE CASES 90

Case 1 • Case 2

PATHOPHYSIOLOGY 91

Neuropathic POTS • Hyperadrenergic POTS • POTS and Volume Dysregulation • POTS and Physical Deconditioning

COMORBIDITIES IN POTS 93

Chronic Symptoms in Patients with POTS • Potential Mechanisms of Persistence of Symptoms

EVALUATION 94

Clinical History and Examination • Laboratory

MANAGEMENT 94

Nonpharmacologic Approaches • Pharmacologic Therapy

8. BAROREFLEX FAILURE 99

Eduardo E. Benarroch

REPRESENTATIVE CASE 100

PATHOPHYSIOLOGY AND ETIOLOGY 101

Baroreceptor Reflex • Effects of Baroreceptor Afferent Denervation • Main Causes of Baroreflex Failure

CLINICAL MANIFESTATIONS 103

Hypertensive Crisis • Fluctuating Hypertension • Orthostatic Tachycardia • Malignant Vagotonia

DIAGNOSIS 104

History and Examination • Autonomic Testing • Measurements of Baroreflex Sensitivity

MANAGEMENT 106

General Principles • Management of Hypertension Episodes • Management of Hypotension and Bradycardia

9. SYNCOPE AND OTHER CAUSES OF TRANSIENT LOSS OF CONSCIOUSNESS 110

Jeffrey W. Britton, Brian Moseley, and Eduardo E. Benarroch

SYNCOPE 111

Representative Case • Reflex (Neurally Mediated) Syncope • Syncope Due to Orthostatic Hypotension • Cardiac Syncope

SEIZURES IN THE DIFFERENTIAL DIAGNOSIS OF SYNCOPE 116

Representative Case • Differential Diagnosis between Seizures and Syncope • Ictal Bradycardia and Asystole • Coexistence of Arrhythmias and Seizures in Channelopathies

FUNCTIONAL TLOC 119

EVALUATION OF PATIENTS WITH TLOC 119

Clinical History and Examination • Electrocardiogram • Further Cardiologic Evaluations • Neurologic Evaluation

MANAGEMENT OF PATIENTS WITH REFLEX SYNCOPE 121

Patient Education • Physical Counterpressure Maneuvers • Tilt or Exercise Training • Pharmacological Therapy • Cardiac Pacing • Syncope and Driving

10. DISORDERS OF SWEATING 126

Eduardo E. Benarroch

PHYSIOLOGY 127

Central Control of Sweating • Sympathetic Control of Sweating • Sweat Gland Physiology

ASSESSMENT OF SUDOMOTOR FUNCTION 128

Thermoregulatory Sweat Test • Sudomotor Axon Reflex Tests • Punch Skin Biopsy

ANHIDROSIS 130

General Concepts • Representative Case • Multiple System Atrophy • Autonomic Ganglionopathy • Small Fiber Neuropathies • Ross Syndrome • Isolated Acquired Idiopathic Anhidrosis • Focal Central Nervous System Disorders • Drug-Induced Anhidrosis • Management

HYPERHIDROSIS 136

Representative Case • Generalized Hyperhidrosis • Primary Focal Hyperhidrosis • Compensatory Hyperhidrosis • Secondary Facial Hyperhidrosis • Focal Hyperhidrosis Associated with • Intrathoracic Mass Lesions • Hyperhidrosis Associated with Focal Central Nervous System Lesions • Drug-Induced Hyperhidrosis • Management

11. NEUROGENIC BLADDER AND SEXUAL DYSFUNCTION 144*Eduardo E. Benarroch and Michelle L. Mauermann***NEUROGENIC BLADDER 145**

Representative Case • Physiology • Pathophysiology • Evaluation • Neurologic Disorders Commonly Associated with Neurogenic • Bladder • Management

NEUROGENIC SEXUAL DYSFUNCTION 153

Physiology • Pathophysiology and Common Autonomic Causes • Evaluation • Management

12. GASTROINTESTINAL DYSMOTILITY 158*Eduardo E. Benarroch***REPRESENTATIVE CASE 159****PHYSIOLOGY 159**

Enteric Nervous System • Dorsal Motor Nucleus of the Vagus • Sacral Parasympathetic Nucleus • Prevertebral Sympathetic Ganglia and Reflexes

PATHOPHYSIOLOGY 161

Dysphagia • Upper Gastrointestinal Dysmotility • Constipation • Defecatory Impairment • Diarrhea

EVALUATION 162

Dysphagia • Gastroparesis • Constipation • Defecatory Dysfunction

DISORDERS COMMONLY ASSOCIATED WITH GASTROINTESTINAL DYSMOTILITY 163

Spinal Cord Injury • Diabetic Neuropathy • Amyloid Neuropathy • Immune Enteric Neuropathies • Familial Enteric Neuronopathies • Parkinson Disease

MANAGEMENT 165

Gastroparesis • Constipation

13. AUTONOMIC HYPERACTIVITY 170*Eduardo E. Benarroch***GENERAL FEATURES OF AUTONOMIC HYPERACTIVITY 171**

Pathophysiology • Complications • Principles of Management

PAROXYSMAL SYMPATHETIC HYPERACTIVITY IN SEVERE HEAD INJURY 175
Typical Features • Representative Case • Differential Diagnosis • Management

SUBARACHNOID HEMORRHAGE 176

FOCAL DISORDERS 177
Insular Stroke • Seizures • Paroxysmal Hypothermia with Hyperhidrosis • Brainstem Lesions

AUTONOMIC HYPERACTIVITY ASSOCIATED WITH SUBACUTE ENCEPHALOPATHY 178
Delirium Tremens • Fatal Insomnia • Autoimmune Encephalitis

AUTONOMIC HYPERACTIVITY IN SPINAL CORD DISORDERS 179
Autonomic Dysreflexia in Spinal Cord Injury

AUTONOMIC HYPERACTIVITY IN PERIPHERAL NERVE DISORDERS 180
Guillain-Barré Syndrome

IATROGENIC CAUSES OF AUTONOMIC HYPERACTIVITY 180

PART 3 COMMON NEUROLOGIC AUTONOMIC DISORDERS

14. NEURODEGENERATIVE AUTONOMIC DISORDERS 187

Eduardo E. Benarroch and Wolfgang Singer

MULTIPLE SYSTEM ATROPHY 188

Definition and Overview • Representative Case • Autonomic Manifestations of MSA • Motor Features • Sleep Related Motor and Respiratory Manifestations
Natural History • Neuropathology

LEWY BODY DISORDERS 194

Definition and Overview • Parkinson Disease • Dementia with Lewy Bodies • Pure Autonomic Failure

EVALUATION AND DIFFERENTIAL DIAGNOSIS 197

Autonomic Testing • Neuroimaging • Cardiac Uptake of Norepinephrine Analogs or Precursors • Urodynamic Studies and Anal Sphincter EMG • Polysomnography • Other Studies

MANAGEMENT 200

15. AUTONOMIC NEUROPATHIES 205

Michelle L. Mauermann, Jennifer A. Tracy, and Wolfgang Singer

AMYLOID NEUROPATHY 206

Definition and Overview • AL Amyloidosis • Familial Amyloid Polyneuropathy • Representative Case • Neuropathy Patterns • Autonomic Manifestations • Other Organ Involvement • Neuropathology • Evaluation

DIABETIC NEUROPATHY 210

Definition and Overview • Representative Case • Neuropathy Patterns or Types • Autonomic Manifestations • Neuropathology • Evaluation and Differential Diagnosis

AUTONOMIC TESTING AND MANAGEMENT 214

**16. NEUROPATHIC PAIN DISORDERS WITH
AUTONOMIC COMPONENT 217**

Michelle L. Mauermann and Wolfgang Singer

**PAINFUL SMALL FIBER NEUROPATHIES: DIFFERENTIAL
DIAGNOSIS AND EVALUATION 218**

Differential Diagnosis • Evaluation

HEREDITARY SENSORY AND AUTONOMIC NEUROPATHY 219

HSAN I • Background • Neuropathy • Autonomic Manifestations • Genetics •
Representative Case • HSAN II–V

FABRY DISEASE 222

Clinical Features • Treatment • Representative Case

CHANNELOPATHIES 224

Sodium (Na_v 1.7) • Potassium

17. AUTOIMMUNE AUTONOMIC DISORDERS 227

Andrew McKeon and Eduardo E. Benarroch

AUTOIMMUNE AUTONOMIC GANGLIONOPATHY 228

Clinical Manifestations • Ganglionic AChR Antibodies • Seronegative AAG • Evaluation

PARANEOPLASTIC AUTONOMIC DISORDERS 230

Subacute Autonomic Neuropathy • Other Paraneoplastic Disorders with
Autonomic Features

**OTHER AUTONOMIC DISORDERS WITH OR WITHOUT
IDENTIFIED ANTIBODIES 233**

Acute Autonomic and Sensory Neuropathy • Guillain-Barré Syndrome • Sjögren Syndrome

TREATMENT 234

Acute Therapy • Chronic Therapy

REPRESENTATIVE CASES 236

Case 17.1 • Case 17.2

**18. FOCAL DISORDERS OF THE CEREBRAL HEMISPHERES
AND BRAINSTEM 240**

Jeffrey W. Britton, Brian Moseley, and Eduardo E. Benarroch

DISORDERS OF THE CEREBRAL HEMISPHERES 241

Stroke • Seizures

DISORDERS OF THE DIENCEPHALON AND BRAINSTEM 244

Hypothalamic Disorders • Brainstem Disorders

**LEUKOENCEPHALOPATHIES AND OTHER
INHERITED DISORDERS 247**

Adult-Onset Autosomal Dominant Leukodystrophy • Alexander Disease •
Leukoencephalopathy with Neuroaxonal Spheroids • Fragile X–Tremor/Ataxia
Syndrome • Vitamin B12 Deficiency

19. FOCAL DISORDERS OF THE SPINAL CORD 252

Eduardo E. Benarroch

PATHOPHYSIOLOGY AND LOCALIZING FEATURES 253

Cardiovascular Function • Micturition • Gastrointestinal Motility •
Thermoregulation • Representative Case

TRAUMATIC SPINAL CORD INJURY 254

Neurogenic Shock • Orthostatic Hypotension • Neurogenic Bladder • Gastrointestinal
Dysmotility • Sexual Dysfunction • Temperature Dysregulation

MULTIPLE SCLEROSIS 257

Bladder Dysfunction • Bowel Dysfunction • Sexual Dysfunction • Thermoregulatory
Dysfunction • Cardiovascular Abnormalities

OTHER SPINAL CORD DISORDERS 259

Neuromyelitis Optica • Syringomyelia • Stiff Man Syndrome

AUTONOMIC DYSREFLEXIA 259

Hypertensive Episodes • Triggering Factors

BACLOFEN WITHDRAWAL SYNDROME 260

MANAGEMENT ISSUES 261

Orthostatic Hypotension • Neurogenic Bladder • Bowel Dysfunction • Autonomic Dysreflexia

20. CHRONIC PAIN DISORDERS WITH AUTONOMIC FEATURES 265

Eduardo E. Benarroch

**PHYSIOLOGY AND PATHOPHYSIOLOGY OF PAIN-AUTONOMIC
INTERACTIONS 266**

Peripheral Nociceptors • Peripheral Sensitization by Inflammation • Central Sensitization •
Relay of Nociceptive Information to the Central Autonomic Network • Patterned Autonomic
Responses to Pain • Cortical Reorganization in Chronic Pain States

COMPLEX REGIONAL PAIN SYNDROME 270

Definition • Clinical Manifestations • Pathophysiology • Evaluation • Treatment

SYMPATHETIC IMPAIRMENT IN PAINFUL PERIPHERAL NEUROPATHIES 273

Effects of SCNA9 Mutations • Erythromelalgia (Erythermalgia)

PRIMARY HEADACHE DISORDERS 274

Clinical Manifestations • Pathophysiology • Autonomic Manifestations of Migraine •
Differential Features of Trigemino-Autonomic Cephalalgias

CHRONIC VISCERAL PAIN 277

Unique Features of Visceral Sensation • Manifestations of Chronical Visceral Pain

Index 281
