

# Contents

<b>1</b>	<b>Introduction</b> .....	1
1.1	Summary.....	1
1.2	Methodological Approach.....	4
1.3	Concept of the Study.....	5
1.4	Porter's Concept of the Competitive Advantage of Nations.....	7
1.5	Definition of Lead Markets.....	8
<b>2</b>	<b>International Diffusion of Innovations: Overviews of Literature</b> .....	15
2.1	Introduction: From Technological Gap to Adoption Lead Theory.....	15
2.2	International Variety of Innovation Designs.....	18
2.2.1	International differences of demand preferences.....	19
2.2.2	Cultural factors of the demand for innovations.....	20
2.2.3	The theory of induced innovation.....	22
2.2.4	Intra-industry trade.....	23
2.2.5	Global convergence of markets.....	24
2.2.6	Localised learning and path dependency.....	26
2.3	Competing Technologies and Dominant Designs.....	29
2.3.1	Dominant designs.....	30
2.3.2	Economies of adoption and complementary goods.....	32
2.3.3	Technical choice under global externalities.....	35
2.3.4	Technology choice under local externalities.....	37
2.3.5	International standardisation.....	41
2.4	Diffusion of Innovations.....	43
2.4.1	Diffusion theory in an international context.....	43
2.4.2	Diffusion of innovations.....	45
2.4.3	Adoption of innovations.....	47
2.4.4	Lead users in the diffusion process.....	51
2.4.5	The spatial diffusion of innovations.....	52
2.4.6	The international diffusion of innovation.....	54
2.5	User-Innovator Proximity and Regional Innovation Design.....	57

2.5.1	The home market theory.....	57
2.5.2	User-producer interaction.....	58
2.6	Historic View: Home Markets of Multinational Firms.....	60
2.6.1	The international product life cycle as a theory of lead markets ..	61
2.6.2	The demise of the United States' dominant lead-market role .....	63
<b>3</b>	<b>Foundations of Lead Markets.....</b>	<b>65</b>
3.1	A Simple Model for Lead Markets.....	66
3.1.1	The income-lead effect.....	69
3.1.2	The price-reduction effect .....	72
3.1.3	The price-lead effect.....	74
3.1.4	The demand-lead effect.....	76
3.1.5	The dynamic patterns of the demand-lead effect.....	78
3.1.6	The similarity effect .....	81
3.1.7	Discussion .....	83
3.2	Lead Market Factors.....	84
3.2.1	Price advantage .....	86
Size of demand .....	86	
Growth of market .....	87	
Anticipatory factor costs.....	89	
3.2.2	Demand advantage .....	90
Income .....	90	
Anticipatory needs.....	91	
Anticipatory availability of complementary goods .....	92	
3.2.3	Transfer advantage .....	93
The international demonstration effect.....	93	
Uncertainty reduction.....	94	
Global and local externalities .....	96	
Structure and sophistication of demand.....	97	
Proprietary technologies.....	100	
Multinational firms and mobile users.....	101	
Cross-national policy convergence.....	102	
3.2.4	Export advantage.....	104
Sensitivity to global problems and needs .....	104	
Market orientation of domestic firms .....	105	
Similarity of local demand to foreign market conditions .....	107	

3.2.5	Market structure advantage .....	108
3.3	The System of Lead Market Factors .....	110
3.3.1	The dynamics of lead market advantage .....	110
3.3.2	Technological advantages .....	112
3.3.3	Economic, social, political, cultural, environmental systems .....	116
3.4	Related Aspects of Lead Markets .....	118
3.4.1	Lead users and lead markets .....	118
3.4.2	Lead markets and pioneer advantage .....	119
3.4.3	Persistence and international shifts of the lead market role .....	121
3.4.4	Regional dimension of lead markets .....	125
3.5	Conditions of Lead Markets Existence .....	126
<b>4</b>	<b>The Case of Cellular Mobile Telephony .....</b>	<b>129</b>
4.1	Methodology .....	130
4.2	Cellular Mobile Telephony as a Dominant Design .....	132
4.2.1	Technical concept .....	132
4.2.2	The history of mobile telephony .....	134
The era of pre-cellular mobile telephony .....	135	
The transition to cellular mobile telephony .....	137	
Digital cellular systems and the emergence of the mobile mass-market .....	138	
The international success of GSM .....	139	
The failure of the other digital cellular standards .....	142	
4.2.3	The competition from other mobile communication systems .....	143
4.3	Technological Gaps, Suppliers and Spectrum Availability .....	148
4.3.1	Technological knowledge .....	148
4.3.2	Related suppliers .....	152
4.3.3	Spectrum availability .....	154
4.4	The Lead Market Factors .....	158
4.4.1	Demand advantage .....	158
4.4.2	Price advantage .....	161
4.4.3	Export advantage .....	168
4.4.4	Transfer advantage .....	174
4.4.5	Market structure advantage .....	177
Competition in the Nordic countries .....	178	
The situation in the United States .....	180	

- Competition and collusion.....182
      - Competition in the supplier market and marketing..... 183
      - Political influence..... 184
    - 4.4.6 Summary .....187
  - 4.5 The Competitive Advantage of Equipment Firms .....188
    - 4.5.1 The market success of Nordic telecomm equipment firms.....188
    - 4.5.2 Advantages of firms in the lead market.....190
      - Lead market timing..... 192
    - 4.5.3 Disadvantages of firms in lag markets .....193
    - 4.5.4 Lead market strategy in the cellular mobile telephony industry.195
      - Outlook..... 198
- 5 Harnessing Lead Markets for Global Innovations .....199**
  - 5.1 The Search for Global Products.....199
  - 5.2 Responsiveness Versus Technology Convergence .....202
  - 5.3 R&D in the Lead Market .....204
    - 5.3.1 Learning in the Lead Market .....205
    - 5.3.2 The international allocation of R&D by multinational firms .....208
    - 5.3.3 A critical review of the empirical literature on foreign R&D.....212
    - 5.3.4 The need for an international allocation strategy of R&D.....217
    - 5.3.5 Three case studies.....219
    - 5.3.6 Discussion .....222
  - 5.4 Alternatives to R&D in Lead Markets .....223
    - 5.4.1 Participating in the lead market.....223
    - 5.4.2 Lead markets as test markets.....224
    - 5.4.3 Lead market strategy and global market entry .....226
  - 5.5 Organisation of Lead Market Innovations .....228
    - 5.5.1 The prospect of globally-linked innovations .....228
    - 5.5.2 The leverage-effect of lead markets .....229
    - 5.5.3 World product mandates of subsidiaries in lead markets .....231
    - 5.5.4 Transnational mentality .....233
  - 5.6 Predicting Lead Markets: A Preliminary Approach .....234
    - 5.6.1 When can a lead market be identified?.....234
    - 5.6.2 Approaches to identifying potential lead markets .....236
    - 5.6.3 A suggested methodology to predicting lead markets .....239

5.6.4	First experiences with the lead market analysis .....	243
<b>6</b>	<b>Discussion, Limitations and Further Research .....</b>	<b>246</b>
<b>7</b>	<b>Epilogue: Implications for National Policies .....</b>	<b>252</b>
7.1	Towards a Lead Market Technology Policy.....	253
7.1.1	Price advantage .....	254
7.1.2	Demand advantage .....	255
7.1.3	Export advantage.....	256
7.1.4	Transfer advantage .....	257
7.1.5	Market structure advantage .....	259
7.1.6	Discussion .....	261
7.2	A Lead Market Oriented Policy for Southeast Asian NICs .....	263
7.2.1	Container ports and airports .....	264
7.2.2	Health care .....	267
7.2.3	Skin and hair care products .....	268
7.3	Lag Market Policies.....	271
7.4	Conclusions .....	273
<b>Appendix</b>	.....	<b>275</b>
<b>References</b>	.....	<b>276</b>
<b>Index of Figures</b>	.....	<b>305</b>
<b>Index of Tables</b>	.....	<b>306</b>
